### 1. PURPOSE

1.1 To present financial and performance information to assess progress in delivering the Council's Business Plan.

## 2. OVERVIEW

2.1 The following table provides a snapshot of the Authority's forecast performance at year end by value, RAG (Red, Amber, Green) status and direction of travel (DoT).

| Area                                    | Measure                        | Measure Forecast Year For<br>(Jun) |                               | Current<br>Status | <b>DoT</b><br>(up is<br>improving) |
|---|--------------------------------|------------------------------------|-------------------------------|-------------------|------------------------------------|
| Revenue<br>Budget                       | Variance (£m)                  | £1.2m                              | £1.6m                         | Amber             | ļ                                  |
| Basket Key<br>Performance<br>Indicators | Number at<br>target (%)        | 64%<br>(9 of 14)                   | 64%<br>(9 of 14) <sup>1</sup> | Amber             | $ \longleftrightarrow $            |
| Capital<br>Programme                    | Variance (£m)                  | -£23.6m                            | -£31.9m                       | Amber             | Ļ                                  |
| Balance<br>Sheet Health                 | Net borrowing<br>activity (£m) | £393m                              | £379m                         | Green             |                                    |

<sup>1</sup> The number of performance indicators on target reflects the current position.

- 2.2 The key issues included in the summary analysis are:
  - The overall revenue budget position is showing a forecast year end overspend of £1.6m (0.4%), which is an increase in the forecast overspend of £357k since last month. The majority of this increase relates to an additional pressure within LGSS Managed. See section 3 for details.
  - Key Performance Indicators there are 14 indicators in the Council's basket of which 9 are on target. See section 5 for details.
  - The Capital Programme is showing a forecast year end underspend of -£31.9m (-16.0%), which is an increase in the forecast underspend of -£8.3m since last month. This increase relates to further slippage being reported across the CFA and LGSS Managed capital programmes. See section 6 for details.
  - Balance Sheet Health the original forecast net borrowing position for 31st March 2015, as set out in the Treasury Management Strategy Statement (TMSS), is £406m. This projection has now fallen to £379m, largely as a result of changes in the net expenditure

profile of the capital programme and expected cash flows since the Business Plan was produced in February 2014. In addition the forecast anticipates further slippage during the year. See section 7 for details.

#### 3. **REVENUE BUDGET**

3.1 A more detailed analysis of financial performance is included below:

Key to abbreviations

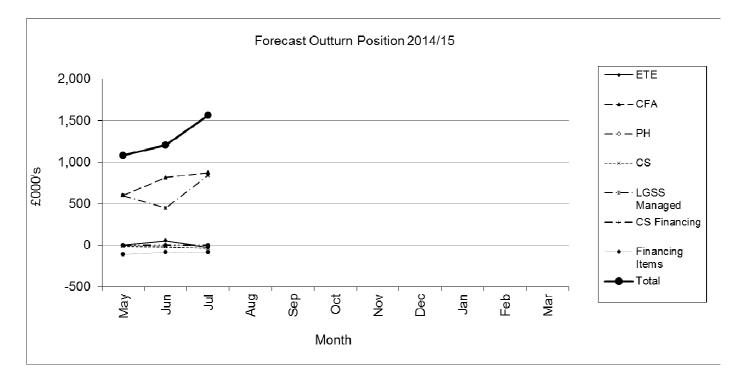

- ETE Economy, Transport and Environment
- CFA Children, Families and Adults
- CS Financing Corporate Services Financing DoT – Direction of Travel (up arrow n
  - Direction of Travel (up arrow means the position has improved since last month)

| 10,351  | LGSS Operational           | 10,527                                      | -6   | -71  | -0.7%   | Green             | 1                 |
| 380,479   | Total Net Spending 2014/15 | 380,479                                     |  |  |   |                   |                   |

<sup>1</sup> The budget figures in this table are net, with the 'Original Budget as per BP' representing the Net Budget column in Table 1 of the Business Plan for each respective Service.

