CONTENTS

| Section | Item | Description | Page |
|------------|---|--|----------|
| 1 | Revenue Executive Summary | High level summary of information: | 2-6 |
| 2 | Capital Executive Summary | Summary of the position of the Capital programme within P&C | 7 |
| 3 | Savings Tracker Summary | Summary of the latest position on delivery of savings | 7 |
| 4 | Technical Note | Explanation of technical items that are included in some reports | 7 |
| 5 | Key Activity Data | Performance information linking to financial position of main demand-led services | 8-12 |
| Аррх 1 | Service Level Financial Information | Detailed financial tables for P&C's main budget headings | 13-15 |
| Аррх 2 | Service Commentaries | Detailed notes on financial position of services that are predicting not to achieve their budget | 16-22 |
| Аррх 3 | Capital Appendix | This will contain more detailed information about P&C's Capital programme, including funding sources and variances from planned spend. | 23-25 |
| The follow | ving appendices are not | included each month as the information does not change as re | gularly: |
| Аррх 4 | Savings Tracker | Each quarter, the Council's savings tracker is produced to give an update of the position of savings agreed in the business plan. | |
| Аррх 5 | Technical Appendix | Twice yearly, this will contain technical financial information for P&C showing: • Grant income received • Budget virements into or out of P&C • Service reserves | |

1. Revenue Executive Summary

1.1 Overall Position

People and Communities is forecasting an overspend of £3,466k at the end of October, an increase of £888k since September.

1.2 Summary of Revenue position by Directorate

| Forecast Variance Outturn (Previous) | Directorate Budget 2019/20 £000 £000 | | | Outturn Variance | Outturn Variance % |
|---|--|---------|---------|---------------------|--------------------------|
| 702 | Adults & Safeguarding | 148,054 | 104,162 | 1,301 | 0.9% |
| 649 | Commissioning | 41,984 | 9,757 | 757 | 1.8% |
| 178 | Communities & Safety | 12,978 | 7,121 | 158 | 1.2% |
| 750 | Children & Safeguarding | 59,829 | 33,959 | 750 | 1.3% |
| 7,300 | Education | 94,210 | 54,466 | 9,000 | 9.6% |
| 0 | Executive Director | 973 | 434 | 0 | 0.0% |
| 9,578 | Total Expenditure | 358,029 | 209,899 | 11,966 | 3.3% |
| -7,000 | Grant Funding | -95,094 | -58,763 | -8,500 | 8.9% |
| 2,578 | Total | 262,935 | 151,136 | 3,466 | 1.3% |

1.3 Summary by Committee

P&C's services are overseen by different committees – these tables provide committee-level summaries of services' revenue financial positions.

1.3.1 Adults Committee

| Forecast Variance Outturn (Previous) | Directorate | Budget 2019/20 | Actual Oct 2019 | Forecast Outturn Variance |
|---|---|-------------------|-----------------------|---------------------------------|
| 5,441 | Adults & Safeguarding | 148,054 | 104,162 | 6,040 |
| -1 | Adults Commissioning (including Local Assistance Scheme) | 16,114 | -3,686 | 107 |
| 5,439 | Total Expenditure | 164,168 | 100,476 | 6,147 |
| 0 | Grant Funding (including Better Care Fund, Winter Pressures Grant etc.) | -15,138 | -7,394 | 0 |
| -4,739 | Expected deployment of grant and other funding to meet pressures | | | -4,739 |
| 700 | Total | 149,030 | 93,082 | 1,408 |

1.3.2 Children and Young People Committee

| 0 | Grant Funding (including Dedicated Schools Grant etc.) | -2,508 | -1,866 | 0 |
| 178 | Total | 6,908 | 3,691 | 158 |

1.4 Significant Issues

Within People and Communities, the major savings agenda continues with £75m of savings required across the Council between 2019 and 2024. P&C budgets are facing increasing pressures from rising demand and changes in legislation, with the directorate's budget increasing by around 3% in 2019/20.

At the end of October 2019, the overall P&C position is an overspend of £3,466k, around 1.3% of budget. This is an increase of around £888k from September.

The projected overspend are concentrated in adult social care, children in care and education – these key areas are summarized below. Appendix 1 provides the detailed financial information by service, and appendix 2 provides a narrative from those services projecting a significant variance against budget.

1.4.1 Adults

Similar to councils nationally, cost pressures are faced by adult social care. At the end of October, Adults services are forecast to overspend by £1,408k, around 0.9% of budget. This is £707k more than in September. Within that, budgets relating to care provision are forecasting a £6.4m overspend, mitigated by around £4.7m of additional funding.

