1. Background

- 1.1 Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes.
- 1.2 The work of Internal Audit complements and supports the work of external auditors in forming their opinion on the financial accounts. Internal audit work is coordinated with the external auditors and they place reliance on the work of internal audit to reduce the level of testing they undertake themselves. This reduces overall costs by avoiding unnecessary duplication of effort and supports delivery of an efficient and effective service.

2. Report Content

- 2.1 During 2021-22, Internal Audit work focused on the administration of the Cambridgeshire Pension Fund.
- 2.2 The audit assessed the adequacy of design and implementation of controls for the administration of the pension fund. Based on the completion of our work, we gave a **substantial** opinion assurance to the control environment in place and a **satisfactory** assurance opinion for compliance. The full report is included as Appendix A.

3. Relevant Fund Objectives

- 3.1 The audit work undertaken was designed to support the Pension Service in achieving its objectives through the effective management of risk. The work therefore supports all of the objectives of the Pension Service, in particular.

Manage the Fund in a fair and equitable manner, having regard to what is in the best interest of the Fund's stakeholders, particularly the scheme members and employers.
Objective 2

Continually monitor and measure clearly articulated objectives through business planning. *Objective 4*

Continually monitor and manage risk, ensuring the relevant stakeholders are able to mitigate risk where appropriate. *Objective 5*

4. Risk Management