<sup>2</sup> ETE includes the Waste PFI Contract, where specific arrangements for under/overspends exist. Excluding this the underlying forecast outturn position for ETE is -£155k underspend.

<sup>3</sup> For budget virements between Services throughout the year, please see <u>Appendix 1</u>.

- 3.2 Key exceptions this month are identified below (updates to exceptions that have already been reported are captured within <u>appendix 2</u>).
- 3.2.1 **Economy, Transport and Environment:** -£0.024m (-0.0%) underspend is forecast at year end.
  - There are no new exceptions to report this month.
- 3.2.2 Children, Families and Adults: £0.873m (0.3%) overspend is forecast at year end.

%

£m

• **Practice & Safeguarding** – recent Supreme Court rulings are likely to have significant implications for Local Authority practice in depriving individual liberty under the Mental Capacity Act. As a result of this new case law, a significant increase in the number of best interest and mental health assessments will be required. The earliest indications suggest that the number of requests for best interest assessment has increased six-fold on the previous year.

Based on an initial forecast of the number of assessments required and associated costs from administrative support and proceedings it is estimated the financial impact on Children, Families and Adults (CFA) for 2014/15 will be £400k, although this estimate will be closely monitored as it could be higher. It will be challenging for all local authorities to resource appropriately to deliver additional assessments at the same time and it remains uncertain whether the legal position will also be clarified further. There is potential for these costs to recur as the assessment process is undertaken periodically for each individual. Local Authorities are lobbying Central Government to release funding for this pressure under the New Burden agreement. In the meantime General Purposes Committee is asked to approve a transfer of £400k from CFA reserves to fund this pressure (the reported figures assume the agreement of this transfer).

• Ordinary Residence – the Cambridgeshire funding element of the Learning Disability Pool (LDP) is showing an over spend of £398k, which is attributable to 8 people living within Cambridgeshire who were previously funded by other Local Authorities. These people meet the definition of being Ordinary Resident in Cambridgeshire and in accordance with Department of Health guidance is therefore the responsibility of the Council. In 2013/14 CFA received £1.3m demographic funding to address this potential pressure, but because clients were not transferred to the responsibility of Cambridgeshire County Council (CCC) in 2013/14 this funding was not required and was identified as a CFA saving in the 2014/15 Business Plan; the risks associated with taking this budget as a saving were made clear. As responsibility for these 8 clients has transferred to CCC the Business Plan saving now cannot be fully achieved.

General Purposes Committee is asked to approve a transfer of £398k from CFA reserves to fund this pressure (the reported figures assume the agreement of this transfer).

- Previously reported exceptions that are still applicable can be found in appendix 2.
- 3.2.3 **Public Health:** a balanced budget is forecast at year end.
  - There are no new exceptions to report this month.
- 3.2.4 **Corporate Services:** -£0.038m (-0.6%) underspend is forecast at year end.
  - There are no new exceptions to report this month.
- 3.2.5 LGSS Managed: £0.837m (8.8%) overspend is forecast at year end.
  - There are no new exceptions to report this month.
  - Previously reported exceptions that are still applicable can be found in appendix 2.
- 3.2.6 **CS Financing:** a balanced budget is forecast at year end.
  - There are no new exceptions to report this month.

- 3.2.7 Financing Items: -£0.086m (-1.6%) underspend is forecast at year end.
  - There are no new exceptions to report this month.

3.2.8 LGSS Operational: -£0.071m (-0.7%) underspend is forecast at year end.

• There are no new exceptions to report this month.

**Note:** exceptions relate to Forecast Outturns and are considered to be in excess of either +/- 0.5% of the Service's overall net budget plus grants or +/- 0.1% of the Council's net budget plus grants (£380k), whichever is the greater.

