SUMMARY

| AUDIT SCOP | AUDIT SCOPE AND OBJECTIVES | | | |
|--------------|---|---|--|--|
| Audit status | | We have completed our audit procedures in accordance with the planned scope and our objectives have been achieved. | | |
| Audit risks | | Subsequent to our Planning Report to you, dated 3 March 2017, and following receipt of the draft financial statements, we revisited our risk assessment. This resulted in the risk of material misstatement associated with the pension liability assumptions being increased from normal to significant. | | |
| Materiality | | Our final materiality is £16.5 million. This has been updated from our Planning Report to reflect final amounts in the financial statements. | | |
| Changes to a | audit approach There were no other significant changes to our planned audit approach nor were any restrictions placed on our audit. | | | |

KEY AUDIT AND ACCOUNTING MATTERS

Material misstatements

Our audit identified that £100m of grant income associated with the City Deal arrangement should have been recognised as income in 2015/16.

Our audit also identified the following material misstatements regarding 2015/16 balances in the cash flow statement and associated notes:

- Grants for financing capital expenditure were removed from operating activities using a value that differed to the correct value by £170.3m due to an incorrect calculation of cash flow, application of an incorrect direction of movement and the prior period adjustment required for City Deal grant income.
- The value of capital grants received through investing activities was misstated by £136.8m due to an incorrect calculation of cash flow, application of an incorrect direction of movement and the prior period adjustment required for City Deal grant income.
- Values for the net deficit on the provision of services and increase in debtor balance were misstated by £97.778m due to the prior period adjustment required for City Deal grant income.

Our audit identified the following material misstatements regarding 2016/17 balances in the cash flow statement and associated notes:

- Grants for financing capital expenditure were removed from operating activities using a value that differed to the correct value by £150.7m due to an incorrect calculation of cash flow, application of an incorrect direction of movement and adjustment to account for City Deal grant income.
- The value of capital grants received through investing activities was misstated by £168.4m due to an incorrect calculation of cash flow, application of an incorrect direction of movement and adjustment to account for the City Deal grant income.

Management have amended the financial statements to correct the above misstatements. These corrections and the adjusted misstatements referred to below have increased the deficit on the provision of services by £38.339m.

| KEY AUDIT AND ACCOUNTING MATTERS | | | |
|----------------------------------|---|--|--|
| Adjusted misstatements | Our audit identified three immaterial misstatements in respect of intercompany transactions, incorrect recognition of revenue expenditure funded from capital under statute (REFCUS) and incorrect calculation of depreciation associated with infrastructure assets. Management has amended each of these misstatements in the final financial statements. A number of other presentational changes have been made to the financial statements as a result of the audit, primarily to correct inaccurate or | | |
| | missing disclosures. | | |
| Unadjusted audit differences | We have identified five unadjusted audit differences in respect of the following: An understatement of the pension fund liability of £6.047m An overstatement of creditors of £3.759m An understatement of payroll expenditure of £399,000 Two unadjusted audit differences reported in 2015/16 have been brought forward because the decision not to adjust in last year's financial statements means that this year's financial statements are misstated. Both related to misstatement of expenditure accruals, the net impact of which was an understatement of expenditure in 2015/16 of £710,000 and a consequent overstatement of expenditure in this year's financial statements of the same amount. We also identified a number of unadjusted disclosures, primarily relating to the retention of notes relating to immaterial amounts recognised in the financial statements. | | |
| Control environment | Our audit did not identify any significant deficiencies in internal controls. | | |

| AUDIT OPINION | |
|-----------------------------|---|
| Financial statements | We issued an unmodified opinion on the financial statements for the year ended 31 March 2017. |
| Annual governance statement | We have no exceptions to report in relation to the consistency of the Annual Governance Statement with the financial statements or our knowledge. |
| Use of resources | We issued an unmodified opinion on the use of resources for the year ended 31 March 2017. |

SUMMARY

| OTHER MATTERS FOR TH | OTHER MATTERS FOR THE ATTENTION OF THE AUDIT AND ACCOUNTS COMMITTEE | | |
|---------------------------------------|--|--|--|
| Whole of Government Accounts (WGA) | Our review of the WGA Data Collection Tool (DCT) remains in progress. | | |
| Audit independence | Our observations on our audit independence and objectivity and related matters are set out in Appendix IV. We confirm our independence. | | |
| Audit certificate | We have received an objection from a local elector relating to matters concerning payments made to, and the governance exercised in respect of, contracts and procurement processes. Our work is still in progress and we will be unable to issue the certificate on the audit until the objection is closed. We are satisfied that the matters raised in the objection do not have a material impact on the financial statements or use of resources opinions. The issue of the audit certificate also requires completion and sign off of the WGA work. | | |

INTRODUCTION

PURPOSE AND USE OF THIS REPORT

We present our Audit Completion Report to the Audit and Accounts Committee, which details the key findings arising from the audit for the attention of those charged with governance. It forms a key part of our communication strategy with you, a strategy which is designed to promote effective two way communication throughout the audit process.

As auditors we are responsible for performing our audit in accordance with International Standards on Auditing (UK & Ireland) which provide us with a framework which enables us to form and express an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management nor those charged with governance of their responsibilities for the preparation of the financial statements.

