2.2.1 Significant Issues – Corporate Services

- Corporate Services is currently predicting a year-end underspend of £792k, which is a £209k increase on the figure reported last month.
- There is a predicted underspend of £320k on Digital Strategy, an increase of £144k on last month, which is due to further slippage on projects that will not now be completed in 2015/16.

2.2.2 Significant Issues - LGSS Managed

- LGSS Managed is currently predicting a year-end overspend of £1,050k, which is an increase of £33k from the previous month.
- There is a predicted overspend of £132k on Building Maintenance, an increase of £90k on the figure reported last month. This takes into account expected year end accruals totalling £213k.

 An underspend of £162k is currently predicted on Authority-wide Miscellaneous budgets although the position may change due to adjustments in the course of closing the accounts. This variance is due to a number of factors including an estimated ESPO rebate for 2015-16 which exceeds the budget set by £159k, and an adjustment of £150k in respect of Adult Social Care accruals 2014-15. These items are offset by a pressure of £149k due to additional employer's pension contributions.

2.2.3 Significant Issues – Financing Costs

- The forecast underspend on debt charges has decreased by £30k since last month due to a lower receipt than anticipated in respect of a Grafham Water Centre loan. The underspend is now predicted to be £2,800k and is largely as a result of a decision to continue with a strategy of internal borrowing as the health of the balance sheet has been stronger than anticipated. As a result investments have been drawn down as a surrogate for expensive long term borrowing.
- There are no new exceptions to report this month.

2.2.4 Significant Issues – LGSS Cambridge Office

- LGSS Cambridge Office is currently predicting a breakeven position at year-end.
- There is currently a forecast overspend of £479k against the Trading budget. There is a deficit of £691k on the consolidated trading position, which relates to the forecast shortfall on additional trading activity in 2015/16 to meet the revised income target. This shortfall will be met from the LGSS Smoothing Reserve.
- There are no new exceptions to report this month.

2.3 Additional Income and Grant Budgeted this Period (De minimis reporting limit = £30,000)

There were no items above the de minimis reporting limit recorded this month.

A full list of additional grant income for Corporate Services and LGSS Managed can be found in <u>CS appendix 3</u>.

A full list of additional grant income for LGSS Cambridge Office can be found in LGSS appendix 3.

2.4 Virements and Transfers to / from Reserves (including Operational Savings Reserve)

(De minimis reporting limit = £30,000)

No virements were made this month to reflect changes in responsibilities.

A full list of virements made in the year to date for Corporate Services, LGSS Managed and Financing Costs can be found in CS appendix 4.

A full list of virements made in the year to date for LGSS Cambridge Office can be found in LGSS appendix 4.

3. BALANCE SHEET

3.1 Reserves

A schedule of the Corporate Services and LGSS Managed reserves can be found in CS appendix 5.

A schedule of the LGSS Cambridge Office Reserves can be found in <u>LGSS</u> appendix 5.

3.2 Capital Expenditure and Funding

Expenditure

 Corporate Services has a capital budget of £386k in 2015/16 and there is spend to date of £106k. It is currently expected that the programme will be underspent by £251k at year-end and the total scheme variances will amount to £0k across the programme.

There are no new exceptions to report for this month.

• LGSS Managed has a capital budget of £15.3m in 2015/16 and there is spend to date of £3.5m. It is currently expected that the programme will underspend by £8.5m at year-end and the total scheme variances will amount to an underspend of £9.3m across the programme.

Due to contractor delays, work on the EPAM – Renewable Energy Soham project will now commence in 2016-17, and therefore the scheme is now showing an underspend of £0.2m in 2015/16.

 LGSS Cambridge Office has a capital budget of £209k in 2015/16 and there is spend to date of £0k. It is currently expected that the programme will be overspent by £331k at year-end and the total scheme variances will amount to £0k across the programme.

This overspend is due to rephasing of the CCC share of costs for the implementation of the Next Generation ERP amounting to £515k, and partly offset by a predicted underspend of £184k on the R12 Convergence scheme. This will not affect the total scheme cost of the Next Generation ERP project.

<u>Funding</u>

• There are no key funding changes to report for March.

 Corporate Services has capital funding of £386k in 2015/16. As reported above, the Corporate Services budget is expected to underspend by £251k, which will result in a reduced funding requirement of this amount.