#### 4. KEY ACTIVITY DATA

4.1 The Actual Costs (weekly and annual) for all clients shown below are calculated based on all clients who have received a service, are receiving a service, or we think will receive a service. Some clients will have ceased receiving a service in previous months, or during this month, or we will have assumed an end date in the future. The Actual Average Weekly Cost of Care and the Annual Cost of Care relates to all clients, not just those in placement at the end of last month.

|  |   | BUDGET  |                  |   | ACTUAL (July)                                    |                    | VARIANCE                     |

#### 5. PERFORMANCE TARGETS

5.1 The current performance indicators reported below were developed as part of the 2014/15 Business Planning (BP) process. The indicators were chosen according to criteria defined in previous scrutiny reports that suggested Cabinet monitor a small number of critical indicators that also reflected the breadth of the County Council's work being a selection from across the various services.

| Corporate priority                                      | Indicator  | Service | What is good? | Date   | Unit                                      | Actual | Target                             | Status<br>(Green,<br>Amber<br>or Red) | Direction of<br>travel (up is<br>good, down<br>is bad) |
|---|--|---------|---------------|--|---|--------|------------------------------------|---------------------------------------|--|
|   | Percentage of Cambridgeshire<br>residents aged 16 - 64 in<br>employment  | ETE     | High          | 12<br>months<br>ending<br>31 <sup>st</sup> Mar<br>2014 | %   | 78.6   | 72.5                               | Green                                 | 1  |
| Developing our  | The proportion of children in year 12 taking up a place in learning  | CFA     | High          | 30/06/14   | %   | 93.4   | 95.8                               | Amber                                 | Ļ  |
| economy   | The number of people starting as apprentices   | ETE     | High          | 2012/13<br>academic<br>year                            | Number                                    | 4,394  | 4,000                              | Green                                 | $ \longleftrightarrow $                                |

#### Notes:

The proportion of customer complaints received in the month before last that were responded to within minimum response time

| Service | What is good? | Date     | Unit | Actual | Target | Status<br>(Green, Amber<br>or Red) | Direction of travel<br>(up is good, down<br>is bad) |
|---------|---------------|----------|------|--------|--------|------------------------------------|---|
| CFA     | High          | 30/06/14 | %    | 95     | 90     | Green                              | 1   |
| ETE     | High          | 30/06/14 | %    | 83     | 90     | Red                                | Ļ   |
| CST     | High          | 30/06/14 | %    | 67     | 90     | Red                                | Ļ   |
| LGSS    | High          | 30/06/14 | %    | 0      | 90     | Red                                | Ļ   |

A breakdown of performance by Service is provided as follows:

- CFA received 56 complaints in the reporting period, of which 53 met the target response time.
- ETE received 48 complaints in the reporting period, of which 40 met the response time. Of the 8 cases that failed to meet the target response time, 7 have since been closed and 1 is under investigation by an assigned team.
- CST received 3 complaints in the reporting period, of which 2 met the target response time. The 1 case that failed to meet the target response time has since been closed.
- LGSS received 1 complaint in the reporting period, which failed to meet the target response time. This case has since been closed.

#### 5.2 Key exceptions are identified below.

#### • The proportion of children in year 12 taking up a place in learning

We have improved our performance from this time last year when in learning was 93%. However, we still have work to do to improve participation for this cohort. The year 12 early leaver survey has been delivered to the majority of year 12s who have dropped out from learning (currently over 200 young people) and the results have been fed back to schools and colleges to help with planning and support for transition. Current year 11s who have been identified as at risk of non-participation have received, and continue to receive, support to assist with the transition process utilising additional capacity offered via the youth contract.

#### The proportion of pupils attending Cambridgeshire schools judged good or outstanding by Ofsted

The rise in the proportion of pupils attending Cambridgeshire schools judged good or outstanding by Ofsted has been adversely affected by a number of the county's largest secondary academies slipping from 'good' to 'requires improvement'.

