1.4 Financial Context

The major savings agenda continues with £75m of savings required across the Council between 2019 and 2024.

Although significant savings have been made across P&C in recent years, the directorate continues to face demand pressures, particularly:

- In Children's Services related to the rising number of children in care
- Those related to Special Educational Needs and Disabilities (SEND)
- In Older People's services where prices have risen well above inflation for residential and nursing care
- In Learning Disability services, where the needs of a relatively static number of service-users have continued to increase

2.0 MAIN ISSUES IN THE OCTOBER 2019 P&C FINANCE & PERFORMANCE REPORT

2.1 Revenue

The October 2019 Finance Monitoring report is attached at **Appendix 1**. At the end of October the P&C forecast overspend has a revised position of £3,466k. This includes additional budget allocations as agreed by GPC in July.

Communities & Safety are forecasting an overspend of £158k, made up of a £313k overspend on Coroner Services and a £155k over-recovery of income in the Registration Service

Coroners is forecasting a pressure of £313k. This is due to the increasing complexity of cases being referred to the coroner that require inquest and take time to conclude, requiring more specialist reports and advice and the recruitment of additional staff to complete investigations and prevent backlogs of cases building up. The cost of essential contracts for body storage, pathology, histology and toxicology has also increased.

The Registration & Citizenship Service is forecasting an over-recovery of income of £155k, due to a combination of increased charges for certificates and staff vacancies.

Due to the cross-cutting nature of C&P Committee a brief summary of the other key variances forecast within P&C is provided below:

- Budgets relating to care provision for Adults and Older People are anticipated to overspend by £1.3m due to increases in both unit costs and demand. This pressure is inclusive of grant funding mitigating the position in line with the condition of the grant.
- Budgets relating to Children's Services are forecasting an overspend of £1.4m with pressures on the Children in Care Placements budget (£650k), the Legal Proceeding Budget (£400k) and the Children in Care budget (£350k).
- The Home to School Transport – Special budget within Education is forecasting an overspend of £500k.
- A pressure of £8.5m is currently anticipated on the High Needs Block of the Dedicated Schools Grant (DSG)

Further details of these variances will be reported to the relevant service committees (CYP and Adults) and can be found in the main Finance Monitoring Report (**Appendix 1**)

2.2 Capital

The Capital Programme Board recommend that services include a variation budgets to account for likely slippage in the capital programme, as it is sometimes difficult to allocate this to individual schemes in advance. The allocation for P&C's negative budget has been calculated as below, updated for the transfer of Cultural and Community Services. Slippage and underspends expected in 2019/20 are currently resulting in £5.93m of the capital variations budget being utilised, £223k of which is due to slippage in C&CS schemes.