There remains a risk of volatility in care cost projections due to the large volume of care being purchased each month, the continuing focus on reduced delayed discharges from the NHS, ongoing negotiations with providers around the rates paid for care, and the continuing implementation of Mosaic (the new social care recording and payments system).

Older People's Services are forecast to overspend by £5.4m, which is £1m higher than in the previous report. The cause of the overspend is predominantly the higher than expected costs of residential and nursing care compared to when budgets were set, in part due to the ongoing focus on discharging people from hospital as quickly as is appropriate. A detailed explanation of the pressures due to prior-year activity was provided to Adults Committee and GPC in the first reports of the financial year, and much of the further in-year pressure is due to the trends in price increases continuing.

Costs have continued to increase by more than expected in October, above the trend for the year to date, and in addition there is an expectation that demand management savings will be slower to deliver with some benefit falling into 2020/21. Further information can be found in appendix 2, note 4.

The Learning Disability Partnership is forecast to overspend by £588k, with the NHS paying a further £175k as part of the pooled budget. This is a relatively static cohort of service users whose needs have been increasing year on year in line with experiences nationally. Based on changes over the first half of the year, we expect these increases to exceed the level built into budgets. In particular, the cost of young people transitioning into adults is high, linked to rising cost of services for children with high needs. Savings delivery within the LDP is on track to overachieve, which provides some mitigation.

Strategic Management – Adults contains grant and financing mitigations that are partially offsetting care pressures. Government has continued to recognise pressures on the social care system through the Adult Social Care Precept and a number of ringfenced grants. As well as using these grants to make investments into social care to bolster the social care market, reduce demand on health and social care services and mitigate delayed transfers of care, we are able to hold a portion as a contingency against in-year care pressures. As pressures emerged, this funding is deployed effectively as an underspend against this line.

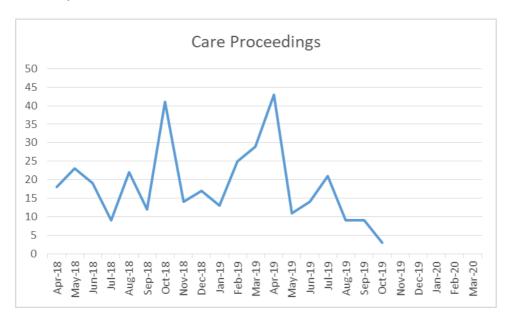

1.4.2 Children's

Children in Care is anticipating a pressure of c£350k across Unaccompanied Asylum Seeking Children budgets (£200k) and Supervised Contact (£150k). These pressures are offset in part by a forecast underspend across Fostering and the Corporate Parenting Teams. The service is working to mitigate these pressures by reviewing all applicable arrangements in order to attempt to bring these into line with the amount of government funding available.

Children in Care Placements is forecasting a year end overspend of £650k, despite a decrease in the number of children in care, an additional budget allocation of £350k as approved by GPC and the application of £400k of additional social care grant. Recent activity in relation to gang-related crime has resulted in additional high cost secure placements being required.

Significant work is underway to reduce high cost placements, however the placement market is saturated, with IFA providers having no vacancies which results in children going into higher cost residential placements. We are, however, seeing a net increase in, in-house fostering placements which is contributing towards planned savings.

Legal Proceedings is forecasting a £400k overspend. This is directly linked to the number of care proceedings per month which increased by 72% for the period Feb to Apr 19 compared to the preceding 10 months. Whilst there are currently (end Oct) 170 live care proceedings, a reduction of 13 from the position at the end of July, legacy cases and associated costs are still working through the system and causing significant pressure on the legal budget. The spike in proceedings is related to the introduction of the new model of specialist teams, and greater scrutiny and management oversight. This has resulted in the identification of children for whom more urgent action was required. This is an illustration of the way in which the new model will improve services and outcomes in general. Following legal orders we are able to move to securing permanency for children. The expectation is that reductions in live proceedings will continue, further mitigating the overall pressure.

1.4.3 Education

Home to School Transport – Special is forecasting a revised overspend of £500k. We are continuing to see significant increases in pupils with Education Health Care Plans (EHCPs) and those attending special schools, leading to a corresponding increase in transport costs. Between April 2018 and March 2019 there was an 11% increase in both pupils with EHCPs and pupils attending special schools, which is a higher level of growth than in previous years.