# • The number of people successfully quitting smoking with support from stop smoking services

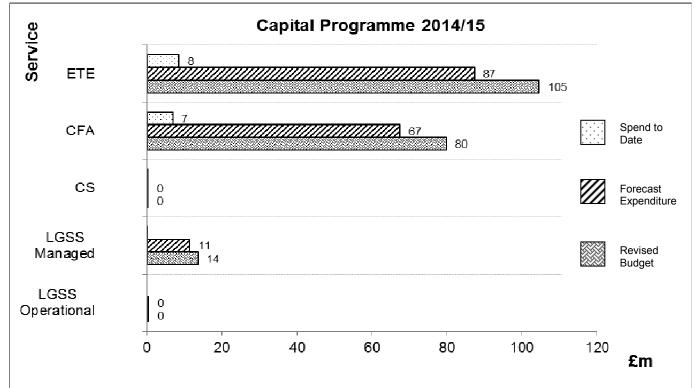

- 76% of the stop smoking target for 2013/14 was achieved, a drop from 95% in 2012/13. This is reflected in the national trend that is attributed to the use of e cigarettes. This level of performance is continuing in 2014/15 in Cambridgeshire with 54% of the monthly target being achieved.
- Performance in GP practices was especially poor and there is an ongoing problem with recruiting smokers to make quit attempts. In addition there have been many changes in GP practices that have affected performance of all the public health GP services.
- There is an ongoing programme to improve performance with Camquit, the core service providing increasingly higher levels of support to the other providers along with promotional activities. Practices are regularly visited with poor performers being targeted.
- There is considerable concern with the level of smoking in Fenland, where the latest prevalence figure being 29.5% compared to a county figure of 17.9% and a national figure of 19.5%. A wide ranging intervention plan has been developed that will focus upon Fenland. This includes a mobile workplace service, a migrant worker Health Trainer post that will target these communities where smoking rates are high, a wide ranging promotional campaign and recruitment of an additional Stop Smoking Advisor to focus upon Fenland.

Please note that this is the end of year data, which is collected at the end of June. This is due to the nature of the intervention where smokers make a quit attempt that lasts for 4-5 weeks, which allowing for data returns, means that there is a delay of two months in reporting performance.

#### 6. CAPITAL PROGRAMME

|   |                        | TOTAL SCHEME                                |  |  |   |   |  |

| -   | Corporate Services     | 185   | 0  | 0  | 0.0%  | 340   | 0  |
| 12,206  | LGSS Managed           | 13,627                                      | -700   | -2,210   | -16.2%  | 90,401  | -6,811   |
| -   | LGSS Operational       | 412   | 0  | 0  | 0.0%  | 630   | 0  |
| 179,614   | Total Spending 2014/15 | 198,532                                     | -23,580  | -31,848  | -16.0%  | 1,090,473   | -33,265  |

6.1 A summary of capital financial performance by service is shown below:

Note: The 'Revised Budget' incorporates any changes in the funding available to what was originally budgeted.

- 6.2 A more detailed analysis of current year key exceptions this month by programme for individual schemes of £0.5m or greater are identified below:
- 6.2.1 **Economy, Transport and Environment:** -£17.3m (-16.5%) underspend is forecast at year end.

- There are no new exceptions to report this month.
- Previously reported exceptions that are still applicable can be found in appendix 3
- 6.2.2 Children, Families and Adults: -£12.4m (-15.5%) underspend is forecast at year end. £m % Secondary Schools - New Communities - the forecast ٠ underspend has increased by -£2.25m this month. Construction works have not begun on the site of the Southern Fringe Secondary yet, accounting for -£3.5m of the forecast -3.6 (-28%) underspend; the project is still due to complete in October 2015, instead of September 2015. The delay is due to contamination testing of imported fill, resulting in environmental precommencement planning conditions that have yet to be discharged. The overall costs of the project remain on budget. Secondary Schools - Demographic Pressures – the forecast underspend has increased by -£3.1m this month. City of Ely College will not be carrying out the works envisaged in the Business Plan this year and so this accounts for -£1.5m of the forecast underspend. The scope of the scheme has changed following a decision by the Education Funding Agency (EFA) to turn down the school's application for funding for an element of the work. At this stage there is no proposal to change the level of investment in the school. However, the programme will be -4.9 (-53%) reviewed as part of the 2015/16 Business Planning process. Littleport Secondary project is projecting a -£3.3m forecast underspend in 2014/15, primarily due to a delay in acquiring the land the school will be built on. The start on site date has consequently slipped from Summer 2015 to Autumn 2015. Projected expenditure on North Cambridgeshire Secondary in 2014/15 is anticipated to be slow, increasing the overall forecast underspend for the year by -£70k. Adult Social Care (ASC) – the forecast underspend has increased -£1.5m this month. The forecast underspend relates to unallocated grant funding, -2.7 (-63%) which will be required in 2015/16. Plans are being discussed and developed to ensure the sustainability of future ASC capital investments, which will be incorporated in the 2015/16 Business Planning process. Previously reported exceptions that are still applicable can be found in appendix 3