The contents of this report relate only to those matters which came to our attention during the conduct of our normal audit procedures which are designed primarily for the purpose of expressing our opinion on the financial statements and use of resources. As the purpose of the audit is for us to express an opinion on the financial statements and use of resources, you will appreciate that our audit cannot necessarily be expected to disclose all matters that may be of interest to you and, as a result, the matters reported may not be the only ones which exist. As part of our work, we considered internal control relevant to the preparation of the financial statements such that we were able to design appropriate audit procedures. This work was not for the purpose of expressing an opinion on the effectiveness of internal control.

This report has been prepared solely for the use of the Audit and Accounts Committee. In preparing this report we do not accept or assume responsibility for any other purpose or to any other person.

We would like to thank staff for their co-operation and assistance during the audit and throughout the period.

AUDIT QUALITY

BDO is totally committed to audit quality. It is a standing item on the agenda of BDO's Leadership Team who, in conjunction with the Audit Stream Executive (which works to implement strategy and deliver on the audit stream's objectives), monitor the actions required to maintain a high level of audit quality within the audit stream and address findings from external and internal inspections. BDO welcome feedback from external bodies and is committed to implementing necessary actions to address their findings.

We recognise the importance of continually seeking to improve audit quality and enhancing certain areas. Alongside reviews from a number of external reviewers, the AQR (the Financial Reporting Council's Audit Quality Review team), QAD (the ICAEW Quality Assurance Department) and the PCAOB (Public Company Accounting Oversight Board who oversee the audits of US firms), the firm undertake a thorough annual internal Audit Quality Assurance Review and as member firm of the BDO International network we are also subject to a quality review visit every three years. We have also implemented additional quality control review processes for all listed and public interest audits.

More details can be found in our latest Transparency Report at www.bdo.co.uk.

AUDIT RISKS

We assessed the following matters as audit risks as identified in our Planning Report dated 3 March 2017. Following receipt of the draft accounts, we revisited our risk assessment. This resulted in the risk of material misstatement associated with the pension liability assumptions being increased from normal to significant.

Below we set out how these risks have been addressed and the outcomes of our procedures.

Key: ■ [S] - Significant risk ■ [N] - Normal risk

| AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|------------|---|--|---|
| | Auditing standards presume that a risk of management override of controls is present in all entities and require us to respond to this risk by testing the appropriateness of accounting journals and other adjustments to the financial statements, reviewing accounting estimates for possible bias and obtaining an understanding of the business rationale of significant transactions that appear to be unusual. By its nature, there are no controls in place to mitigate the risk of management override. | Our response to this risk included: testing the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements reviewing accounting estimates for biases and evaluating whether the circumstances producing the bias, if any, represent a risk of material misstatement due to fraud obtaining an understanding of the business rationale for significant transactions that are outside the normal course of business for the entity or that otherwise appear to be unusual. | Our audit work in relation to journals has not identified any significant issues. We have not found any indication of management bias in accounting estimates. No unusual or transactions outside of the normal course of business were identified. |

| | AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|---|-------------------------|--|---|---|
| 2 | Revenue recognition [S] | Under auditing standards there is a presumption that income recognition presents a fraud risk. In particular, we consider there to be a significant risk in respect of the existence (recognition) of revenue and capital grants that are subject to performance and / or conditions before these may be recognised as revenue in the comprehensive income and expenditure statement (CIES). We also consider there to be a significant risk in relation to the existence of fees and charges and investment rental income recorded in the CIES with a particular focus on year-end cut off. | We tested a sample of grants subject to performance and / or conditions to confirm that conditions of the grant have been met before the income is recognised in the CIES. We tested an increased sample of fees and charges to ensure income has been recorded in the correct period. | We identified that £8.194m of intracompany income generated by providing services to schools had been incorrectly recognised in the CIES. Further details are provided on page 18. Our review of the treatment of the grant income associated with the City Deal arrangement identified that grant income of £100m should have been recognised in full in the Council's CIES in 2015/16 when the grant was awarded. Further details regarding the City Deal arrangement are included on page 13. |

| | AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|---|--|---|---|--|
| 3 | Property, plant and equipment valuations [S] | Local authorities are required to ensure that the carrying value of property, plant and equipment (PPE) is not materially different to the fair value at the balance sheet date. Management engages an external valuer to undertake a rolling revaluation programme which ensures that all assets are revalued at least once every five years. Assets are valued as at 1 April of the financial year in question. The Council has engaged a new external valuer for 2016/17. There is a risk over the valuation of land and buildings where valuations are based on assumptions which are different from those applied in the prior year. | We reviewed the instructions provided to the valuer and reviewed the valuer's skills and expertise in order to determine if we could rely on the management expert. We confirmed that the basis of valuation for assets valued in year is appropriate based on their usage. We confirmed that an instant build modern equivalent asset basis has been used for assets valued at depreciated replacement cost. We reviewed the movements in valuations with other relevant market indices to assess the reasonableness of the valuations. See also page 14 for further detail. | From our review of the instructions provided to the valuer and assessment of the expertise of the valuer, we are satisfied that the valuation has been undertaken in accordance with the requirements of the Code. We are satisfied that the information provided to the valuer by the Council relating to those assets subject to revaluation is appropriate and that the revaluation movements have been accounted for correctly. Our review of the reasonableness of valuation assumptions applied to other land and buildings is noted on page 14. |

| | AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|---|-----------------------------------|---|--|---|
| 4 | Pension liability assumptions [S] | The net pension liability comprises the Council's share of the market value of assets held in the Cambridgeshire Pension Fund and the estimated future liability to pay pensions. An actuarial estimate of the pension fund liability is calculated by an independent firm of actuaries with specialist knowledge and experience. The estimate is based on the most up to date membership data held by the pension fund and has regard to local factors such as mortality rates and expected pay rises along with other assumptions around inflation when calculating the liability. There is a risk the valuation is not based on accurate membership data or uses inappropriate assumptions to value the liability. | We agreed the disclosures to the information provided by the pension fund actuary. We reviewed the reasonableness of the assumptions used by the pension fund actuary. We have used the PwC consulting actuary report commissioned by the NAO on behalf of all local authority auditors for the review of the methodology of the actuary and reasonableness of their assumptions. We agreed the disclosures to the report received from the actuary. | We have no matters to report. Our review of the reasonableness of the assumptions used to calculate the pension liability is included in the table on page 16. |

| | AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|---|---|------------------|---|-------------------------------|
| 5 | Changes in presentation of the financial statements [N] | Statement (CIES) | We reviewed the draft financial statements and checked these against the CIPFA Disclosure Checklist to ensure that all the required presentational changes have been correctly reflected within the financial statements. We reviewed the Council's methodology for allocating income and expenditure transactions to new CIES headings to ensure that they are consistent with the requirements of the Code of Practice on Local Authority Accounting. We reviewed the Council's restatement of the prior year CIES and confirmed that restated items reconcile to the audited 2015/16 financial statements. | We have no matters to report. |

| | AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|---|---|---|--|---|
| 6 | Treatment of revenue expenditure funded from capital under statute (REFCUS) | In the prior year, our audit identified that the value of REFCUS transactions were being netted off against net cost of services income and expenditure in the CIES. The introduction of the new layout of the CIES and the resulting changes in the presentation of income and expenditure increase the risk that REFCUS transactions may be incorrectly accounted for in the current year. | We tested a sample of REFCUS transactions to confirm that they were correctly recognised and presented in the CIES. | Our testing of a representative sample of REFCUS transactions recognised in the draft financial statements identified transactions relating to expenditure on assets owned by the Council. These transactions do not meet the definition of REFCUS. Further work was undertaken by the Council to identify all transactions affected by this error. We tested a sample of these transactions to confirm that they had been incorrectly classified as REFCUS. REFCUS transactions with a value of £9.053m were reclassified as impairments in the draft financial statements. Management agreed to correct this error in the final version of the financial statements. |
| 7 | Senior officers' remuneration [N] | There has been a reorganisation of senior staff within the year increasing the risk that the associated disclosures included in the financial statements are presented incorrectly. | We reviewed the senior officer remuneration disclosures against the CIPFA Disclosure Checklist to confirm all required elements have been included. We confirmed that salary amounts disclosed are correct by agreeing to amounts disclosed to reports from the payroll system. | We identified that employer pension contribution amounts disclosed for four of the eight senior officers included in the disclosure were overstated. Management agreed to correct this error in the final version of the financial statements. |

| | AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|---|--------------------------------------|---|--|---|
| 8 | Related party transactions [N] | We need to consider if the disclosures in the financial statements concerning related party transactions are complete and adequate and in line with the requirements of the accounting standards. There is a risk that related party transaction disclosures are omitted from the financial statements, or do not accurately reflect the underlying related party transaction, resulting in material misstatement. | We documented the related party transactions identification procedures in place and reviewed relevant information concerning any such identified transactions. We discussed with management and reviewed member and Senior Officer declarations to ensure there are no potential related party transactions which have not been disclosed. | Subject to clearance of points raised from quality control review relating to the disclosure of related party transactions, we have no matters to report. |

| | AUDIT AREA | RISK DESCRIPTION | HOW RISK WAS ADDRESSED BY OUR AUDIT | AUDIT FINDINGS AND CONCLUSION |
|---|---|--|--|---|
| 9 | Grant received in relation to City Deal [N] | The Council classified £17.8m of its City Deal grant funding as capital grant receipts in advance in 2015/16. Upon review of grant conditions, in response to recommendations made last year, the Council has concluded that there were no unsatisfied conditions in respect of this grant as at 31 March 2016 and has recognised the £17.8m in the CIES in 2016/17. We consider there to be a risk in respect of the completeness, existence and accuracy of the amounts recognised in respect of City Deal funding. | We obtained and reviewed the grant letter from the Treasury and the grant agreement document to establish whether or not there are any conditions or restrictions associated with the City Deal grant funding. We reviewed the Council's treatment of the City Deal grant funding to confirm that it is consistent with the requirements of the Code. | During the audit we challenged the Council's accounting treatment of the City Deal grant income. After further consideration, the Council concluded that the Greater Cambridge Partnership Executive Board is responsible for deciding how the City Deal grant income is used. The Council has the formal role of the Accountable Body. Whilst this role may allow the Council to veto decisions made by the Executive Body on the grounds of legality or "appropriateness", the likelihood of this occurring is considered remote due to the level of scrutiny of schemes required prior to their approval. Therefore, the Council concluded that the Executive Board has control of the grant funding. Our review of the arrangements between the Executive Board and the Council confirmed that it is clear that the expectation of the Executive Board is that the grant funding will be spent by the Council on infrastructure projects approved by the Executive Board (hence the Council is also acting as the scheme promoter with responsibility for delivering each of the infrastructure schemes within the City Deal programme). This expectation transfers control of the grant to the Council. The Code requires that grants should be recognised immediately as income unless any conditions have not been met. The Council concluded that the grant income awarded in 2015/16 (£100m, to be paid in 5 annual instalments of £20m) had some restrictions but did not have any stipulations attached to it that constituted conditions regarding its use. The Council has therefore recognised a prior period adjustment to account for the £100m of grant income in 2015/16. We reviewed the revised accounting treatment and concurred with the Council's judgements and revised treatment. |

