30	Failure to deliver Waste savings / opportunities and achieve a balanced budget	- · J - /	1.Savings not delivered and potential increased costs leading to significant budget pressures.	ED ETE	1. Strong contract management and close working with legal and procurement to reduce unforeseen costs where possible e.g. management of amount of waste going to landfill. Regular communication, exchange of information and decision-making at the Waste PFI Delivery Board. The Board provides focused management of issues, ensuring contract delivers as required. 2. The Waste PFI is in service delivery phase - the protection that is provided by the contract terms and conditions is in place. 3. Officers working closely with DEFRA, WIDP, Local Partnerships, WOSP and other local authorities 4. The contract documentation apportions some risks to the contractor, some to the authority and others are shared. 5. Clear control of the risk of services not being delivered to cost and quality by levying contractual deductions and controls if the contract fails or issues arise. 6. During the procurement process, the authority appointed a lead to negotiate risk apportionment. The results of the negotiation relating to financial risk are captured in the Payment Mechanism (schedule 26) and Project Agreement that form part of the legally binding contract documentation. 7.