#### 6.2.3 **Corporate Services:** a balanced budget is forecast at year end.

• There are no new exceptions to report this month.

#### 6.2.4 LGSS Managed: -£2.2m (-16.2%) underspend is forecast at year end.

- Effective Property Asset Management (EPAM) Sawston Community Hub – the forecast underspend is due to extended lead time prior to the start of construction that was not anticipated -0.6 (-90%) when the budget was profiled in the 2014/15 Business Planning process. This does not reflect a reduction in total scheme costs.
- EPAM East Barnwell Community Hub the forecast underspend is due to extended lead time prior to the start of construction that was not anticipated when the budget was -1.0 (-83%) profiled in the 2014/15 Business Planning process. This does not reflect a reduction in total scheme costs.
- **Capital Virement** the Carbon Reduction scheme includes an allocation of £327k towards the redevelopment of Larkfield Resource Centre; there is a further allocation of £54k towards the redevelopment from within the Fire Compartment Surveys & Implementation scheme.

General Purposes Committee is requested to approve the total capital virement of £381k from LGSS Managed to the Larkfield Development scheme within Children, Families and Adults.

- Previously reported exceptions that are still applicable can be found in appendix 3
- 6.2.5 **LGSS Operational:** a balanced budget is forecast at year end.
  - There are no new exceptions to report this month.
- 6.3 A more detailed analysis of total scheme key exceptions this month by programme for individual schemes of £0.5m or greater are identified below:

**Economy, Transport and Environment (ETE):** -£26.3m (-5.6%) total scheme underspend is forecast.

- There are no new exceptions to report this month.
- Previously reported exceptions that are still applicable can be found in appendix 4

**<u>Children, Families and Adults (CFA)</u>:** -£0.2m (-0.0%) total scheme underspend is forecast.

• There are no new exceptions to report this month.

**Corporate Services (CS):** a total scheme balanced budget is forecast.

• There are no new exceptions to report this month.

**LGSS Managed:** -£6.8m (-8%) total scheme underspend is forecast.

- There are no new exceptions to report this month.
- Previously reported exceptions that are still applicable can be found in appendix 4

**LGSS Operational:** a total scheme balanced budget is forecast.

- There are no new exceptions to report this month.
- 6.4 A breakdown of the changes to funding has been identified in the table below:

| Funding<br>Source                          | B'ness<br>Plan<br>Budget | Rolled<br>Forward<br>Funding <sup>1</sup><br>£m | Revised<br>Phasing<br>£m | Additional/<br>Reduction<br>in Funding<br>£m | Revised<br>Budget<br>£m | Outturn<br>Funding<br>£m | Funding<br>Variance<br>£m |
|--|--------------------------|---|--------------------------|--|-------------------------|--------------------------|---------------------------|
|  | £m                       |   |                          |  |                         |                          |                           |
| Department for<br>Transport<br>(DfT) Grant | 26.2                     | 1.6   | 0.0                      | 2.5  | 30.3                    | 30.3                     | 0.0                       |
| Basic Need<br>Grant                        | 15.2                     | 0.0   | 0.0                      | 1.3  | 16.6                    | 16.6                     | 0.0                       |

| Prudential<br>Borrowing                    | 81.9                     | 14.7  | -6.2                     | -1.1   | 89.3                    | 67.5                     | -21.8                     |
| Total                                      | 179.6                    | 20.3  | -6.2                     | 4.8  | 198.5                   | 166.7                    | -31.8                     |

<sup>1</sup> Reflects the difference between the anticipated 2013/14 year end position, as incorporated within the 2014/15 Business Plan, and the actual 2013/14 year end position.

