# TRAFFIC REGULATION ORDER OBJECTIONS ASSOCIATED WITH WEST END, ELY

To: Highways and Community Infrastructure Committee

Meeting Date: 20<sup>th</sup> January2015

From: Executive Director: Economy, Transport &

**Environment** 

Electoral Ely West and South

division(s):

Forward Plan ref: N/A Key decision: No

Purpose: To determine objections received to the Traffic

Regulation Order (TRO) associated with West End,

Ely

Recommendation: a) Approve and make the Order as advertised

b) Inform the objectors accordingly

Officer contact:
Richard Lumley

Name: Richard Lumley Post: Traffic Manager

Email: <u>richard.lumley@cambridge</u>shire.gov.uk

Tel: 01223 703839

### 1. BACKGROUND

- 1.1 West End, Ely is located off Cambridge Road to the south west of Ely City Centre (**Appendix 1**). It is within a residential area with very little off street parking, two shops, a laundrette, a public house and a gym, all of these businesses have been established for many years. Ely St John's Community Primary School is located on St Johns' Road, approximately 500 metres to the west of West End.
- 1.2 The County Council, as part of a Local Highways Improvement (LHI) Scheme, has been requested to extend the existing double yellow lines from outside of No 32 West End to its junction with Little Laneon the northern side, a distance of 36 metres.
- **1.3** Properties 32 and 32A both have off-street car parking, whilst 3 properties (No. 34, 36 and 38) do not have off-street parking.
- **1.4** The scheme has been proposed by the residents of No 32 West End giving the following reasons.
  - No 32 West End is located opposite a busy corner shop;
  - Delivery lorries for the 'One Stop'Shop, stop opposite No 32 regularly during the week;
  - Cars are frequently parked on both sides of the road, also on the footpath;
  - Entering and exiting No 32 via the front door difficult with children and a buggy;
  - Visibility reduced when leaving driveway due to parked vehicles;
  - Emergency vehicles,refusevehicles and buses are unable to get through.

The LHI application came with a letter of support from the local Police, East Cambridgeshire Community Safety Partnership, the Manager of the One Stop Shop and a petition of support with 32 signatures.

- 1.5 An informal consultation was carried out between 7<sup>th</sup> and 28<sup>th</sup> August 2014. The informal consultation resulted in 9 objections and a petition of objection containing 30 signatures. At least two of the objections received were from residents who signed the initial petition of support and one objection was from the owner of the freehold of the One Stop Shop. No comments of support were received as a result of the informal consultation. The police offered no objections.
- **1.6** The local member Councillor Anna Bailey commented that the weight of local opinion must be the determining factor regarding the proposal. Despite the

negative outcome of the informal consultation the applicant wished that the statutory consultation be carried out and the order advertised accordingly.

## 2. TRO PROCESS

- 2.1 The TRO procedure is a statutory consultation process that requires the Highway Authority to advertise, in the local press and on-street, a public notice stating the proposal and the reasons for it. The advert invites the public to formally support or object to the proposals in writing within a twenty one day notice period.
- 2.2 The TRO was advertised in the Ely Standardon the 23<sup>rd</sup> October 2014. The statutory consultation period ran from 23<sup>rd</sup> October 2014 to 14<sup>th</sup> November 2014.

The statutory consultation resulted in 12 objections and 3 comments of support and a petition of objection containing 30 signatures, which are detailed in **Appendix 3**. One of the letters of support was from the applicant and included appended to the letter seven further statements of support, which the applicant had collected.

- 2.3 The City of Ely Council supports the proposals on the assurances that it will be enforced. The police are the enforcement authority and will carry out such enforcement in line with their operational priorities. There were no comments from any of the emergency services whilst the Police offered no objection.
- 2.4 On the basis of this analysis it is recommended that this Order is made as advertised to facilitate the passage of vehicles.

#### 3. ALIGNMENT WITH CORPORATE PRIORITIES

- 3.1 Developing the local economy for the benefit of all There are no significant implications for this priority.
- 3.2 Helping people live healthy and independent lives
  There are no significant implications for this priority.
- **3.3** Supporting and protecting vulnerable people There are no significant implications for this priority.

#### 4. SIGNIFICANT IMPLICATIONS

### 4.1 Resource Implications

The necessary resources to progress this project have been secured through the Local Highways Improvement initiative.