Dedicated Schools Grant (DSG) – Initial in-year pressures have been forecast for a number of DSG funded High Needs Block budgets including funding for special schools and units, top-up funding for mainstream schools and Post-16 provision, and out of school tuition. As previously reported In 2018/19 we saw a total DSG overspend across SEND services of £8.7m which, combined with underspends on other DSG budgets, led to a deficit of £7.2m carried forward into 2019/20. Given the ongoing increase in numbers of pupils with EHCPs it is likely that a similar overspend will occur in 2019/20, however this will become clearer as we move towards the start of the new academic year and planned actions to deliver savings are implemented. Current estimates forecast an in-year pressure of approximately £8.5m. This is a ring-fenced grant and, as such, overspends do not currently affect the Council's bottom line but are carried forward as a deficit balance into the next year.

1.4.4 Communities and Safety

Registration & Citizenship Services are forecasting a surplus of £155k. An increase in the statutory charge for birth, marriage and death certificates has resulted in an over-recovery of income in the service. This increase is expected to continue into future years and as such has been recognised as part of the 2020/21 Business Plan.

Coroners is now forecasting an increased pressure of £313k. This is due to the increasing complexity of cases being referred to the coroner that require inquest and take time to conclude, requiring more specialist reports and advice and the recruitment of additional staff to complete investigations and prevent backlogs of cases building up. The cost of essential contracts for body storage, pathology, histology and toxicology has also increased.

2. <u>Capital Executive Summary</u>

2019/20 In Year Pressures/Slippage

At the end of October 2019 the capital programme forecast underspend continues to be zero. The level of slippage and underspend in 2019/20 is currently anticipated to be £5.9m and, as such, has not yet exceeded the revised Capital Variation Budget of £13.4m. A forecast outturn will not be reported unless this happens.

Additional funding of £335k is requested in 2019/20 for the Abington Woods SEND scheme. This project is to purchase existing school buildings on the Abington Woods site, and repurpose them for use as a school for children with SEND needs. The buildings at Abington Woods will be used to support Cambridgeshire's high demand for additional special school places for children with complex needs. The acquisition will release places at the Granta Special School for additional younger children and safeguard the attendance locally of young people who might otherwise need provision with independent providers. This would also result in revenue savings on DSG funded High Needs Block budgets and transport budgets from being able to increase capacity at Granta and avoid the expenditure that comes from placing children and young people at provisions outside of the county. The scheme will be funded by borrowing; the annual cost of borrowing for this scheme will start in 2020/21 at £22k, and decreases each year thereafter.

Details of the currently forecasted capital variances can be found in appendix 3.

3. Savings Tracker Summary

The savings tracker is produced quarterly, and will be included in the FMR once per quarter. The tracker at the end of quarter 2 was included in the September FMR, and had a summary position of:

| Committee | Number of Savings | Total Original Savings £000 | Total Forecast Savings £000 | Total Variance £000 |
|--------------|-------------------|--------------------------------|--------------------------------|------------------------|
| Adults | 9 | -6,782 | -6,810 | -28 |
| C&P | 2 | -60 | -60 | 0 |
| C&YP | 14 | -3,419 | -3,404 | 15 |
| Adults & CYP | 1 | -583 | -321 | 262 |
| TOTAL | 26 | -10,844 | -10,595 | 249 |

Further information and commentary for each saving can be found in appendix 4.

4. <u>Technical note</u>

On a biannual basis, a technical financial appendix will be included as appendix 5. This appendix will cover:

- Grants that have been received by the service, and where these have been more or less than expected
- Budget movements (virements) into or out of P&C from other services (but not within P&C), to show why the budget might be different from that agreed by Full Council
- Service reserves funds held for specific purposes that may be drawn down in-year or carried-forward – including use of funds and forecast draw-down.

5. Key Activity Data

The Actual Weekly Costs for all clients shown in section 2.5.1-2 are calculated based on all clients who have received a service, are receiving a service, or we plan will receive a service. Some clients will have ceased receiving a service in previous months, or during this month, or we will have assumed an end date in the future.

5.1 Children and Young People

5.1.1 Key activity data to October 2019 for **Children in Care Placements** is shown below:

| | | BUDG | GET | | | ACTUA | L (Oct) | | | VARIANCE | | |

5.2 Adults

In the following key activity data for Adults & Safeguarding, the information given in each column is as follows:

- Budgeted number of care packages: this is the number of full-time equivalent (52 weeks) service users anticipated at budget setting
- Budgeted average unit cost: this is the planned unit cost per service user per week, given the budget available
- Actual care packages and cost: these figures are derived from a snapshot of the commitment record at the end of the month and reflect current numbers of service users and average cost

A consistent format is used to aid understanding, and where care types are not currently used in a particular service those lines are greyed out.

