| 294. | Transformation Fund Bids | C Malyon | Highlighted the fact that returns on investment were not consistent across the requests for investments. The Chairman suggested demonstrating returns over a five year period. | A request was made for the returns on investment to be calculated over the 5 years of the MTFS. The current calculation is using the full annual saving compared to the total investment. We can of course use the savings total achieved over the 5 period but this will significantly inflate the returns delivered. The 5:1 ratio that we discussed when setting up the Transformation Fund was a £20m investment toreduce the Council's annual operating expenditure by £100m. The current calculation therefore does reflect the original intent. | Yes |
| | | | Requested early sight of the savings tracker. | | Ongoing |
| | | | The need to include examples in the CIAs. The Chief Executive agreed to take action. | | Ongoing |
| | | | The need to communicate the impact and importance of the decisions made as part of the Transformation Fund. The Chief Executive acknowledged the need to bring it to life with case studies. | Some case studies have already been developed and shared in various forums. We are building a full set of studies and will link these to the proposals on the Council's web pages. This will also be part of a wider communication strategy that is being developed for the Transformation Programme as a whole. | Ongoing |

| | | | Recouping under-used direct payment budget allocations from service users Expressed concern that no action had been taken in response to an Internal Audit carried out in 2015. The CFO agreed to investigate. | | Ongoing |