## 4.2 Statutory, Risk and Legal Implications

The statutory process for this TRO has been followed. Should the objections not be determined by this Committee, it may be necessary to hold a public inquiry.

## 4.3 Equality and Diversity Implications

There are no significant implications for this priority.

## 4.4 Engagement and Consultation Implications

The proposal originated from a resident of West End, Ely. The statutory consultees have been engaged – (CountyCouncillor, the Police and the Emergency Services).

Notices were placed in the local press and were also displayed on the roads affected by the TRO. The proposal was available to view at the East Cambridgeshire District Council Office and the County Council Castle Court Reception.

#### 4.5 Localism and Local Member Involvement

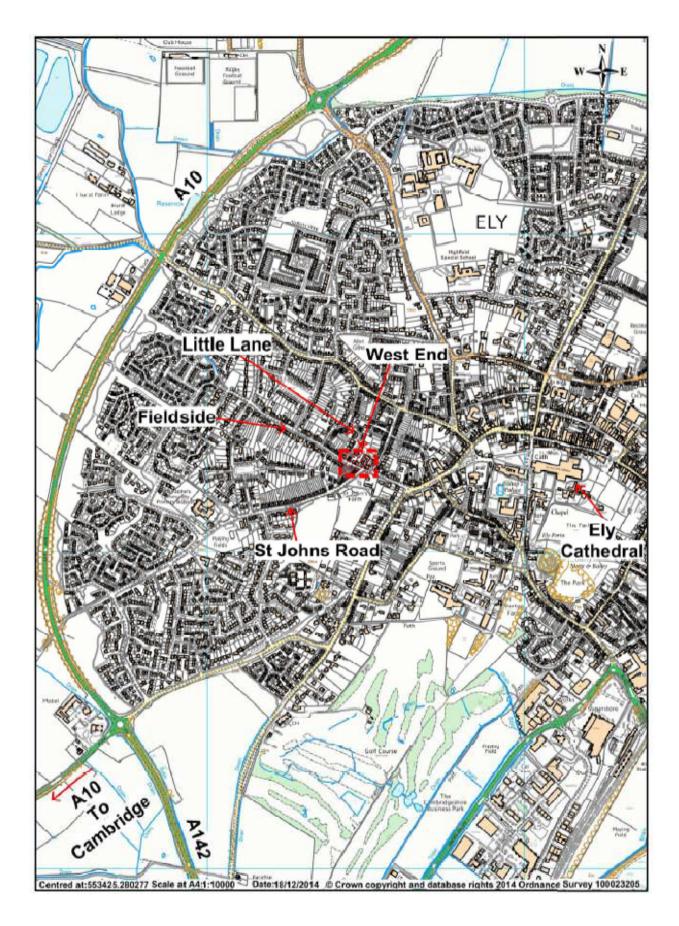

The local member, Councillor Bailey, is in support of the proposal.

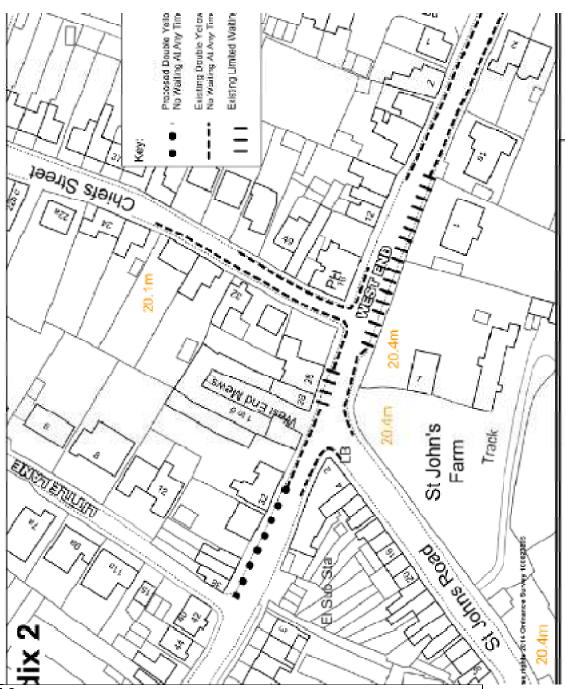

## 4.6 Public Health Implications

There are no significant implications within this category.

