## 1. BACKGROUND

- 1.1 The report attached as **Appendix A**, provides the financial position for the whole of the ETE Service, and as such, not all of the budgets contained within it are the responsibility of this Committee. To aid Member reading of the report, budget lines that relate to the Economy and Environment (E&E) Committee have been shaded. Members are requested to restrict their questions to the lines for which this Committee is responsible.
- 1.2 The report only contains performance information in relation to indicators that this Committee has responsibility for.

## 2. MAIN ISSUES

- 2.1 The report attached as Appendix A is the ETE Finance and Performance report for August 2016.
- 2.2 **Revenue:** At this stage of the financial year there are no significant variances and ETE is showing a £93K forecast underspend.
- 2.3 **Capital:** The capital programme is forecast to be on target and £4.1m of the estimated £10.5m Capital Programme Variation has now been met. King's Dyke has an in-year forecast variance of -£2.6m and Connecting Cambridgeshire is forecasting a -£1.1m variance as the planned expenditure has been re-profiled. It is anticipated additional slippage will start to appear to contribute further to the Capital Programme Variation in future months.
- 2.4 E&E Committee has fourteen **performance indicators** reported to it in 2016-17. Of these fourteen performance indicators, two are currently red, two are amber, and ten are green. The indicators that are currently red are:
  - Local bus journeys originating in the authority area.
  - The average journey time per mile during the morning peak on the most congested routes
- 2.5 At year-end, the current forecast is that one performance indicator will be red (Local bus journeys originating in the authority area), eight will be amber and five green.
