Meeting 13 January 2022

Minute No.	Report Title	Action to be taken by	Action	Comments	Status	Review Date
75.	COVID-19 Update	Jyoti Atri	The Chair requested that as part of the COVID-19 update at the next meeting that an overview of some of the lessons learnt internally and the preparedness for future severe variants be included in the report.	On agenda 16/6/22	Closed	
76.	Cambridgeshire & Peterborough Safeguarding Adult Partnership Board Annual Report 2020-21	Kate Parker	Noted the work being done to tackle the high frequency of early deaths in those with learning disabilities. This included: systematic reviews, a learning disability summit held by the Clinical Commissioning Group, and discussion with NHS colleagues. The officer recommended this for the scrutiny agenda in future.	On Scrutiny forward agenda plan	Closed	

89.	Children and Young Peoples Mental Health Provision	Kathryn Goose CCG	Asked for details on movement with the Local Transformation Plan and whether target numbers for individuals accessing care had been met.	The access target for the National achievement of 70,000 more children and young people accessing mental health support initial target was fully met in Cambridgeshire and Peterborough, as the target was 35% or 5,804 children and young people. This measure was based on children receiving two or more contacts from an NHS funded service. The access target is an ongoing target and plans are in place to achieve this year's target, however the metric has moved to those receiving one or more contacts and so the numbers expected to be seen has increased and is measured on a 12 month rolling figure of by end of 22/23 12,051 children will have been seen.	Closed	
89.	Children and Young Peoples Mental Health Provision	Kathryn Goose CCG	Asked why 111 option 2 was not a service in Wisbech. The officer responded that this problem had been caused by telephone towers, but that she would investigate this further and report back.	Services advised that the original challenge was due to the location of the telephone mast but this should be resolved and people in Wisbech should be able to access FRS	Closed	

89.	Children and Young Peoples Mental Health Provision	Kathryn Goose CCG	<p>Requested details for the waiting time and numbers for children accessing neurodevelopment pathways and whether this was the only place that children with comorbidity could be seen. Children with arfid were seen across the organisation by one or many services such as speech and language therapy, paediatricians, the Autism Team. The officer responded that existing data had been delayed by the pandemic, but that more accurate data would be provided to the Committee following the meeting.</p>	<p>Average waiting time across the board for assessment is 26 weeks on average. CPFT are currently in the processes of a data cleanse so these may differ slightly.</p> <p>Numbers of children waiting from CPFT management data reports is as follows.</p> <p>Central team ADHD- 106 ASD- 42 LD 4</p> <p>North team ADHD 15 ASD 104 LD 1</p> <p>South team ADHD 114 ASD 97 LD- no numerical data available.</p>	Closed

89.	Children and Young Peoples Mental Health Provision	Kate Parker	Referenced the frequent late diagnosis for girls on the autism spectrum and asked whether there was a specific diagnosis strategy. The officer responded that Cambridgeshire and Peterborough had agreed an all age autism strategy which included a stream for pathways and diagnosis for older girls. The officer suggested this could be scrutinised by the Committee.	To be considered on future Scrutiny forward plan	Closed

89.	Children and Young Peoples Mental Health Provision	Kathryn Goose CCG	Agreed to be supplied with further details on the YMCA local offer delivery date for school-based support.	<p>Public Health commissioned the YMCA to develop a 3-phase (beginner, intermediate, advanced) Designated Senior Mental Health Training which is submitted and quality assured by the Department for Education - schools apply through DfE to access these programmes. We have just received confirmation that the Beginner programme has been approved and the remaining two are currently undergoing review with the outcome expected in June.</p> <p>It is anticipated that we will properly launch the offer as part of a wider piece of comms to schools around Whole School Approach to Mental Health Support in September.</p> <p>The Designated MH Lead Training will start to be rolled out from the Autumn term 2022</p>	Closed