The direction of travel compares the current month's figure with the previous months.

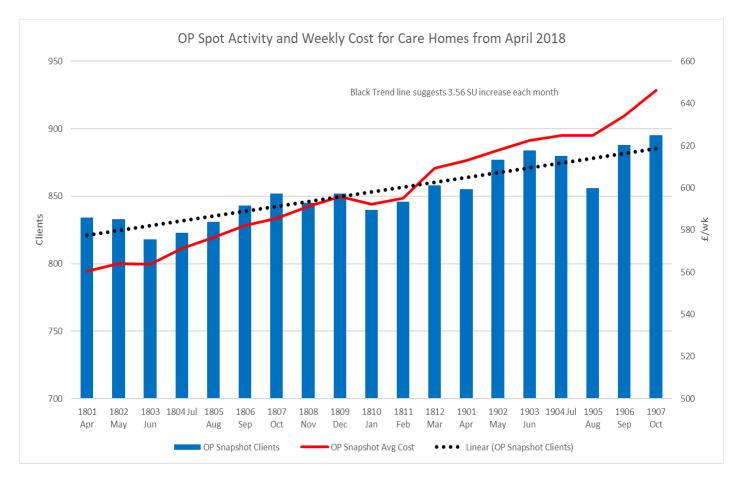

5.2.1 Key activity data to end of October 2019 for the **Learning Disability Partnership** is shown below:

| Learning Disability Partnership | | BUDGET | | ACTUA | L (October 19) | Fore | cast |

APPENDIX 2 - Service Commentaries on Forecast Outturn Position

Narrative is given below where there is an adverse/positive variance greater than 2% of annual budget or £100,000 whichever is greater for a service area.

| Service | Budget 2019/20 | - Artiai | | turn ance |
|----------------------------------|-------------------|----------|--------|--------------|
| | £'000 | £'000 | £'000 | % |
| 1) Strategic Management – Adults | -1,571 | 9,214 | -4,797 | -305% |

Around £3.4m of grant funding has been applied to partially mitigate opening pressures in Older People's Services detailed in note 3 below, in line with one of the purposes of the grant funding, in addition to a number of other underspends in the services within this budget heading. A further £1.35m of in-year funding was agreed by GPC in July 2019 and applied to this line to provide further mitigation to cost pressures. In September a further £100k of underspend has been reported due to underspends on staffing across the directorate.

| 2) Carers 416 90 -216 -52% |
|----------------------------|
|----------------------------|

The number of direct payments made to Carers is lower than in previous years, mainly as a result of the focussed work in the Adults Positive Challenge Programme to provide more individualised support to Carers. This includes increased access to the right information and advice at the right time and an improved awareness of the need to work with the Carer and the cared-for person together, which may result in increased support to the cared-for person if required in order to better support the needs of the Carer.

| 3) Learning Disability Partnership | 58,810 | 35,739 | 588 | 1% |
|------------------------------------|--------|--------|-----|----|
|------------------------------------|--------|--------|-----|----|

An overspend of £763k is forecast against the Learning Disability Partnership (LDP). According to the risk sharing arrangements of the LDP pooled budget, the proportion of the overspend that is attributable to the council is £588k.

Total new savings of £950k are budgeted in 2019/20 in addition to the LDP share of the adult's positive challenge saving of £562k. These comprise the business plan target of £700k and a funnel saving of £250k relating to additional reassessments to be carried out by locality teams. Currently delivery of these savings is on track.

However, demand pressures have been higher than anticipated and have exceeded the demand funding allocated to the budget thus far. This is despite much positive work that has been carried out to maintain a stable number of service users. Particular pressures have been seen on the budgets for residential care and supported living, despite service user numbers in these provisions being stable or decreasing. This reflects the increasing cost of packages, particularly for service users with complex and increasing needs, which we have a statutory duty to meet.

New packages and package increases are scrutinised by panel and where possible opportunities to support people in alternative ways are being pursued. Referrals to Technology Enabled Care for LDP service users have increased in 2019/20.

| 4) Physical Disabilities | 11,906 | 8,114 | 140 | 1% |
|--------------------------|--------|-------|-----|----|
|--------------------------|--------|-------|-----|----|

An overspend of £140k is forecast for Physical Disabilities services. The £108k movement from the position reported last month is due to an increase in community based care. Despite this, the net current year activity continues to partially offset the carried forward pressure from 2018/19 relating to increases in client numbers and the number of people with more complex needs requiring more expensive types of care.

