- In order to develop the annual committee training plan it is suggested that:
 - The relevant Executive/Corporate/Service Directors review training needs and develop an initial draft training plan;
 - The draft training plan be submitted to a meeting of the relevant committee spokesmen/women for them (in consultation with their Groups as appropriate) to identify further gaps/needs that should be addressed within the training plan;
 - The draft plan should be submitted to each meeting of the committee for their review and approval. Each committee could also be requested to reflect on its preferred medium for training (training seminars; more interactive workshops; e-learning etc and also to identify its preferred day/time slot for training events.)
- Each attendee should be asked to complete a short evaluation sheet following each event in order to review the effectiveness of the training and to guide the development of future such events.