SIGNIFICANT ACCOUNTING ESTIMATES

Land and buildings valuations

ESTIMATE

Land and buildings are valued by reference to existing use market values

Some specialist buildings are valued at depreciated replacement cost (DRC) by reference to building indices FINDINGS

- The Council's valuation programme in 2016/17 comprised the following:

 Revaluation of assets due to be valued as part of the five yearly cycle
- Revaluation of assets which have been subject to significant capital works or alterations in year
- Revaluation of all assets held at fair value
- Valuation of specialist assets with a carrying value exceeding £5m

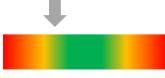

The valuation programme was completed by external valuation expert Wilkes Head and Eve (WH&E) as at 1 April 2016. A desktop valuation review was completed by WH&E as at 31 March 2017 for all assets valued at depreciated replacement cost with a netbook value in excess of £5m and any other assets subject to significant capital works per the Council's capital programme. A market review was also completed as at 31 March 2017 to assist the Council in determining whether assets not subject to revaluation were materially misstated.

The Council accounted for net revaluation increases of £21.9m as a result of these valuation exercises. We tested a representative sample of land and buildings subject to revaluation, and challenged the valuer where individual movements appear unusual, and we are satisfied that overall the Council's valuations fall within a reasonable range. We also reviewed assets where there has been no movement in value to confirm that this is consistent with our expectations. This work did not identify any matters which require reporting to you.

We reviewed the assumptions used by the valuer for specialist assets valued on a depreciated replacement cost (DRC) basis and other land and buildings valued on an existing use (EUV) basis, which in some instances differed from those used in the prior period. Discussion with the valuer, who were engaged for the first time in 2016/17, enabled us to conclude that the assumptions used are reasonable. Changes in assumptions used have not resulted in valuations which fall outside of our expected reasonable range.

The market review completed by the valuer concluded that only specialist assets valued on a depreciated replacement cost basis may have materially moved in value between the 1 April 2016 valuation and 31 March 2017. The valuer's estimated increase in DRC assets of 6% is based on national build costs for asset types relevant to the Council, adjusted using a location factor determined by Royal Institution of Chartered Surveyors. This compares to a maximum of 5.14% based on unadjusted national build costs. Applying the 6% increase to DRC assets not valued as at 31 March 2017 indicates a maximum valuation increase of £8.3m, which is immaterial.

PRUDENT AGGRESSIVE

FINDINGS (continued)

We agree with the valuer's judgement that EUV assets will not have moved by a material amount since the 1 April 2016. Our estimation based on Investment Property Databank (IPD) indices in the eastern region suggests a maximum possible valuation increase of £6.5m, which is immaterial. The Council has not made any adjustments to reflect the potential increases in asset values described in WH&E's market report. This results in a more prudent valuation.

As noted above, the Council engaged a new external valuer in 2016/17. The new valuer employed different valuation methodologies which in turn resulted in different assumptions being used. The Council should consider the effect of changes in the assumptions used when developing its valuation estimate and should monitor the outcome of the prior year valuation estimate in the context of the different assumptions used in 2016/17. The impact of changes in assumption could be considered, for instance, through sensitivity analysis. The Council has not been able to provide evidence of such a review being undertaken in respect of all assumptions. This shows a deficiency in control when determining the current year valuation estimate and in assessing the reasonableness of the estimate determined in the prior period given the information now available. Changes in assumptions applied between years can have a material impact on the valuation estimate. The control deficiency identified is likely to impede the Council's ability to assess the reasonableness of its professional valuer's conclusions and the accuracy of its estimates for the current and prior year valuations. We have raised a recommendation regarding this matter.

SIGNIFICANT ACCOUNTING ESTIMATES Pension liability assumptions **ESTIMATE FINDINGS AUDIT CONCLUSION** The actuary has used the following assumptions to value the future pension liability: The key assumptions include estimating Actual Actuary future expected cash Assumption/ used flows to pay pensions including inflation, PwC assessment of actuary range to market expectations range salary increases and RPI increase 3.4% 3.4% Reasonable mortality of members: CPI increase 2.4% 2.4% Reasonable and the discount rate **PRUDENT AGGRESSIVE** to calculate the 2.7% 2.7% Reasonable Salary increase present value of these Pension increase 2.4% 2.4% Reasonable cash outflows 2.6% 2.5-2.7% Reasonable Discount rate vield curve Mortality - LGPS: - Male current 24 years 23.7-24.4 Reasonable Female current 26.3 years 26.2-26.9 Reasonable Male retired 22.4 years 21.5-22.8 Reasonable Female retired 24.4 years 24.1-25.1 Reasonable Overall impact of assumptions PwC concluded that overall the methodologies used by Hymans Robertson to establish the assumptions used to calculate the pension liability are reasonable. Conclusion We are satisfied that the assumptions used by the Council are consistent with the ranges proposed by the actuary and that the ranges proposed by the actuary are consistent with market expectations.