6.5 Key funding changes this month (of greater than £0.5m) are identified below:

| Funding  | Service | Amount<br>(£m) | Reason for Change  |
|--|---------|----------------|--|
| Additional /<br>Reduction in<br>Funding (Basic<br>Need Grant)            | CFA     | 1.3            | Swavesey Village College scheme has been<br>accelerated and the school has provided details<br>of work. This project is funded significantly by<br>Targeted Basic Need funding. The funding has<br>been advanced to offset the acceleration and<br>therefore has no impact on prudential borrowing.<br>General Purposes Committee (GPC) is asked<br>to approve that the Basic Need Funding is<br>brought forward to offset the accelerated<br>expenditure.   |
| Additional /<br>Reduction in<br>Funding<br>(Department for<br>Transport) | ETE     | 1.9            | Department for Transport (DfT) has recently<br>announced that the Council will receive<br>£1,933,337 pothole funding, which was not<br>budgeted for within the Business Plan. This is<br>capital funding, which must complement (rather<br>than displace) the council's planned highway<br>maintenance expenditure for 2014/15.<br>To ensure that this funding is spent in line<br>with expectation, General Purposes<br>Committee (GPC) is asked to approve that it is<br>allocated to ETE in full. |

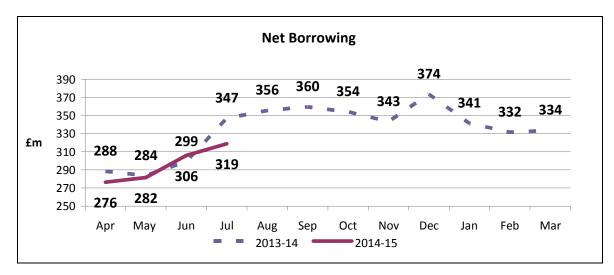

6.6 Previously reported key funding changes that are still applicable can be found in <u>appendix</u> 5.

## 7. BALANCE SHEET

7.1 A more detailed analysis of balance sheet health issues is included below:

| Measure                                | Target end of July | Actual end of July |
|--|--------------------|--------------------|
| Level of debt outstanding (owed to the | £0.4m              | £0.7m              |
| council) – 4-6 months, £m              |                    |                    |
| Level of debt outstanding (owed to the | £1.0m              | £1.3m              |
| council) – >6 months, £m               |                    |                    |
| Invoices paid by due date (or sooner)  | 97.5%              | 99.7%              |

7.2 The graph below shows net borrowing (investments less borrowings) on a month by month basis and compares the position with the previous financial year. The levels of investments at the end of July were £62.2m and gross borrowing was £381.1m, giving a net borrowing position of £318.9m.

- 7.3 The Treasury Management Strategy Statement (TMSS) sets out the plan for treasury management activities over the year. It identifies where the authority expects to be in terms of borrowing and investment levels. When the 2014/15 TMSS was set in February 2014, it was anticipated that net borrowing would be £406m at the end this financial year. Net borrowing at the beginning of this year was lower than expected and the forecast for the end of this financial year is now £379m.
- 7.4 Although there is a link between the capital programme, net borrowing and the revenue budget, the Debt Charges budget is impacted by the timing of long term borrowing decisions. These decisions are made in the context of other factors including interest rate forecasts, forecast levels of cash reserves and the borrowing requirement for the Council over the life of the Business Plan and beyond.
- 7.5 The Council's cash flow profile varies considerably during the year as payrolls and payments to suppliers are made, and grants and income are received. Cash flow at the beginning of the year is typically stronger than at the end of the year as many grants are received in advance.