The total savings expectation in this service for 2019/20 is £269k, and this is expected to be delivered in full through the Adults Positive Challenge Programme of work, designed to reduce demand, for example through a reablement expansion and increasing technology enabled care to maintain service user independence.

| Service | Budget 2019/20 | | | turn ance |
|----------------------------|-------------------|--------|-------|--------------|
| | £'000 | £'000 | £'000 | % |
| 5) Older People's Services | 46,505 | 31,472 | 5,220 | 11% |

An overspend of £5,220k is forecast for Older People's Services, which is an increase of £901k from the position reported last month. The overall forecast reflects the full-year effect of the overspend in 2018/19 and additional pressures expected to emerge over the course of 2019/20. The full-year-effect of the pressures that emerged in 2018/19 is £2.8m.

It was reported during 2018/19 that the cost of providing care was generally increasing, with the unit costs of most types of care increasing month-on-month and the number of people requiring residential care was also going up. The focus on discharging people from hospitals as quickly as possible to alleviate pressure on the broader health and social care system can result in more expensive care for people, at least in the shorter-term, and can result in the Council funding care placements that were appropriate for higher levels of need at point of discharge through the accelerated discharge process.

Residential placements are typically £50 per week more than 12 months ago (8%), and nursing placements are typically around £100 per week more expensive (15%). Within this, there was a particularly stark increase particularly in nursing care in the last half of 2018/19 – around 75% of the increase seen in a nursing bed cost came between November and March, and so the full impact was not known when business planning was being undertaken by committees. The number of people in residential and nursing care increased over 2018/19 but around 30% more than anticipated, again concentrated in the second half of the year.

This trend is continuing into 2019/20. We are including an estimate in the forecast of the additional pressure that will be seen by year end as a result of the upwards trend in price and service user numbers, particularly in residential and nursing care (£2.2m).

The total savings expectation in this service for 2019/20 is £3.1m. It is expected that £2.1m will be delivered in-year through the Adults Positive Challenge Programme of work, designed to reduce demand, for example through a reablement expansion and increasing technology enabled care to maintain independence, and a further £400k will be delivered through increased capacity in the Occupational Therapy service. The shortfall against the saving is contributing to the overall overspend position.

In addition to the work embodied in the Adults Positive Challenge Programme to intervene at an earlier stage so the need for care is reduced or avoided, work is ongoing within the Council to bolster the domiciliary care market, and the broader care market in general:

- Providers at risk of failure are provided with some intensive support to maximise the continuity of care that they provide;
- The Reablement service has been greatly expanded and has a role as a provider of last resort for care in people's homes

| 6) Mental Health Services | 13,205 | 7,767 | 316 | 2% |
|---------------------------|--------|-------|-----|----|
|---------------------------|--------|-------|-----|----|

Mental Health Services are forecasting an overspend of £316k on operational budgets, which is a decrease of £93k from the position reported last month. Rising placement numbers for elderly mental health bed-based care at increasing unit costs is creating a pressure on budgets over and above the level of demand funding allocated. This trend is continuing on a month-to-month basis, however reductions in spot purchased community-based care following commencement of the Recovery and Community Inclusion block contract have offset the position this month.

Mitigation of £113k has been identified in Mental Health Commissioning.

| Service | Budget 2019/20 | Actual | Out Varia | turn ance |
|-----------------------------------|-------------------|--------|--------------|--------------|
| | £'000 | £'000 | £'000 | % |
| 7) Central Commissioning - Adults | 11,095 | -7,422 | 101 | 1% |

An overspend of £118k is forecast on Central Commissioning Adults.

This is mainly due to a delay in the realisation of savings on the Housing Related Support contracts; some contracts have been extended until the service is retendered. The full saving is still forecast to be delivered by 2021/22 and work is ongoing as to how best to deliver this service. The in-year pressure on housing related support is £274k, however, this has been mitigated in part, including a £48k saving from retendering the block cars contract for domiciliary care.

| 8) Integrated Community Equipment Service | 1,024 | 1,497 | 124 | 12% |
|---|-------|-------|-----|-----|
|---|-------|-------|-----|-----|

The Community Equipment Service is a pooled budget with the NHS and is forecast to overspend by £250k – the Council's share of this would be £124k. The service is providing equipment to more service-users in 2019/20 than expected even after allowing for some increase as part of business planning. This is potentially due to the drive to keep more people living independently at home.