As a result of the reported underspend on the Corporate Services capital programme, the overall prudential borrowing requirement has reduced by £251k.

 LGSS Managed has capital funding of £15.3m in 2015/16. As reported above, the LGSS Managed budget is expected to underspend by £8.5m, which will result in a reduced requirement of funding of this amount.

As a result of the reported underspend on the LGSS Managed capital programme, the overall prudential borrowing requirement has reduced by £8.5m.

• LGSS Cambridge Office has capital funding of £209k in 2015/16. As reported above, LGSS Cambridge Office is expected to overspend by 331K, which will result in an increased funding requirement of this amount.

A detailed explanation of the position for Corporate Services and LGSS Managed can be found in <u>CS appendix 6</u>.

CS APPENDIX 2 – Commentary on Forecast Outturn Position

Number of budgets measured at service level that have an adverse/positive variance greater than 2% of annual budget or £100,000 whichever is greater.

| Customer Services | 1,285 | -150 | -12% | | | |
| There is a predicted underspend of £150k on Customer Services, an increase of £37k from the previous month. This is primarily due to underspends on salaries due to recruitment and retention issues. In addition there is a predicted saving of £10k on blu badge production and an increased income stream of £20k. | | | | | | |
| Digital Strategy | 826 | -320 | -39% | | | |
| last month. This increase is due to slippage of | Digital Strategy is predicting an underspend of £320k, which is an increase of £144k on last month. This increase is due to slippage on projects that will now be completed in 2016/17. The balance of £56k is due to underspending on staffing. | | | | | |
| Building Maintenance | 1,108 | 132 | 12% | | | |
| Based on the latest information on yearend accruals it is anticipated that Building Maintenance will overspend by £132k, which is an increase of £90k from the position reported last month. As previously reported, there was a shortfall of £121k on the amount accrued in the 2014-15 accounts compared to invoices paid in respect of these accrued costs. This pressure has been partly offset by estimated costs of £65k to be charged to capital, £18k income from caretaker housing, and £5k of the 2014-15 costs which have now been re-assessed as relating to the 2015-16 financial year. | | | | | | |
| County Farms | -3,174 | -293 | -9% | | | |
| The forecast underspend reported by County Farms has reduced by £21k to £314k. As previously reported the underspend is due to postponement of some planned County Farms maintenance schemes and fewer calls than anticipated on the unplanned maintenance budget. In addition, an increase in rent income (£140k) following | | | | | | |

completion of 60 rent reviews during 2014/15 and a reassessment of the levels of income generation resulting from the ongoing programme of solar PV installations across the estate (£45k) contribute to the underspend.

County Offices is forecasting an overspend of £876k, which is £10k lower than the figure reported last month. The rent negotiations for Babbage House have now been completed, and the agreed figure is lower than previously estimated. This will result in an increase of £17k in 2015-16 (compared to £47k previously predicted) and £26k per annum.

| Service | Current Budget £'000 | Forecast \ Outt | |
|---------|----------------------------|--------------------|---|
| | 2 000 | £'000 | % |

Following delays in obtaining planning permission, the lease agreement for Castle Court was finally completed towards the end of January. As previously reported, the 50% rental period under the agreement was due to commence on 31st October 2015. Therefore the additional income predicted in 2015/16 has been reduced pro rata from £281k to £112k, which is unchanged from the figure reported last month. Also as reported last month, it is expected that there will be a subsequent reduction of around £30k in the rate rebate achieved.

The pressure resulting from Children's Centre business rates received to date and an assessment of the potential liability for bills not yet received is now forecast to be in the region of £550k. This figure is unchanged from last month, but represents a reduction of around £50k from earlier estimates. Of this amount, £400k is the estimated liability for prior years billing and £150k relates to the estimated annual cost for 2015/16 onwards. The position will continue to be monitored and forecast outturn updated accordingly as further business rates bills are received. Officers are undertaking further work to verify the amount of the outstanding liability for bills not yet received.

Full-year savings have now been realised in respect of the closure of Dryden House (£203k) and the cessation of Castle Court running costs (£347k). The prior-year savings target for a reduction of the property portfolio has therefore been fully achieved and progress is being made towards the new 2015/16 target (£400k), with a balance of £379k to be identified. In addition, there are a number of small budgetary pressures across the portfolio, amounting to £100k. These have been partially offset by a £42k reduction in the anticipated cost of Dryden House dilapidations.