#### 7.6 Key exceptions are identified below:

| Key exceptions            | Impacts and actions   |
|---------------------------|---|
| Less borrowing activity   | There is currently no outturn variance forecast for the Debt          |
| than planned, as a result | Charges budget. £1m was stripped out of this budget during the        |
| of lower than expected    | setting of the Business Plan in expectation of slippage in the        |
| capital expenditure –     | capital programme, and this is expected to be met. The capital        |
| original net borrowing    | programme continues to be monitored closely alongside forecasts       |
| target was £405.6m.       | for cash balances and interest rates and a pragmatic approach to      |
| The actual net borrowing  | borrowing is adopted.   |
| position at 30th June is  |   |
| £318.9m and the           | It is anticipated that a mix of short term loans and long term loans  |
| forecast year end         | will be raised in the second half of this year. Short term loans will |
| position is £379m.        | be raised to take advantage of the low interest rate environment      |
|                           | and long term loans will be raised to provide some certainty in       |
|                           | interest costs over the medium and long term, locking in at rates     |
|                           | which are currently viewed to be favourable.                          |

7.7 A schedule of the Council's reserves and provisions can be found in <u>appendix 6</u>.

#### 8. EXTERNAL AND CONTEXTUAL ISSUES

8.1 The Business Planning process for 2015/16 is well underway, with revenue and capital proposals currently being developed. The proposed timetable sets out the review of each Services' draft finance capital tables at their respective Committee meeting in September, with a review of the draft revenue tables taking place at the respective Committee meeting in October.

The Medium Term Financial Strategy is due to go to General Purposes Committee in September, and will include indicative cash limits for each Service.

8.2 The 'Budget Planning Consultation 2014' was launched on 11th August 2014, which asks residents to give their views on where the Council should be saving money. The survey looks at specific issues surrounding our savings whilst also seeking public opinion around Council Tax levels. The consultation closes on the 29th September 2014 and the results will feed into the Council's 2015/16 Business Planning process.

Further information about the consultation can be found at the following link: <u>http://www.cambridgeshire.gov.uk/budgetconsultation</u>

The consultation itself can be found at the following link: https://www.snapsurveys.com/wh/s.asp?k=140717178597

# APPENDIX 2 – previously reported revenue exceptions that are still applicable

| Service | Description  | Current<br>Forecast<br>Variance<br>- Outturn<br>£m | Current<br>Forecast<br>Variance<br>- Outturn<br>% |
|---------|--|--|---|
| ETE     | N/A  | -  | -   |
|         | <b>Children's Social Care Directorate</b> – the forecast overspend is due to the continuing need to use agency staff, which is placing pressure on staffing budgets and making vacancy and agency savings targets difficult to deliver; and the number and cost of legal proceedings exceeding budget.   | 1.397  | (4%)  |
| CFA     | <ul> <li>Home to School Transport (Mainstream) – the forecast outturn figure:</li> <li>Reflects the new prices for routes which were the subject of a recent e-auction process. The retender process only delivered £34k in savings. The assumed level of savings had been in the order of £350k based on experience of re-tendering contracts in 2012/13 and 2013/14.</li> <li>Takes accounts of an inflationary uplift of 2.9% on all contracts.</li> <li>Takes account of a decision to defer proceeding with a proposal to withdraw free transport on the route between Horningsea and Fen Ditton Primary School as a result of the delayed implementation of road safety improvements and with a proposal to withdraw free transport on the route between Babraham and Sawston Village College as a result of a concern raised by the Road Safety Officer, which requires further independent assessment.</li> <li>Takes account of known commitments and the underspend on the 2013/14 budget of -£355k.</li> <li>Reflects the fact that the underspend achieved in 2013/14 was £345k less than the forecast outturn saving, which informed the setting of the 2014/15 budget during the Business Planning process.</li> </ul> | 0.808  | (9%)  |
|         | <b>Looked After Children Placements</b> – pressure on costs has been seen for some time now, but actions have been taken to try to keep spend within budget. External placements numbers exceed those budgeted for and this is likely to continue to be the case for the remainder of the year.  | 0.500  | (3%)  |

