124. MINUTES – 8TH NOVEMBER 2018 AND ACTION LOG

The minutes of the meeting held on 8th November 2018 were agreed as a correct record and signed by the Chairman.

An update to the Minutes Action Log was read out by the Service Director: Community and Safety. Due to the large number and length of the updates, Members requested the document be circulated to the Committee after the meeting. **Action required**

125. PETITIONS AND PUBLIC QUESTIONS

No petitions or public questions were received.

126. ADULT SKILLS SERVICE – PROPOSED GOVERNANCE ARRANGEMENTS

The Committee received a report on the proposed governance arrangements for the Adult Learning Service, having approved the principle of establishing a delivery model for the Cambridgeshire Adult Learning and Skills Service on 5th July 2018. Members were informed that the Shadow Governing Board had been set up and, having established the organisational vision, was now working to ensure the overall vision fulfilled local priorities and the skill strategy of the Cambridgeshire and Peterborough Combined Authority. It was noted that the name, Cambridgeshire Skills, had been chosen for longevity and flexibility, and that it avoided tying the organisation down or dating the service. In order to reflect the whole County, the service would be based in two locations, with one already having been established in March Community Centre, while another would potentially be set up in Cambridge. The Committee was reminded that it would receive two update reports each year from the organisation as well as the minutes from all the Governing Board meetings.

While discussing the report, Members:

- Questioned the use of the term 'core factor' in the third paragraph of Section 2.1.3 in the report, suggesting that it was unclear whether this implied a moral or legal requirement. It was noted that working in the interest of the service, as opposed to their own sectors, was the primary objective for board members and it was agreed that this could be better represented by replacing 'core factor' with a more specific term, such as 'core role' or 'primary responsibility'. **Action required**
- Suggested that excluding board Members from items in which they held a conflict of interest should not be a decision for the Chairman to make, as proposed in the third paragraph of Section 2.1.3 of the report. It was noted that Article 6a on page 42 of the report provided more detailed guidance on the issue, but the report itself suggested that the Chairman would hold greater power. Members considered the extra safeguarding that such a procedure would afford the board by allowing the Chairman to decide whether to exclude a member rather than relying on members to declare any relevant conflict of interest. It was decided to seek the Monitoring Officer's opinion on the matter. **Action required**
- Established that 'nagging doubts', as mentioned in the table on page 31 of the report, was a technical term used in safeguarding that represented concerns raised by staff that would then be considered alongside each other in order to form a larger picture.
- Confirmed that the Communities and Partnership Committee would continue to receive minutes of the governing board meetings once the shadow board had been replaced.
- Noted that the clerk to the Board was listed as a main Board member on page 39 of the report. It was confirmed by the officer that the clerk would not be a voting member but that they would be present to advise the board and take minutes of the meeting. The document would be amended to reflect this. **Action required**
- Questioned the length of the terms of office for Board members and were informed that this had still not been decided. Members were advised that the issue would be added to the next Shadow Board meeting agenda. **Action required**
- Considered whether the quorum level would change once the final Board membership was confirmed, as the report suggested that the membership could vary between 8 and 12, while the quorum was set at 5. The officer stated that she would seek clarification in order to inform Members. **Action required**

It was resolved to:

Agree the proposed governance arrangements for the Adult Learning Service that will move the Service arms-length from 1st April 2019.

127. COMMITTEE DELIVERY PLAN REVIEW 2018-19

The Committee received a report on the progress made on delivering the outcomes within the Community and Partnership Committee's delivery plan. Members' attention was drawn to the four priorities listed on page 48 of the report and they were informed that the main area of successful work had been based around the partnership working priority. Think Communities was identified as the most significant strategy, improving the way the Council worked with and supported the community while reducing the demand on Council services.

While discussing the report, Members:

- Established that all partners had either enthusiastically embraced the Think Communities approach or were beginning to do so. The Service Director of Community and Safety informed Members that the most notable acceptance had come from the Public Service Board, which had given its full endorsement.
- Questioned why some items in the table starting on page 53 of the report were given two colour ratings and others only one. Members were informed that two colours had been used to indicate the work carried out by Community Champions. The intention was to demonstrate that while there had been progress in some areas it had not been universal because South Cambridgeshire was not represented by Community Champions.
- Sought clarification over when the next round of bids for the Innovate and Cultivate Funds would be confirmed. The Assistant Director of Housing, Communities and Youth advised Members that the Recommendation Panel would meet on 7th January 2019 to hear applications for both Cultivate and Innovate funding. The recommendations for the Cultivate bids would subsequently be presented to the Committee on 17th January for ratification and the Innovate applications would be invited to their second stage of application, to be considered by the Panel on 1st March and presented to the Committee on 7th March for ratification.
- Expressed concern that there was little mention of work being done to tackle hate crime in the community resilience section of the report. It was noted that there were mentions in the report but it was agreed that more information should be provided in the following report.

It was resolved unanimously to:

Approve the report.

128. COMMITTEE REVIEW OF DRAFT REVENUE AND CAPITAL BUSINESS PLANNING PROPOSALS FOR 2019-20 TO 2023-24

The Committee received a report that provided an overview of the draft Business Plan revenue and capital that were within the remit of the Communities and Partnership Committee. It was noted that following feedback from the Committee in October 2018,

one of the four proposals had been removed, as indicated in sections 5.6 and 5.7 of the report.

While discussing the report, Members queried whether the work carried out by the post that was proposed for removal in section 99 of the report had been completed or whether the work would be continued elsewhere. Members were informed that the post in question was part of a project that had come to an end and that it was a discrete piece of work which would not leave a gap moving forward after the removal of the post.

It was resolved unanimously to:

- a) Note the overview and context provided for the 2019/20 to 2023/24 Business Plan revenue proposals for the Service, updated since the last report to the Committee in October.
- b) Comment on the draft revenue savings proposals that are within the remit of the Communities and Partnership for 2019/20 to 2023/24, and endorse the following proposals to the General Purposes Committee as part of consideration for the Council's overall Business Plan:
 - i) C/R.6.101 Sharing with other councils – Cambridgeshire & Peterborough Shared Services Programme (-500k)
 - ii) A/R.6.211 Safer Communities Partnership – Substitute Grant Funding (-30k)
 - iii) A/R.6.212 Strengthening Communities – Post Savings (-30k)

129. CAMBS 2020 – SPOKES WORKSTREAM

The Committee received a report proposing governance of the spokes element of the Cambs 2020 Programme, in which it was stated that the Commercial and Investments Committee had approved the Community and Partnerships Committee taking over the spokes element.

While discussing the report, Members:

- Agreed that the role was in line with the Committee's agenda of supporting a new model of community service delivery.
- Considered how often the Committee should provide updates to the Commercial and Investments Committee. It was noted that the report did not state how often this should occur and it was discussed whether it should be on a fixed basis or whenever it was considered necessary. Some Members expressed concern that if the relationship between the two Committees was not clearly established, the potential would exist for various parts of the process to either not be considered or to be considered by both Committees separately. It was noted that the Cambs 2020 Programme was a dynamic process and by its very nature was uncertain, making it

difficult to establish the exact number of how many reports and workshops would be necessary.

It was resolved by majority to:

- a) Note the content of this report.
- b) Support the transfer of responsibility for the 'spokes' element of the Cambs 2020 programme to the Communities and Partnership Committee.
- c) Agree that the Communities and Partnership Committee will report back to the Commercial and Investment Committee or meet as necessary, as the workstream develops.