OTHER ISSUES

We comment below on other issues identified in the course of our audit, of which we believe you should be aware:

| | AUDIT AREA | AUDIT FINDINGS |
|----|--|--|
| 10 | Prior period adjustment - NDR appeals | The Council has recognised a prior period adjustment relating to the incorrect recognition of a provision for NDR appeals within the short term creditors balance. The value of the adjustment is £2.603m, which is immaterial. The Code, in accordance with IAS 8, requires that only material errors are corrected in the prior period financial statements. Whilst it does not prohibit the correction of immaterial prior period errors, such a correction is unnecessary and adds unnecessary complexity to the financial statements for users as well as requiring additional accounts preparation work by the Council's close down team. This has not been amended in the final financial statements. |
| 11 | s106 Receipt in Advance - no supporting documentation | A £1 million section 106 contribution was received in March 2005 from Cambridge City Council, which relates to the South Cambs Area Transport Plan. No agreement can be found for this and the Council has cited the age of the agreement as the reason. The lack of supporting documentation means that we were unable to confirm the value of the associated balance recognised in Capital Grant Receipts in Advance. The value of the unsupported balance is £864,275. We were also unable to confirm whether or not the amount should have been released to the CIES (because there were no conditions specified or those conditions have now been met) or returned to the grantor (because the Council has failed to comply with the conditions). We extrapolated this unsupported balance across the untested population of \$106 receipts in advance to give a projected misstatement of £2.058 million. We are therefore satisfied that this matter does not have a material impact on the financial statements individually or in aggregate with the unadjusted audit differences identified at Appendix I. |
| 12 | Schools payroll - salary bandings greater than £50k and termination benefits | Our testing of the salary bandings and termination benefit disclosure identified that the schools' payroll provider had not provided the Council with information regarding actual values for salaries and termination benefits prior to publication of the draft financial statements. Amounts disclosed in these notes were therefore based on estimated values rather than actual values. Management obtained actual values during the course of the audit and have updated the disclosures in the financial statements. |
| 13 | Schools' Payroll - supporting documentation | We were unable to obtain supporting documentation relating to amendment forms for changes to hours and salary bandings for school employees directly from the employing schools. In order to support the amounts selected for testing, it was necessary for management to request the information directly from the schools payroll provider. We have now received and reviewed this information and concluded that it is sufficient for our purposes. |

| | AUDIT AREA | AUDIT FINDINGS |
|----|---|---|
| 14 | Completeness of adult social care expenditure | We selected a sample of transactions from Swift (the Council's adult social care system) and performed audit procedures on that sample to obtain assurance over the completeness of adult social care transactions posted in the general ledger. In two instances the expenditure (with a combined value of £1,636) had not been reflected in the 2016/17 general ledger despite relating to this |
| | | period. In both instances the care providers with which the expenditure was incurred had been added to the Adults Finance Module (the system which facilitates automatic payments to care providers based on data held in Swift) in the final quarter of 2016/17 but had not been added to Swift until the first quarter of 2017/18. As a result no accruals were raised for the 2016/17 expenditure and the expenditure for 2016/17 care was recognised in the 2017/18 ledger. |
| | | We identified the sub population affected by this error, which has a value of £2.797m. We tested an additional sample of transactions from this sub population and have not identified any further errors. Therefore, we are satisfied that this is has not led to a material misstatement. |
| 15 | Intracompany income generated from services provided to | Income from schools for services provided by the Council (including cleaning and catering services and financial advisory services) was been included within the Council's CIES, as was the related expenditure from the school's perspective. The Code requires that intragroup income and expenditure with the schools should be excluded from the financial statements. |
| | Schools. | Income and expenditure included in the deficit on the provision of services are both overstated by £8.194m. Management has agreed to amend the accounts for this error. |
| 16 | Value of pension fund assets | We have compared the rate of return on fund assets estimated by the actuary (25%) to the actual fund returns reported in the pension fund accounts (24.17%). We have calculated the projected impact of the difference between the two rates on the net liability recognised in the Council's balance sheet. This results in a judgemental understatement of the net pension liability of £6.047m. We have recorded this as an unadjusted error at Appendix 1. |

