<sup>&</sup>lt;sup>1</sup> The budget figures in this table are net, with the 'Original Budget as per BP' representing the Net Budget column in Table 1 of the Business Plan for each respective Service.

The service level budgetary control report for Corporate Services, LGSS Managed and Financing Costs for November 2015 can be found in CS appendix 1.

The service level budgetary control report for LGSS Cambridge Office for November 2015 can be found in <u>LGSS appendix 1</u>

Further analysis of the results can be found in CS appendix 2 and LGSS appendix 2

### 2.2.1 Significant Issues – Corporate Services

- Corporate Services is currently predicting a year-end underspend of £343k, which is an £62k increase from the figure reported last month.
- There are no new exceptions to report this month.

# 2.2.2 Significant Issues - LGSS Managed

- LGSS Managed is currently predicting a year-end overspend of £177k, which is a
  decrease of £111k from the figure reported last month.
- There are no new exceptions to report this month.

### 2.2.3 Significant Issues – Financing Costs

The forecast underspend on debt charges has increased by £710k to £2,670k. The
movement is largely as a result of a decision to continue with a strategy of internal
borrowing as the health of the balance sheet has been stronger than anticipated.
As a result investments have been drawn down as a surrogate for expensive long
term borrowing.

• There are no new exceptions to report this month.

### 2.2.4 Significant Issues – LGSS Cambridge Office

- LGSS Cambridge Office is currently predicting a breakeven position at year-end.
- There is currently a forecast overspend of £235k against the Trading budget. There
  is a deficit of £841k on the consolidated trading position, which relates to the
  forecast shortfall on additional trading activity in 2015/16 to meet the revised income
  target. This shortfall is being partially offset by in-year underspends across LGSS
  Directorates, and the balance required to ensure an overall breakeven position will
  be met from the LGSS Smoothing Reserve.
- There are no new exceptions to report this month.

# 2.3 Additional Income and Grant Budgeted this Period (De minimis reporting limit = £30,000)

There were no items above the de minimis reporting limit recorded in November.

A full list of additional grant income for Corporate Services and LGSS Managed can be found in CS appendix 3.

A full list of additional grant income for LGSS Cambridge Office can be found in LGSS appendix 3.

# 2.4 Virements and Transfers to / from Reserves (including Operational Savings Reserve)

(De minimis reporting limit = £30,000)

The following virements have been made this month to reflect changes in responsibilities:

# LGSS Cambridge Office:

	£000	Notes
Transfer from reserves to LGSS Cambridge Office	202	Transfer of funding from reserves re LGSS Managed contribution to LGSS Law Ltd
Non material virements (+/- £30k)	0	

A full list of virements made in the year to date for Corporate Services, LGSS Managed and Financing Costs can be found in CS appendix 4.

A full list of virements made in the year to date for LGSS Cambridge Office can be found in LGSS appendix 4.

### 3. BALANCE SHEET

#### 3.1 Reserves

A schedule of the Corporate Services and LGSS Managed reserves can be found in CS appendix 5.

A schedule of the LGSS Cambridge Office Reserves can be found in <u>LGSS</u> appendix 5.

#### 3.2 Capital Expenditure and Funding

#### Expenditure

 Corporate Services has a capital budget of £386k in 2015/16 and there is spend to date of £77k. It is currently expected that the programme will be fully spent at yearend and the total scheme variances will amount to £0k across the programme.

There are no exceptions to report for November.

• LGSS Managed has a capital budget of £15.3m in 2015/16 and there is spend to date of £2.1m. It is currently expected that the programme will underspend by £4.9m at year-end and the total scheme variances will amount to an underspend of £6.7m across the programme.

Due to rephasing of the scheme, the EPAM – Renewable Energy Soham project is forecast to overspend by £1.2m in 2015/16. This rephasing has been reflected in Business Planning and does not affect the total scheme cost.

 LGSS Cambridge Office has a capital budget of £209k in 2015/16 and there is spend to date of £0k. It is currently expected that the programme will be fully spent at year-end and the total scheme variances will amount to £0k across the programme.

There are no new exceptions to report for this month.

#### **Funding**

- There are no key funding changes to report for November.
- Corporate Services has capital funding of £386k in 2015/16 with the current expectation being that this continues to be required in line with the original budget proposals.
- LGSS Managed has capital funding of £15.3m in 2015/16. As reported above, the LGSS Managed budget is expected to underspend by £4.9m, which will result in a reduced requirement of funding of this amount.

As the result of the reported underspend on the LGSS Managed capital programme, the overall prudential borrowing requirement has reduced by £3.9m.

 LGSS Cambridge Office has capital funding of £209k in 2015/16 with the current expectation being that this continues to be required in line with the original budget proposals.

A detailed explanation of the position for Corporate Services and LGSS Managed can be found in <u>CS appendix 6</u>.

A detailed explanation of the position for LGSS Cambridge Office can be found in LGSS appendix 6.

