1. BACKGROUND

- 1.1 The Local Authority Healthcare Public Health Advice (HPHAS) is an advisory mandated service and is therefore provided to Cambridgeshire and Peterborough Clinical Commissioning Group (CCG) at no cost.
- 1.2 The service is provided by Cambridgeshire County Council and Peterborough City Council's Public Health Directorate and covers support to the CCG, including input to partnership work through the local Sustainability and Transformation Partnership (STP). The service has been in operation since it was mandated under the Health and Social Act starting in April 2013, was operational throughout 2017/18, and continues into 2018/19.
- 1.3 With the development of local Sustainability and Transformation Partnerships (STP), the operation of the service has naturally and recently become correspondingly more partnership based in nature and this is in line with current guidance.

2. MAIN ISSUES

- 2.1 The following annual review report presents an overview of work completed in 2017/18 and work that began in 2017/18 and is currently ongoing. Service outputs are described in relatively general terms, and are categorised by broad subject area. Where necessary, examples are provided to aid understanding. More detail on the work completed is available on request.
- 2.2 In summary, the work completed in, or ongoing from, 2017/18, covered the key areas listed below (these are not always mutually exclusive). Table 1 that follows provides examples of work completed for each broad work category and a link for further information.
 - Public health advice and support to NHS clinical policy and treatments.
 - Public health advice on CCG commissioning plans, preventive and lifestyle services and service redesign, including the Sustainability and Transformation Plan (STP).
 - Public health advice covering the 'health' response to housing growth and associated NHS priorities and planning.
 - Partnership work covering preventive and healthcare services for children and young people.
 - Partnership work covering preventive and healthcare services for older people.
 - Partnership work for mental ill health prevention and mental health services.
 - Healthcare public health advice service staff management, process input and CCG engagement.
 - Public health attendance at CCG and partnership meetings,
 - General partnership area based needs assessments and local health and wellbeing strategy monitoring - in partnership with local Health and Wellbeing Boards.
 - Further general public health intelligence based analytical support.

The table includes Internet links to further information about the above areas of work where available. In general the Internet links describe the overall project or area of work, rather than specifying the public health input provided. Please contact David Lea at david.lea@cambridgeshire.gov.uk for any further details.

Table 1: Cambridgeshire and Peterborough Public Health Directorate – work completed under the local authority public health advice service during 2017/18

Broad area of advice and support	Examples of work completed (not exhaustive)	Link / contact for more information
Public health advice and support to NHS clinical policy and treatments.	Development of clinical prioritisation policies and advice on exceptional and individual NHS clinical funding treatment cases requests - for the Clinical Priorities Forum and Exceptional Cases Panel respectively. Associated evidence reviews for specific services or clinical areas and general advice on the use of the evidence base. All policies are reviewed to reflect current clinical evidence and NICE guidance, and are benchmarked against the policies of other CCGs. For more information please see the clinical policies area on the CCG's Clinical Policies Forum website.	https://www.cambridgeshireandpeterboroughccg.nhs.uk/health-professionals/clinical-policies-and-thresholds/clinical-policies-forum/
Public health advice on CCG commissioning plans, preventive and lifestyle services and service redesign, including the Sustainability and Transformation Plan (STP).	Atrial fibrillation related stroke hospital admissions. Analysis and benchmarking for sepsis. Analytical support to the Transforming Cancer Care programme. Urgent care centre needs assessment. Benchmarking of inpatient and day case admission ratios. Analysis & presentation of MSK data for STP MSK strategy group. NHS Diabetes Prevention Programme public health support to implementation. Analytical support to stroke pathway work.	https://www.fitforfuture.org.uk/
Public health advice covering the 'health' response to housing growth and associated NHS priorities and planning.	Planning for the Northstowe development - Northstowe referral rates from primary to secondary care and support to statutory planning requirements for healthcare.	https://www.england.nhs.uk/ourwork/innovation/healthy-new-towns/northstowe/
Partnership work covering preventive and healthcare services for children and young people.	Support to Better Births workstream - development of local maternity services. Children's Continuing Care and SEND needs assessments. Development and annual review of children's outcomes framework.	https://www.england.nhs.uk/integratedcare/stps/view-stps/cambridgeshire-and-peterborough/
Partnership work covering preventive and healthcare services for older people.	Falls Prevention Programme - senior responsible officer support, programme management, development of key performance indicators (falls dashboard) and general public health support. Clinical leadership for Ageing Well and Chair of the Ageing Well Strategy Board. Public health contribution into STP strategy development relating to older people including stroke (atrial fibrillation) end of life care and dementia. End of life care - analysis of deaths by place of death.	https://www.cambridgeshireandpeterboroughccg.nhs.uk/health-professionals/patient-pathways/atrial-fibrillation/ https://www.fitforfuture.org.uk/2018/02/05/more-falls-services/

3. ALIGNMENT WITH CORPORATE PRIORITIES

3.1 Developing the local economy for the benefit of all

A healthy population with appropriate access to healthcare enables economic growth and prosperity. The public health advice service aims to support the CCG/STP in commissioning health services that support those aims.

3.2 Helping people live healthy and independent lives

The public health advice offered to the CCG/STP under the healthcare public health advice service aims to support the CCG/STP to commission health services that help people to live healthy and appropriately independent lives.

3.3 Supporting and protecting vulnerable people

The public health advice offered to the CCG/STP under the healthcare public health advice service aims to support the CCG/STP to commission health services that are supportive of vulnerable population groups and, where appropriate, to reduce inequalities in health.

4. SIGNIFICANT IMPLICATIONS

4.1 Resource Implications

There are no significant implications within this category.

4.2 Procurement/Contractual/Council Contract Procedure Rules Implications

There are no significant implications within this category.

4.3 Statutory, Legal and Risk Implications

Provision of a Local Authority Healthcare Public Health Advice Service to the local clinical commissioning group is a mandated local authority public health function.

4.4 Equality and Diversity Implications

There are no significant implications within this category, but where requested, public health advice services would aim to reduce inappropriate differentials in access to healthcare.

4.5 Engagement and Communications Implications

Cambridgeshire and Peterborough Clinical Commissioning Group will receive a similar report covering the work completed during 2017/2018 and discussions will continue with regard to the need for, and focus of, a 2018/19 formal Memorandum of Understanding covering the service.

4.6 Localism and Local Member Involvement

There are no significant implications within this category

4.7 Public Health Implications

The local authority public health advice service aims to improve population health by providing good quality public health advice and evidence to the local CCG/STP. However, it should be noted that the service is advisory only and the CCG/STP has the decision making remit related to any advice provided.