OTHER REPORTING MATTERS

We comment below on other reporting required to be considered in arriving at the final content of our audit report:

| | MATTER | COMMENT |
|----|--|--|
| 17 | The draft financial statements, within the Statement of Accounts, was prepared and provided to us for audit on 23 June 2017. | The draft financial statements were provided to us for audit two weeks later than planned, on 23 June 2017. They were substantially but not fully complete. The unaudited draft financial statements were published on the Council's website on 30 June 2017. |
| | As part of our planning for the audit, we | We experienced significant delays in obtaining evidence to support our sample testing of some areas of the financial statements. |
| | prepared a detailed document request which outlined the information we would require to complete the audit. | The deadline for publication of the unaudited 2017/18 draft financial statements has been brought forward to 31 May 2018, with audited accounts to be published by 31 July 2018. The Council must ensure that it has robust processes in place to produce good quality, complete and Code compliant financial statements in accordance with the revised timetable. The close down team must also engage with other areas of the Council to ensure that they are able to support the audit process by providing robust audit evidence promptly. We understand from management that the Council have begun this process. |
| 18 | We are required to review the draft Annual Governance Statement and be satisfied that it is not inconsistent or misleading with other information we are aware of from our audit of the financial statements, the evidence provided in the Council's review of effectiveness and our knowledge of the Council. | We have no matters to report. |
| 19 | We are required to read all the financial and non-financial information in the | Our review of the Narrative Report to the financial statements identified that further context should be included regarding the performance indicators disclosed and Management agreed to add additional information. |
| | Narrative Report to the financial statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. | We also made a number of suggestions to improve the usefulness of the Narrative Report to readers of the accounts. We have made a recommendation regarding this matter. |

CONTROL ENVIRONMENT

We are required to report to you, in writing, significant deficiencies in internal control that we have identified during the audit. These matters are limited to those which we have concluded are of sufficient importance to merit being reported to you.

As the purpose of the audit is for us to express an opinion on the Council's financial statements, you will appreciate that our audit cannot necessarily be expected to disclose all matters that may be of interest to you and, as a result, the matters reported may not be the only ones which exist. As part of our work, we considered internal control relevant to the preparation of the financial statements such that we were able to design appropriate audit procedures. This work was not for the purpose of expressing an opinion on the effectiveness of internal control.

We note that the Council's internal audit function has issued a number of observations and recommendations on the Council's control environment during 2016/17. We have not repeated these recommendations in this report unless we consider them to highlight significant deficiencies in control which we are required to report to you.

SIGNIFICANT DEFICIENCIES

The Oracle accounting system does not prevent staff from posting and authorising their own journals and there is no independent authorisation process in place. This has been identified as a significant deficiency in internal control in the previous two years. There are compensating controls in place that are reasonably designed to prevent and detect incorrect postings, including segregation of duties. Our testing of journals has not identified any lapses in segregation of duties.

OTHER DEFICIENCIES

We identified other deficiencies in controls which have been discussed with management and included in the action plan at Appendix II.

WHOLE OF GOVERNMENT ACCOUNTS

We comment below on other reporting required:

MATTER COMMENT

For Whole of Government Accounts (WGA) component bodies that are over the prescribed threshold of £350 million in any of: assets (excluding property, plant and equipment); liabilities (excluding pension liabilities); income or expenditure we are required to perform tests with regard to the Data Collection Tool (DCT) return prepared by the Authority for use by the Department of Communities and Local Government for the consolidation of the local government accounts, and by HM Treasury at Whole of Government Accounts level. This work requires checking the consistency of the DCT return with the audited financial statements, and reviewing the consistency of income and expenditure transactions and receivables and payable balances with other government bodies.

Local authorities' were required to submit the unaudited DCT to HM Treasury and auditors by 7 July 2017. The Council agreed an extension of this deadline with HM Treasury to 28 July 2017 and submitted a draft DCT on 27 July 2017. Due to a problem with the DCT which required resolution by HM Treasury, the DCT was not locked until 25 August 2017, at which point it was submitted to HM Treasury and BDO.

Our review of the WGA Data Collection Tool (DCT) is in progress but this does not have a material impact on the financial statements. However, our audit completion certificate has not been issued as completion of the WGA work is required before this can be done.

USE OF RESOURCES

We are required to be satisfied that proper arrangements have been made to secure economy, efficiency and effectiveness in the use of resources (value for money). This is based on the following reporting criterion:

In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people.

There are three sub criteria that we consider as part of our overall risk assessment:

- Informed decision making
- Sustainable resource deployment
- Working with partners and other third parties.

We reported our risk assessment, which included use of resources significant risks, in the 2016/17 Planning Report issued in March 2017. We have since undertaken a more detailed assessment of risk following our completion of the interim review of financial controls and review of the draft financial statements.

We report below our findings of the work designed to address these significant risks and any other relevant use of resources work undertaken.