# 4. PERFORMANCE

### **CS APPENDIX 2 – Commentary on Forecast Outturn Position**

Number of budgets measured at service level that have an adverse/positive variance greater than 2% of annual budget or £100,000 whichever is greater.

Service	Current Budget £'000		Variance - turn %
Building Maintenance	1,108	121	11%

Building Maintenance is forecasting an overspend of £121k due to a shortfall in the amount accrued in the 2014-15 accounts compared to invoices paid in respect of these accrued costs. Officers are investigating the reasons for the increase in costs, compared to those estimated.

County Farms	-3,174	-154	-5%	
_				

County Farms is forecasting a surplus of £154k, of which £140k is due to an increase in rent income following completion of 60 rent reviews during 2014/15. Levels of income generation resulting from the ongoing programme of solar PV installations across the estate are being assessed to consider whether any further underspend can be declared.

County Offices	5,534	+902	+16%
----------------	-------	------	------

County Offices is forecasting an overspend of £902k, an increase of £46k from the figure reported last month. As previously reported, the 50% rental period under the agreement to lease Castle Court was due to commence on 31st October 2015. However, due to delays in obtaining planning permission, the lease agreement is not now expected to be completed before January. The additional income predicted in 2015/16 has therefore been reduced pro rata from £281k to £169k, based on the assumption that rent will be received from January 2015. It is expected that there will also be a subsequent reduction of around £20k in the rate rebate achieved.

The pressure resulting from Children's Centre business rates received to date and an assessment of the potential liability for bills not yet received is now forecast to be in the region of £603k. Of this amount, £458k is the estimated liability for prior years billing and £145k relates to the estimated annual cost for 2015/16 onwards. The position will continue to be monitored and forecast outturn updated accordingly as further business rates bills are received.

Full-year savings have now been realised in respect of the closure of Dryden House (£203k) and the cessation of Castle Court running costs (£347k). The prior-year savings target for a reduction of the property portfolio has therefore been fully achieved and progress is being made towards the new 2015/16 target (£400k), with a balance of £379k to be identified. In addition, there are a number of small budgetary pressures across the portfolio, amounting to £100k. These have been partially offset by a £42k reduction in the anticipated cost of Dryden House dilapidations.

Service	Current Budget £'000	Forecast Variance - Outturn		
	2.000	£'000	%	
IT Managed	2,222	-421	-19%	

An underspend of £421k is being reported on the IT Managed budgets. To contribute towards recovery of the overall LGSS Managed overspend the balance on the IT Asset replacement fund (£475k) will be written back to revenue. This is facilitated by the move towards provision of mobile devices, which are funded from the IT for Smarter Business Working capital scheme. This is partially offset by £54k net pressures across the centrally held budgets.

The Transformation Fund covers the costs of Section 188 redundancies. As previously reported, an underspend of £225k is being reported. The significant additional spending (£200k) was recorded during October but this reduced to £47k spend in November, therefore it will be necessary to monitor carefully the levels of spending in coming months and review the outturn position accordingly.

# Authority-wide Miscellaneous -53 +10 +19%

The Authority-wide miscellaneous budget is forecasting an overspend of £10k, a reduction of £180k compared to the previous month. This is mainly due to a write-back of £150k of year-end accruals from Older People's Services. In addition there is a reduction of £30k in the forecast deficit on additional employer pension contributions, currently estimated at £160k. The position is monitored via the balance sheet each month, but any surplus or deficit at year-end is written back to revenue. The applied percentage for additional pension contributions is an estimate based on budgeted employer contributions and as such there is always likely to be a variance between actual levels of recovery and the lump sum required; there was an over-recovery of £168k in 2014/15.

The forecast under-recovery for 2015/16 will be taken into account when the 2016/17 percentage is calculated as part of the Business Plan inflation forecasting process.

Financing Costs	35,460	-2,670	-8%
-----------------	--------	--------	-----

The forecast underspend on debt charges has increased by £710k to £2,670k. The movement is largely as a result of a decision to continue with a strategy of internal borrowing as the health of the balance sheet has been stronger than anticipated. As a result investments have been drawn down as a surrogate for expensive long term borrowing.

# **CS APPENDIX 3 – Grant Income Analysis**

The table below outlines the additional grant income, which was not built into base budgets.

Grant	Awarding Body	Expected Amount £000
Grants as per Business Plan	Public Health	236*
Non-material grants (+/- £30k)	Various	10**
Total Grants 2015/16		246

<sup>\*</sup> The Public Health grant allocation for Corporate Services has been reduced by £29k, compared to the Business Plan figure of £265k.

<sup>\*\*</sup> This relates to grant funding received during 2014/15, where conditions have now been met and so funding has been applied.