The average cost for each person receiving equipment is also rising, mainly due to the fact that people are living in the community with increasing complexity of need – which often means more expensive stock equipment is prescribed. Investigations are ongoing to review this and ensure standard catalogue items are provided wherever possible (rather than more costly alternatives) and whether we are maximising the amount of recycling of equipment.

| 9) Mental Health Commissioning | 3,696 | 2,096 | -113 | -3% |
|--------------------------------|-------|-------|------|-----|
| | | | | ı |

Mental Health Commissioning is forecasting an underspend of £113k. There is an in-year windfall as a result of credits due from two external providers relating to prior year activity (£90k). Additionally, a number of efficiencies have been achieved against current year contracts. Whilst these only have a relatively immaterial impact on the 2019/20 financial position, any ongoing efficiencies will be factored in to Business Planning for 2020/21 onwards.

| Service | Budget 2019/20 | Actual | | turn ance |
|---------------------------------|-------------------|--------|-------|--------------|
| | £'000 | £'000 | £'000 | % |
| 10) Children in Care Placements | 23,819 | 12,244 | 650 | 3% |

The revised Children in Care Placements outturn forecast is a £650k overspend. This is following an additional budget allocation of £350k as approved by GPC and the application of £400k of additional social care grant Actual commitments are forecast to exceed this, as a result of:

- Recent activity in relation to gang related crime has resulted in additional costs and high cost secure placements being required [at an average weekly cost of £7000.00 per child].
- 16 unaccompanied asylum seekers became Looked After in the last two months.
- An increase in the number of Children in Care in external placements [+20%] against a projected reduction.

| External Placements Client Group | Budgeted Packages | 30 Sep 2019 Packages | 31 Oct 2019 Packages | Variance from Budget |
|------------------------------------|----------------------|----------------------------|----------------------------|----------------------------|
| Residential Disability – Children | 3 | 3 | 3 | 0 |
| Child Homes – Secure Accommodation | 1 | 1 | 1 | 0 |
| Child Homes – Educational | 19 | 15 | 14 | -5 |
| Child Homes – General | 33 | 39 | 38 | +5 |
| Independent Fostering | 240 | 296 | 289 | +49 |
| Supported Accommodation | 26 | 22 | 24 | -2 |
| Supported Living 16+ | 7 | 12 | 11 | +4 |
| TOTAL | 329 | 388 | 380 | +51 |

 The foster placement capacity both in house and externally is overwhelmed by demand both locally and nationally. The real danger going forward is that the absence of appropriate fostering provision by default, leads to children and young people's care plans needing to change to residential services provision.

Mitigating factors moving forward include:

- Monthly Placement Mix and Care Numbers meeting chaired by the Service Director and attended by senior managers. This meeting focuses on activity aimed at reducing the numbers in care, length of care episodes and reduction in the need for externally commissioned provision.
- Reconstitution of panels to ensure greater scrutiny and supportive challenge.
- Introduction of twice weekly conference calls per Group Manager on placement activity followed by an Escalation Call each Thursday chaired by the Head of Service for Commissioning, and attended by each of the CSC Heads of Service as appropriate, Fostering Leads and Access to Resources
- Authorisation processes in place for any escalation in resource requests.
- Assistant Director authorisation for any residential placement request.
- Monthly commissioning intentions (sufficiency strategy work-streams), budget and savings
 reconciliation meetings attended by senior managers accountable for each area of
 spend/practice. Enabling directed focus on emerging trends and appropriate responses,
 ensuring that each of the commissioning intentions are delivering as per work-stream and
 associated accountable officer. Production of datasets to support financial forecasting (in-house
 provider services and Access to Resources).
- Investment in children's social care commissioning to support the development of robust commissioning pseudo-dynamic purchasing systems for external spend. These commissioning models coupled with resource investment will enable more transparent competition amongst providers bidding for individual care packages, and therefore support the best value offer through competition driving down costs.
- Provider meetings scheduled through the Children's Placement Service (Access to Resources) to support the negotiation of packages at or post placement. Working with the Contracts Manager to ensure all placements are funded at the appropriate levels of need and cost.

| Service | Budget 2019/20 | Actual | Outturn Variance | |
|---------|-------------------|--------|---------------------|---|
| | £'000 | £'000 | £'000 | % |

