1. BACKGROUND

- 1.1 The ETE Risk Register was last brought to Committee in May 2016. Other risks on the ETE Register are considered by Highways, Community & Infrastructure (H&CI) Committee.
- 1.2 The E&E Risk Register is reviewed on a quarterly basis by the Economy, Transport and Environment (ETE) Strategic Risk Group. The E&E Risk Register is a comprehensive expression of the main risks that fall within the Committee's remit and mitigation is either in place, or in the process of being developed, to ensure that each risk is appropriately managed.
- 1.3 The ETE Strategic Risk Group also submits ETE Risks for inclusion on the Corporate Risk Register. These are included for consideration by Committee.

2.0 REVIEW OF ETE RISK REGISTERS

- 2.1 ETE Management team have requested a full review of the ETE Directorate and Service risk registers to coincide with the introduction of GRACE, the new system for recording risks corporately. Training on this system for officers is taking place in December and a full review of registers by the ETE Strategic Risk Group will take place following this.

3.0 E&E REGISTER AND UPDATES

- 3.1 The E&E Risk Register is presented at Appendix 1 and shows that there are ten risks. Three risks, CR 9 – 'Failure to secure funding for infrastructure', CR 22 – 'The Total Transport project fails to identify and implement affordable solutions that allow service levels to be maintained' and CR26 – 'Increasing manifestation of Busway defects' are included in the Corporate Risk Register.
- 3.2 Details of all changes and updates made to the Risk Register can be seen in Appendix 2.

4.0 DIRECTORATE RISKS

- 4.1 The table below shows the profile of risks across the Red Amber Green (RAG) range and comparison with the previous profile from the last report to Committee in May 2016.

ANALYSIS OF RESIDUAL RISKS AS AT DECEMBER 2016

Corporate Risks	1	0	1	3	1	0	3	3

5.0 ALIGNMENT WITH CORPORATE PRIORITIES

5.1 Developing the local economy for the benefit of all

The services covered by the Risk Register play a significant role in enabling the Council to achieve this priority. Managing risk is an important part of ensuring that those services are delivered.

5.2 Helping people live healthy and independent lives

The services covered in the Risk Register play a significant role in enabling the Council to achieve this priority. Managing risk is an important part of ensuring that those services are delivered.

5.3 Supporting and protecting vulnerable people

The services covered in the Risk Register play a significant role in enabling the Council to achieve this priority. Managing risk is an important part of ensuring that those services are delivered.

6. SIGNIFICANT IMPLICATIONS

6.1 Resource and Performance Implications

Effective risk management should ensure that the Council is aware of the risks which might prevent it from managing its finances and performance to a high standard. The Council is then able to ensure effective mitigation is in place to manage these risks.

6.2 Statutory, Risk and Legal Implications

The Risk Management process seeks to identify any significant risks which might prevent the Council from achieving its plans as detailed in the Council's Business Plan or from complying with legislative or regulatory requirements. This enables mitigation to be designed to control each risk, either to prevent the risk happening in the first place or if it does to minimise its impact on the Council.

6.3 Equality and Diversity Implications

Not directly applicable

6.4 Engagement and Consultation

The Corporate Risk Register has been subject to review by the Officer Risk Champions Group and Strategic Management Team.

6.5 Public Health

There are no significant implications in respect of Public Health.
