1. Background

- 1.1 Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes. The work of Internal Audit complements and supports the work of external auditors in forming their opinion on the financial accounts.
- 1.2 The administration of the Cambridgeshire Pension Fund is audited annually to provide appropriate assurance to senior management, Members and key stakeholders. Each year the scope of work is assessed and on occasion is extended, as it was for the 2021-22 audit, to ensure it addresses the key elements and covers appropriate areas of risk, whilst avoiding any duplication of assurance provided by others.

2. Report Content

- 2.1 The audit assessed the adequacy of design and implementation of controls for the administration of the pension fund covering the period 2022-23. Based on the completion of the work undertaken by the WNC Audit and Risk Management Service, a **substantial** opinion assurance was given in respect of the control environment/ system in place, and a **substantial** assurance opinion for compliance. The full report is included as Appendix A.
- 2.2 The Internal Audit findings were noted by the Pension Fund Committee on 4 October 2023.