Municipal Mutual Insurance (MMI) was the County Council's insurance provider until it ceased insurance business in 1992 as a result of its failing financial strength. In 2014 the MMI Scheme of Arrangement Levy was invoked, whereby the creditors became liable for the payment of a levy. MMI's financial position has continued to deteriorate and the insurance fund has a provision to fund the extension of the levy from 15% to 25%. However, actuaries predict the levy relating to claims prior to 1992 is likely to continue to increase and on this basis a further £1.15m provision is required to meet this historic liability.

| IT Managed | 2,216 | -357 | -16% |
|------------|-------|------|------|
| | | | |

An underspend of £357k is being reported on the IT Managed budgets. This is a reduction of £62k from the figure reported last month due to pressure from unbudgeted revenue costs on the mobile phone budget arising from the Smarter Business capital project. To contribute towards recovery of the overall LGSS Managed overspend the balance on the IT Asset replacement fund (£475k) will be written back to revenue. This is facilitated by the move towards provision of mobile devices, which are funded from the IT for Smarter Business Working capital scheme. This is partially offset by £54k net pressures across the centrally held budgets.

| Service | Current Budget £'000 | | Forecast Variance - Outturn | | |
|---------------------|----------------------------|-------|--------------------------------|--|--|
| | 2.000 | £'000 | % | | |
| Transformation Fund | 1,000 | -225 | -23% | | |

The Transformation Fund covers the costs of Section 188 redundancies. As previously reported, an underspend of £225k has been predicted and it is expected that this will be achieved.

Authority-wide Miscellaneous -53 -162 -305

An underspend of £162k is currently predicted on Authority-wide Miscellaneous budgets although the position may change due to adjustments in the course of closing the accounts. This variance is due to a number of factors including an estimated ESPO rebate for 2015-16 which exceeds the budget set by £159k, and an adjustment of £150k in respect of Adult Social Care accruals 2014-15. These items are offset by a pressure of £149k due to additional employer's pension contributions.

The forecast underspend on debt charges has decreased by £30k since last month due to a lower receipt than anticipated in respect of a Grafham Water Centre loan. The underspend is now predicted to be £2,800k and is largely as a result of a decision to continue with a strategy of internal borrowing as the health of the balance sheet has been stronger than anticipated. As a result investments have been drawn down as a surrogate for expensive long term borrowing.

CS APPENDIX 3 – Grant Income Analysis

The table below outlines the additional grant income, which was not built into base budgets.

<u>Notes</u>

- 1 The year-end position reflects the forecast Corporate Services underspend of £792k and £602k use of operational savings. Details on operational savings allocations can be found in CS Appendix 4.
- The underspend on the Elections budget will be transferred to the earmarked reserve. This is to ensure that sufficient funding is available for the four-yearly County Council election.
- The unapplied balances on the Fenland Social Media Cohesion grant and Heritage Lottery funding for the Cambridgeshire Local Nature Partnership and the short-term provision in respect of Earith Bridge Travellers Site have transferred to ETE following the Customer Service and Transformation restructure.
- The current year-end position reflects £45k planned use for a post in Corporate Services and £5k agreed contribution to consultancy costs.
- 5 Balances brought forward have been amended following publication of the final Statement of accounts 2015-16.

Notes

- 1 To contribute towards recovery of the overall LGSS Managed overspend the balance on the IT Asset replacement fund will be written back to revenue.
- 2 Rental income from Bellerbys buildings on Manor School site is being held to offset demolition costs when the lease expires in 2021.
- 3 Capital Receipts achieved in 2015/16 will be used to fund the capital programme at year-end.
- 4 £120k from MMS over recovery. Funds ring-fenced for CPSN partnership to be used for procurement of replacement contract.
- Additional provision of £1.15m in 2015/16 accounts to cover predicted increases in the MMI Scheme of Arrangement Levy.
- Balances brought forward have been amended following publication of the final Statement of accounts 2015-16.

Previously Reported Exceptions

As reported in 2014/15, a reduction in the estimated cost of final retention payments for the Awdry House site has increased the predicted total scheme underspend to £1.1m.