Children in Care Placements continued

- Regular High Cost Placement Review meetings to ensure children in externally funded
 placements are actively managed in terms of the ability of the provider to meet set
 objectives/outcomes, de-escalate where appropriate [levels of support] and maximizing
 opportunities for discounts (length of stay/siblings/ volume) and recognising potential lower cost
 options in line with each child's care plan.
- Additional investment in the recruitment and retention of the in-house fostering service to significantly increase the net number of mainstream fostering households over a three year period, as of 2018.
- Access to the Staying Close, Staying Connected Department for Education (DfE) initiative being
 piloted by a local charity offering 16-18 year old Children in Care Placements the opportunity to
 step-down from residential provision, to supported community based provision in what will
 transfer to their own tenancy post 18.
- Greater focus on those Children in Care Placements for whom permanency or rehabilitation home is the plan, to ensure timely care episodes and managed exits from care.

| 11) Registration & Citizenship Services | -516 | -439 | -155 | -30% |
|---|------|------|------|------|
|---|------|------|------|------|

Registration & Citizenship Services are forecasting a surplus of £155k. An increase in the statutory charge for birth, marriage and death certificates has resulted in an over-recovery of income in the service. This increase is expected to continue into future years and as such has been recognised as part of the 2020/21 Business Plan.

| 12) Coroners | 1,117 | 924 | 313 | 28% |
|--------------|-------|-----|-----|-----|
| | | | | |

Coroners is forecasting a pressure of £313k. This is due to the increasing complexity of cases being referred to the coroner that require inquest and take time to conclude, requiring more specialist reports and advice and the recruitment of additional staff to complete investigations and prevent backlogs of cases building up. The cost of essential contracts for body storage, pathology, histology and toxicology has also increased.

The Children in Care budget is forecasting an over spend of c£350k.

The UASC budget is forecasting a pressure of £200k. This is mainly in the over 18 budget due to the increased number of children turning 18 and acquiring care leaver status. The costs associated with supporting both this group of young people are not fully covered by the grant from the Home Office.

The Supervised Contact budget is forecasting a pressure of £150k. The over spend is due to the use of additional relief staff and external agencies required to cover the current 215 Supervised Contact Cases (215 end Sep) which equate to an average of 607 sessions or 1253 hours per month (531 end Sep) supervised contact sessions a month. 305 (313 end Sep) children are currently open to the service.

Actions being taken:

For UASC we are continuing to review placements and are moving young people as appropriate to provisions that are more financially viable in expectation of a status decision. We are also reviewing our young people who are appeal rights exhausted. These reviews are likely to see a drop in accommodation spending as CCC discharge their duty to these young people in line with our statutory responsibilities under the immigration act. For Supervised Contact we are reviewing the demand criteria across the cohort of Young People the service supports to include the review all of the cases that have completed proceedings (200+), to consider whether contact needs to continue to be supervised, if it does, does it need to be this service.

| Service | Budget 2019/20 | Actual | Out Varia | turn ance |
|-----------------------|-------------------|--------|--------------|--------------|
| | £'000 | £'000 | £'000 | % |
| 14) Legal Proceedings | 1,970 | 1,121 | 400 | 20% |

The Legal Proceedings budget is forecasting a £400k overspend.

Numbers of care proceedings per month increased by 72% for the period Feb to Apr 19 compared to the preceding 10 months. The increase was mainly due to care applications made in March, April and May, particularly in the North where four connected families saw 16 children coming into our care with sexual abuse and neglect the main concerns.

There are currently (end Oct) 170 live care proceedings, and whilst we have seen reductions in live proceedings (183 end July) legacy cases and associated costs are still working through the system and causing significant pressure on the legal budget. The expectation is that reductions in live proceedings will continue, further mitigating the overall pressure.

Actions being taken:

Work is ongoing to manage our care proceedings and CP Plans and better track the cases through the system to avoid additional costs due to delay. However, due to the time lag in cases coming to court it will be a number of months before the increases seen earlier in the year work their way through the system.

| 15) Funding to Special Schools & Units, High Needs Top Up Funding and Out of School Tuition | 45,440 | 30,763 | 8,500 | 19% |
|---|--------|--------|-------|-----|
|---|--------|--------|-------|-----|

Funding to Special Schools and Units - £3.5m DSG overspend

As the number of children and young people with an EHCP increase, along with the complexity of need, we see additional demand for places at Special Schools and High Needs Units. The extent of this is such that a significant number of spot places have been agreed and the majority of our Special Schools are now full.