|                     | Older People and Adult Mental Health Directorate – changes in expected financial position during<br>the final quarter of 2013/14 mean that the Older People & Mental Health directorate began 2014/15<br>with a one-off over allocation of budget.<br>The significant issue to note, however, is the risk around the achievement of the Older People's<br>demand management savings. The monthly savings target was met for July although it was not met<br>for previous months. The current forecast for the Older People's Service assumes that the monthly<br>demand management savings target will be achieved for all the remaining months for this financial<br>year. | -1.525 | (-2%) |
|---------------------|---|--------|-------|
| Public Health       | N/A   | -      | -     |
| CS                  | N/A   | -      | -     |
| LGSS<br>Managed     | <b>County Offices</b> – a savings target of £736k was allocated in the 2013/14 Business Plan linked to a reduction in the Council's property portfolio. Delivery of this saving is being led by the Effective Property Asset Management (EPAM) Project and although some savings have been achieved in previous years, the reported pressure reflects the balance of savings still to be identified. The position is being monitored and the forecast outturn will be updated once savings have been secured.   | 0.687  | (12%) |
| CS Financing        | N/A   | -      | -     |
| Financing Items     | N/A   | -      | -     |
| LGSS<br>Operational | N/A   | _      | -     |

## **APPENDIX 3 –** previously reported current year capital exceptions that are still applicable

| Service | Description   | Current<br>Forecast<br>Variance<br>- Outturn<br>£m | Current<br>Forecast<br>Variance<br>- Outturn<br>% |
|---------|---|--|---|
|         | <b>Science Park Station</b> – this scheme is now expected to be undertaken by Network Rail and we are therefore unlikely to incur any further costs. However, until Network Rail have formally confirm that they will fund the station, this remains in our capital budget to ensure delivery of the station should the Network Rail funding not materialise. If the Council was to eventually fund the scheme, it would be on the same revenue neutral basis originally planned.                     | -11.6  | (-100%)   |
| ETE     | <b>Highways Maintenance</b> – as part of developing the highway maintenance programme, a review is currently taking place on the phasing of the remaining funds, allocated for this work through prudential borrowing, to ensure that the funds are used to maximise the long term condition of the road network. This will be considered by the Highways and Community Infrastructure Committee as part of the review of the Transport Delivery Plan, linked to a revised Asset Management Approach. | -3.9   | (-19%)  |
|         | <b>Connecting Cambridgeshire</b> – this budget is expected to underspend as the take up of connectivity vouchers by businesses in Cambridge and South Cambridgeshire has been lower than predicted, which reflects the national picture for similar schemes. It is likely, that unless the claim rate increases significantly over the next three to six months that a significant proportion of the Super Connected Cities grant will be unspent and will therefore need to be returned.             | -1.8   | (-8%)   |
| CFA     | <b>Primary Schools - New Communities</b> – this is entirely due to Northstowe as the start on site has been put back to January 2015, from November 2014. The school is not now required to open until late 2015 when the first houses on the development will be ready for occupation. The overall costs of the project remain on budget.  | -1.6   | (-30%)  |
|         | <b>Condition, Maintenance and Suitability</b> – tenders have come in higher than anticipated, which is a reflection of the impact of the upturn in the housing market on building costs.  | 0.8  | (15%)   |
| CS      | N/A   | -  | -   |

| LGSS<br>Managed     | <b>Effective Property Asset Management (EPAM) - Making Assets Count (MAC) Market Towns</b><br><b>Project</b> – the MAC Public Property Partnership & Market Towns projects has been reassessed and it<br>has been concluded that the Property Partnership will not be developed over the next few years, as<br>MAC wishes to focus on more practical projects. The deliverability of the various Market Town projects<br>have been re-evaluated in light of this decision and it has been decided to focus on taking the March<br>Market Town project forward. This is currently expected to result in an in-year underspend of -£700k,<br>and a total scheme underspend of -£5.2m. As a result, the scheme budget is expected to be adjusted<br>as part of the 2015/16 Business Planning process. | -0.7 | (-70%) |