The EPAM – County Farms Viability is forecasting an in-year underspend of £0.8m. The level of funding required for this scheme has been reassessed for Business Planning and it has been determined that it can be reduced by £0.5m per year to better reflect actual activity with tenant farmers more cautious due to the unsettled global market. This will result in a total scheme underspend of £2.4m and the scheme budget will be adjusted as part of the 2016/17 Business Planning process.

The EPAM – Sawston Community Hub scheme is forecasting an in-year underspend of £1.1m. Group Leaders paused the project in November 2015 subject to clarification on the

long term strategy for library locations. A total scheme overspend of £0.1m is forecast as a result of an increase in construction costs due to the delays in construction.

Members have undertaken a review of the EPAM – East Barnwell Community Hub scheme and have decided that it should not progress in its current form. Work is underway to assess alternative options and a decision is due in March 2016 regarding how the scheme should progress. As a consequence, an in-year underspend of £1.8m is being reported. A feasibility study has been commissioned to reflect the mixed use scope now required and will be part of a revised scheme cost when costs have been refined.

The review of the EPAM – East Barnwell Community Hub and reassessment of EPAM – MAC Market Towns Project schemes identified above have impacted on the associated ring-fenced capital receipt generation, resulting in reduced funding of £0.8m. This has not adversely impacted on in-year prudential borrowing requirements.

Due to contractor delays, work on the EPAM – Renewable Energy Soham project will now commence in 2016-17, and therefore the scheme is showing an underspend of £0.2m in 2015/16. The expected total scheme cost has reduced to £9.8m due to a more accurate reflection of the costs following the production of a detailed business case. As a result there is a forecast total scheme underspend of £2.2m, which has been addressed as part of the current Business Planning process.

The EPAM – Disposal / Relocation of Huntingdon Highways Depot scheme is no longer required and so a total scheme underspend of £1.6m is being reported. This has been superseded by a new Joint Highways Depot scheme under Making Assets Count, which is being submitted via the 2016/17 Business Planning process.

The EPAM – MAC Market Towns Project has been reassessed for Business Planning, resulting in rephasing of activity from 2015/16 to 2016/17, producing an in-year underspend of £0.6m and a reduced total scheme cost (-£0.3m).

The Optimising IT for Smarter Business Working scheme is forecasting an in-year underspend of £0.9m. Expenditure has been rephased to reflect the priorities set by the County Council for the provision of the IT infrastructure and devices to support mobile working, and a revised timescale for implementation.

The IT Infrastructure Investment scheme is showing an in-year underspend of £0.7m. Expenditure has been rephased to better reflect timescales for the delivery of upgrades / refresh of the core IT software and hardware systems that underpin the use of IT across the Council.

The works planned under the Carbon Reduction scheme were reviewed in 2014/15 and a new schedule was agreed. As reported in 2014/15, the agreed work plan is expected to deliver a total scheme underspend of £0.65m.

LGSS APPENDIX 2 – Commentary on Forecast Outturn Position

Number of budgets measured at service level that have an adverse/positive variance greater than 2% of annual budget or £100,000 whichever is greater.

| Service | Current Budget £'000 | Forecast Variance - Outturn | | |
|---------|----------------------------|--------------------------------|---|--|
| | 2.000 | £'000 | % | |
| Trading | -8,809 | +479 +5% | | |

There is currently a forecast overspend of £479k against the Trading budget. There is a deficit of £691k on the consolidated trading position, which relates to the forecast shortfall on additional trading activity in 2015/16 to meet the revised income target. This shortfall will be met from the LGSS Smoothing Reserve.

| HR Policy & Strategy | 313 | -107 | -34% |
|----------------------|-----|------|------|
|----------------------|-----|------|------|

The reported underspend of £107k on HR Policy & Strategy is unchanged since last month and, as previously reported, is due to delays in recruitment to the Workforce Planning and Strategy team.

| Transactional Services | 1,285 | -100 | -8% |
|------------------------|-------|------|-----|
|------------------------|-------|------|-----|

As reported last month, Transactional Services is forecasting an underspend of £100k, which is unchanged from last month. The Service-wide restructure was implemented in August 2015 and has resulted in a number of vacancies which are actively being recruited to.

LGSS APPENDIX 3 – Grant Income Analysis

The table below outlines the additional grant income, which is not built into base budgets.

| | Awarding Body | Expected Amount £'000 |