Key: ■ [S] - Significant risk

pressure remains and plans are being developed to manage the financial

USE OF RESOURCES

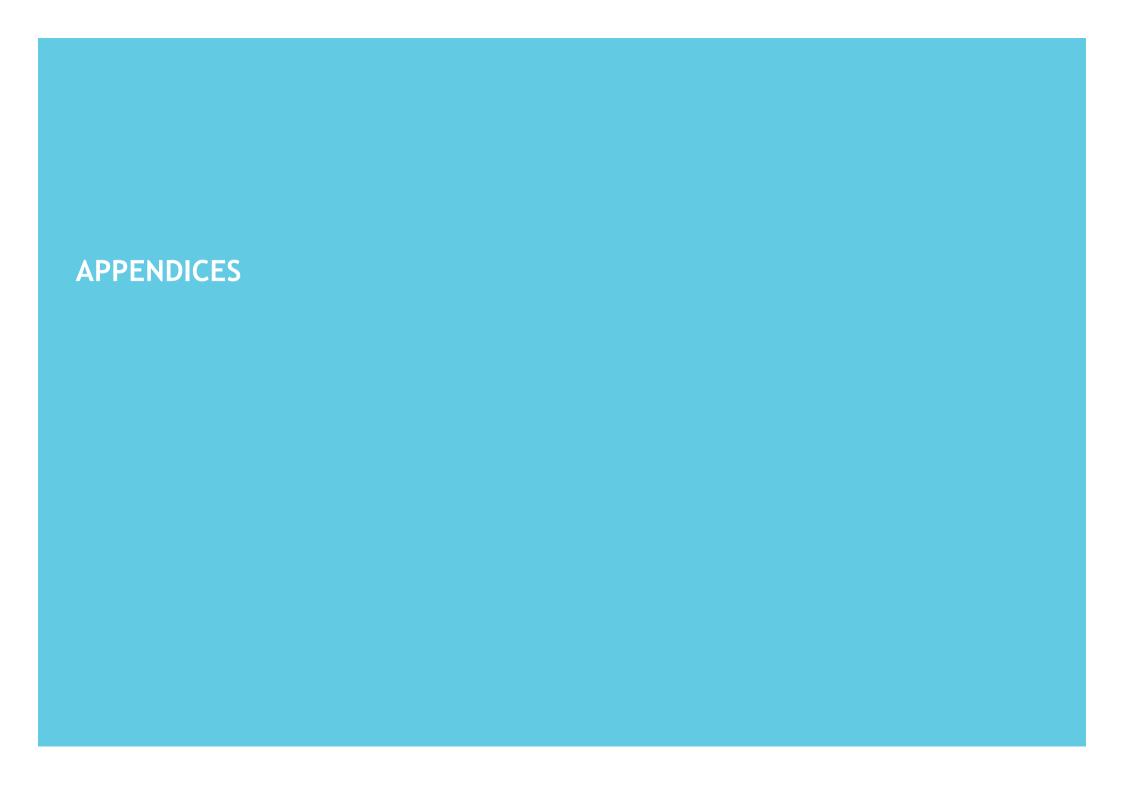

RISK AREA RISK DESCRIPTION AND WORK PERFORMED **AUDIT FINDINGS AND CONCLUSION** Sustainable finances The updated Medium Term Financial Strategy, to 2021/22, forecasts that the In 2016/17 there was a £510k (0.1%) overspend against the revenue Council will need to make £101m of savings over the next five years, driven budget and an underspend of £5.3m against the capital programme. [S] by inflationary, demographic and service pressures alongside reductions in Children, Families and Adults had the largest revenue overspend in the central government funding. year of £5m, offset by underspends in assets and investments and financing. The underspend in the capital programme is attributed to the In response to this, the Council has embarked upon a Transformation timing of spending. General reserves have reduced to 2.8% of budgeted Programme to change the way that it delivers its services. This is still in its 2017/18 gross non-school expenditure which is below the 3% minimum. early stages but its success will underpin the Council's ability to maintain recommended. It is anticipated this will be addressed during the financial sustainability in the medium term. 2018/19 business planning process. Total usable reserves reported in We reviewed the reasonableness of the assumptions used in the Medium the financial statements have reduced from £210,336,000 to Term Financial Strategy and considered the reasonableness of the £157,778,000. assumptions applied in the forecasts in respect of cost pressures and Positive progress has been made in the year to improve the business government grant reductions. planning process with a more rigorous approach being applied and We reviewed the progress being made in respect of the Transformation greater scrutiny. It continues to evolve and it is recognised that time is Programme, including how the programme is being managed in the context needed for the new ways of working to filter down through the teams of the new arrangements associated with devolution. and embed the new culture. Internal Audit completed a detailed review of the Business Planning process providing "moderate assurance" over the arrangements and we recommend that proposals are implemented. The review recognised the rapid transformation of the Business Planning process and that it continues to evolve, however delivery of savings was challenging and the new ways of working needed to filter down through the teams. There is a savings tracker in place that is reported to the General Purposes Committee to ensure there is scrutiny and oversight of the Council's direction of travel with plans and proposals. In the current financial year (2017/18) the Council reported as at the end of May a forecast year end overspend of £2.1m against the budget which is expected to increase to £4m, predominantly due to overspends in Children, Families and Adults. The Tracker shows that as at the end of May 2017 there is a £2.5m shortfall against the plan and overall savings target of £30.8m. There are 16 savings plans rated red totalling £4.3m (although less than that amount will be at risk) however the Council has identified more savings schemes than needed to deliver the budget to mitigate against delays in implementation or non-delivery. The £4m

position.

The Transformation Fund was created during 2016/17 to develop 'invest to save' schemes to transform Council services. During its first months in 2016/17 there were 5 schemes approved and only 2 drawn down totalling £312k. The fund therefore had limited use during the year and it is too early to demonstrate any significant impact on the Council's financial position. We will continue to monitor spend and outcomes during the forthcoming year and note that in 2017/18 schemes reported amount to approx. £6m with 4 schemes not having incurred any expenditure in quarter 1 while 3 schemes are rated "Red" and 4 schemes rated amber reflecting re-phasing of savings and some non-delivery.