TOTAL	2,640	-700	1,940	2,129	

#### Notes

- 1 The year-end position reflects the forecast Corporate Services underspend of £343k and £602k use of operational savings. Details on operational savings allocations can be found in CS Appendix 4.
- The underspend on the Elections budget will be transferred to the earmarked reserve. This is to ensure that sufficient funding is available for the four-yearly County Council election.
- 3 The unapplied balances on the Fenland Social Media Cohesion grant and Heritage Lottery funding for the Cambridgeshire Local Nature Partnership and the short-term provision in respect of Earith Bridge Travellers Site have transferred to ETE following the Customer Service and Transformation restructure.
- The current year-end position reflects £45k planned use for a post in Corporate Services and £5k agreed contribution to consultancy costs.

# 2. LGSS Managed Reserves

### **Previously Reported Exceptions**

As reported in 2014/15, a reduction in the estimated cost of final retention payments for the Awdry House site has increased the predicted total scheme underspend to £1.1m.

The EPAM – County Farms Viability is forecasting an in-year underspend of £0.5m. The level of funding required for this scheme has been reassessed for Business Planning and it has been determined that it can be reduced by £0.5m per year to better reflect actual activity with tenant farmers more cautious due to the unsettled global market. This will result in a total scheme underspend of £2.4m and the scheme budget will be adjusted as part of the 2016/17 Business Planning process.

The EPAM – Sawston Community Hub scheme is forecasting an in-year underspend of £1.1m. Ongoing discussions with the District Council and Sawston Village College regarding siting of the compound are significantly delaying the start of construction, which is now expected to commence in early 2016. A total scheme overspend of £0.1m is forecast as a result of an increase in construction costs due to the delays in construction.

Members have undertaken a review of the EPAM – East Barnwell Community Hub scheme and have decided that it should not progress in its current form. Work is underway to assess alternative options and a decision is due in March 2016 regarding how the scheme should progress. As a consequence, an in-year underspend of £1.8m is being reported. A feasibility study has been commissioned to reflect the mixed use scope now required and will be part of a revised scheme cost when costs have been refined.

The EPAM – MAC Market Towns Project has been reassessed for Business Planning, resulting in rephasing of activity from 2015/16 to 2016/17, producing an in-year underspend of £0.6m and a reduced total scheme cost (-£0.3m).

The review of the EPAM – East Barnwell Community Hub and reassessment of EPAM – MAC Market Towns Project schemes identified above have impacted on the associated ring-fenced capital receipt generation, resulting in reduced funding of £0.7m. This has not adversely impacted on in-year prudential borrowing requirements.

The EPAM – Disposal / Relocation of Huntingdon Highways Depot scheme is no longer required and so a total scheme underspend of £1.6m is being reported. This has been superseded by a new Joint Highways Depot scheme under Making Assets Count, which is being submitted via the 2016/17 Business Planning process.

The Optimising IT for Smarter Business Working scheme is forecasting an in-year underspend of £0.9m. Expenditure has been rephased to reflect the priorities set by the County Council for the provision of the IT infrastructure and devices to support mobile working, and a revised timescale for implementation.

The IT Infrastructure Investment scheme is showing an in-year underspend of £0.7m. Expenditure has been rephased to better reflect timescales for the delivery of upgrades / refresh of the core IT software and hardware systems that underpin the use of IT across the Council.

The works planned under the Carbon Reduction scheme were reviewed in 2014/15 and a new schedule was agreed. As reported in 2014/15, the agreed work plan is expected to deliver a total scheme underspend of £0.65m.

### LGSS APPENDIX 2 - Commentary on Forecast Outturn Position

Number of budgets measured at service level that have an adverse/positive variance greater than 2% of annual budget or £100,000 whichever is greater.

Service	Current Budget £'000	Forecast Variance - Outturn		
	£ 000	£'000	%	
Trading	-8,809	+235	+3%	

There is currently a forecast overspend of £235k against the Trading budget. There is a deficit of £841k on the consolidated trading position, which relates to the forecast shortfall on additional trading activity in 2015/16 to meet the revised income target. This shortfall is being partially offset by in-year underspends across LGSS Directorates, and the balance required to ensure an overall breakeven position will be met from the LGSS Smoothing Reserve.

As previously reported HR Policy & Strategy is reporting an underspend of £100k. The implementation of the Workforce Planning and Strategy team was planned for November 2015 and the forecast in-year underspend is due to delays in recruitment.

Transactional Services	1,285	-100	-8%	
------------------------	-------	------	-----	--

Transactional Services is reporting an underspend of £100k as previously reported. The Service-wide restructure was implemented in August 2015 and has resulted in a number of vacancies which are actively being recruited to. The impact of the vacancies is expected to provide an in- year underspend of £100k.

# **LGSS APPENDIX 3 – Grant Income Analysis**

The table below outlines the additional grant income, which is not built into base budgets.

	Awarding Body	Expected Amount £'000
Grants as per Business Plan	Various	419*
Non-material grants (+/- £30k)		0
Total Grants 2014/15		419

<sup>\*</sup> The Counter Fraud Initiative Fund grant received in 2015/16 is £9k more than the Business Plan figure of £190k.