|                     | <b>7</b>  | M Note of the second  |  |
|---------------------|---|---|--|
| APPENDIX 3          |   |   |  |
| Objections/Comments |   | Officer Response  |  |
| 1.                  | Will cause extreme inconvenience and make the parking for residents of St Johns Road with no off street parking more difficult. The residents struggle to park near their property at the present time. | park on any road, but parking<br>may be tolerated provided it<br>does not cause a danger or |  |
| 2.                  | Parking slows down the speed of vehicles.   | As the double yellow lines are only proposed overa relatively                               |  |

|    | Objector was invited to a site meeting with Cambridgeshire County Council staff several years ago, inviting views on the parking in West End. It was decided not to progress with any further parking restrictions.   | short length, officers are confident that vehicle speeds will not increase.  |
|----|---|--|
| 3. | Customers and delivery vehicles ignore the existing double yellow lines. Parking is almost impossible on West End at the best of times. Residents of No 32 do not want people parking in front of their house, why should the other residents suffer because of this.                                 | Double yellow lines allow for loading and unloading of vehicles, including passengers.   |
| 4. | Existing double yellow lines are often ignored.   | The police are the enforcement authority and will carry out such enforcement in line with their operational priorities.                    |
| 5. | Concerned that by restricting the parking by extending the double yellow lines, those who currently park there will be pushed to park further down West End.  | It is likely that there will be some displacement of parking into adjacent streets.  |
| 6. | Preventing people from parking outside the One Stop, launderette and their homes will provide a knock-on effect for people living further up the streets in all three directions. Parking in West End past Little Lane is already at maximum (especially weekends and evenings) as is St John's Road. | loading and unloading of   |
|    | Cars will drive faster, which is something to be avoided due to the school children using the school in St John's Road. From the objectors observation, parking on the pavement is at most a wheel on the curb, that doesn't particularly obstruct vehicular  | As the double yellow lines are only proposed over a relatively short length, officers are confident that vehicle speeds will not increase. |

|            | 1 ( )   |  |

cars parked both sides on the more narrow part, severe congestion will undoubtedly result.

Property a few houses to the north west of No 32, has never seen double parking in the 10 years of living there.

Majority of houses from Little Lane to Fieldside have no off street parking, whereas Nos 32 and 24 do.

There are disabled residents would be unable to walk further down the road to get to their own car due to congestion from shoppers.

Children walk to Ely St John's School and Ely College, it would become more dangerous for them to use the narrow pavements with so much traffic forced further down West End.

This will impact on families who live beyond Little Lane towards Fieldside.

right for heavy commercial vehicles to park on the pavement.

Noted

An annual budget is set for providing disabled parking bays. Blue badge holders can apply for a disabled bay to be installed near their home.

Parents and carers are encouraged to walk with their children to school whenever possible, showing them how to cross the road safely.

**12**.

The proposal will cause significant problems in itself more problems that intended to solve. There is a huge strain on parking spaces in this road, and the problem will manifest elsewhere nearby where there are no double yellow lines. Parking already occurs on the existing double yellow lines, often due to the passing traffic using the facilities(two shops, a gym and a laundrette) or the regular HGV shop deliveries. Frequently have to park 6 or houses away from property, as unable to find parking spaces near to their home; this situation doesn't allow support to be provided to the residents with mobility problems

There is no automatic right to park on any road, but parking may be tolerated provided it does not cause a danger or obstruction.

Double yellow lines allow for loading and unloading of vehicles, including passengers.

An annual budget is set for providing disabled parking bays. Blue badge holders can apply for a disabled bay to be installed near their home.

vehicles and vans unable to pass through due to parking.

The One Stop Shop, local police, East Cambridgeshire Community Safety Partnership (East Cambridgeshire District Council), County Councillor Bailey and District Anna Councillors Sue Austen and Sheila Friend-Smith are in support.

Letters of support have been received from:

- immediate neighbour;
- One Stop Shop Risk Assessor and Distribution Planning Manager (offering a contribution towards costs if the proposal goes ahead);
- Local police;
- East Cambridgeshire Community Safety Partnership (East Cambridgeshire District Council);
- Resident of an adjacent street;
- Resident of West End

or bus services whilst the local Police offered support.

County Councillor Anna Bailey responded to the statutory consultation in support of the proposals, whilst the police offered no objections. However no comments were received from Councillors Sue Austen and Sheila Friend-Smith or East Cambridgeshire District Council.

The resident of West End, also signed the petition of objection.