High Needs Top Up Funding - £2.5m DSG overspend

As well as the overall increases in EHCP numbers creating a pressure on the Top-Up budget, the number of young people with EHCPs in Post-16 Further Education is continuing to increase significantly as a result of the provisions laid out in the 2014 Children and Families Act. This element of provision is causing the majority of the forecast overspend on the High Needs Top-Up budget.

Out of School Tuition - £2m DSG overspend

There has been a continuing increase in the number of children with an Education Health and Care Plan (EHCP) who are awaiting a permanent school placement.

Several key themes have emerged throughout the last year, which have had an impact on the need for children to receive a package of education, sometimes for prolonged periods of time:

- Casework officers were not always made aware that a child's placement was at risk of breakdown until emergency annual review was called.
- There were insufficient specialist placements for children whose needs could not be met in mainstream school.
- There was often a prolonged period of time where a new school was being sought, but where schools put forward a case to refuse admission.
- In some cases of extended periods of tuition, parental preference was for tuition rather than inschool admission.

SEN Placements - £500k DSG overspend

A pressure of £500k is expected on the SEN Placements policy line, where an increase in the number of Cambridgeshire pupils being educated out of county has created a pressure on the Recoupment budget.

Mitigating Actions:

A SEND Project Recovery team has been set-up to oversee and drive the delivery of the SEND recovery plan to address the current pressure on the High Needs Block.

| Service | Budget 2019/20 | Actual | | turn ance |
|--|-------------------|--------|-------|--------------|
| | £'000 | £'000 | £'000 | % |
| 16) Home to School Transport – Special | 9,821 | 3,810 | 500 | 5% |

Home to School Transport – Special is forecasting an £500k overspend for 2019/20. We are continuing to see significant increases in pupils with Education Health Care Plans (EHCPs) and those attending special schools, leading to a corresponding increase in transport costs. Between April 2018 and March 2019 there was an 11% increase in both pupils with EHCPs and pupils attending special schools, which is a higher level of growth than in previous years.

Alongside this, we are seeing an increase in complexity of need resulting in assessments being made by the child/young person's Statutory Assessment Case Work Officer that they require individual transport, and, in many cases, a passenger assistant to accompany them.

A strengthened governance system around requests for costly exceptional transport requests introduced in 2018/19 is resulting in the avoidance of some of the highest cost transports as is the use of personal transport budgets. Further actions being taken to mitigate the position include:

- An ongoing review of processes in the Social Education Transport and SEND teams with a view to reducing costs
- An earlier than usual tender process for routes starting in September to try and ensure that best value for money is achieved
- Implementation of an Independent Travel Training programme to allow more students to travel to school and college independently.

| 17) Financing DSG | -61,469 | -40,815 | -8,500 | -14% |
|-------------------|---------|---------|--------|------|
|-------------------|---------|---------|--------|------|

Within P&C, spend of £61.5m is funded by the ring fenced Dedicated Schools Grant. Current pressures on Funding to Special Schools and Units (£3.5m), High Needs Top Up Funding (£2.5m), Out of School Tuition (£2.0m) and SEN Placements (£0.5m) equate to £8.5m and as such will be charged to the DSG.

The final DSG balance brought forward from 2018/19 was a deficit of £7,171k.

APPENDIX 3 – Capital Position

3.1 Capital Expenditure

| 2019/20 | | | | | | | |
|---|----------------------------------|-------------------------------------|--------------------------|---|---|--|--|

P&C Capital Variation

The Capital Programme Board recommended that services include a variations budget to account for likely slippage in the capital programme, as it is sometimes difficult to allocate this to individual schemes in advance. The allocation for P&C's negative budget has been calculated as below,

updated for the transfer of Cultural and Community Services. Slippage and underspends expected in 2019/20 are currently resulting in £5.93m of the capital variations budget being utilised.

| 2019/20 | | | | | | | |
|----------------|--|---|---|---|--|--|--|
| Service | Capital Programme Variations Budget | Forecast Outturn Variance (Oct 2019) | Capital Programme Variations Budget Used | Capital Programme Variations Budget Used | Revised Outturn Variance (Oct 2019) | | |
| | £000 | £000 | £000 | % | £000 | | |
| P&C | -13,399 | -5,933 | 5,933 | 44.2% | 0 | | |
| Total Spending | -13,399 | -5,933 | 5,933 | 44.2% | 0 | | |