The medium term financial position remains a significant challenge to the Council to deliver which is acknowledged and recognised within the Council's risk register. The Business Plan has been based on reasonable assumptions using the latest information the Council has available and is updated regularly. Managing spend in demand led services is critical to delivery of the Business Plan as well as to transforming services. The 2018/19 budget is expected to be balanced with a range of proposals being developed to deliver the required level of savings.

The new Combined Authority (CA) has taken on some of the Council's responsibilities, particularly in relation to Transport. As a result additional funding has been made available for the region that will bring benefits to it. The Council is represented on the CA Board, but the Board has yet to publish its vision and detailed financial plans and therefore it is too early to assess the impact the CA has on the Council and its responsibilities and finances. We will continue to monitor the progress and activity of the CA.

APPENDIX I: AUDIT DIFFERENCES

We are required to bring to your attention audit differences identified during the audit, except for those that are clearly trivial, that the Audit and Accounts Committee is required to consider. This includes: audit differences that have been corrected by management; and those that remain uncorrected along with the effect that they have individually, and in aggregate, on the financial statements.

ADJUSTED AUDIT DIFFERENCES

Our audit has identified the following material misstatements which have been adjusted by management:

- A prior period adjustment to recognise grant income of £100m associated with the City Deal arrangement
- Prior period adjustments were required to the cash flow statement as follows:
 - Grants for financing capital expenditure were removed from operating activities using a value that differed to the correct value by £170.3m due to an incorrect calculation of cash flow, application of an incorrect direction of movement and the prior period City Deal grant income adjustment.
 - The value of capital grants received through investing activities was misstated by £136.8m due to an incorrect calculation of cash flow, application of an incorrect direction of movement and the prior period City Deal grant income adjustment.
 - Values for the net deficit on the provision of services and increase in debtor balance were misstated by £97.778m due to the prior period City Deal grant income adjustment.
- Adjustments were required to the cash flow statement in the current period as follows:
 - Grants for financing capital expenditure were removed from operating activities using a value that differed to the correct value by £150.7m due to an incorrect calculation of cash flow application of an incorrect direction of movement and the prior period City Deal grant income adjustment.
 - The value of capital grants received through investing activities was misstated by £168.4m due to an incorrect calculation of cash flow, application of an incorrect direction of movement and the prior period City Deal grant income adjustment.

Management made non-material adjustments relating to the following:

- Intragroup income and expenditure in respect of schools catering overstated by £8.194m
- Reclassification of expenditure of £9.054m incorrectly recognised as REFCUS to impairments
- Depreciation charged in respect of infrastructure assets understated by £550,000

These amendments, together with the other non-material amendments that management has processed in the revised financial statements, have increased the deficit on the provision of services by £38.339m.

A number of non-material disclosure adjustments have been made as described elsewhere within this report.

UNADJUSTED AUDIT DIFFERENCES

There are five unadjusted audit differences identified by our audit work (including one unadjusted difference relating to the impact of brought forward unadjusted misstatements identified following completion of the prior year audit) which would, if corrected, decrease the deficit on the provision of services by £1.508m. You consider these identified misstatements to be immaterial in the context of the financial statements taken as a whole. We concur with this judgement however we also request that you correct where able even though not material.

APPENDIX I: AUDIT DIFFERENCES

UNADJUSTED DISCLOSURE MATTERS

The following unadjusted disclosure matters were noted:

- The draft financial statements included a number of superfluous disclosures relating to immaterial balances which we highlighted to management. These included notes relating to the following:
 - Investment properties
 - Assets held for sale
 - Accumulated absences account
 - Prior period adjustment disclosure relating to NDR appeals
- The tables in the 'Private finance initiatives and similar contracts' note incorrectly disclose repayments of capital relating to PFI schemes under the 'CIES' heading. The tables showing future commitments disclose a single value comprising contingent rents and interest. This presentation is inconsistent with the requirements of the Code, which specifies that such amounts to be disclosed separately.
- The table included in the 'Refinancing and Maturity Risk' section of the 'Nature and extent of risks arising from financial instruments' note should be prepared on a nominal cash basis. The Council has excluded accrued interest.

UNADJUSTED OTHER MATTERS

A £1m section 106 contribution was received in March 2005 from Cambridge City Council, which relates to the South Cambs Area Transport Plan. No agreement can be found for this and the Council has cited the agreement as the reason. Extrapolation of this unsupported balance across the untested population of \$106 receipts in advance gives a projected misstatement of £2.058 million.

Our audit procedures included testing of a sample of adult social care expenditure transactions. For two transactions in the sample, we were able to obtain sufficient evidence to confirm that the service user existed and was in receipt of care, but unable to obtain sufficient evidence to confirm the accuracy of the value associated with the transaction. While extrapolation of this unsupported value across the untested population of adult social care expenditure gives a maximum projected misstatement of £2.812m, we are satisfied that a liability existed in respect of both transactions. The likelihood of any actual overstatement of expenditure reaching the value of the maximum projected misstatement is considered remote.

APPENDIX II: RECOMMENDATIONS AND ACTION PLAN

Key: ■ [SD] Significant deficiency in internal control ■ [D] Other deficiency in internal control ■ [O] Other observations

| AREA | OBSERVATION AND IMPLICATION | RECOMMENDATION | MANAGEMENT RESPONSE | RESPONSIBLE OFFICER | TIMING |
|---|--|---|--|------------------------------------|------------------|
| FINANCIAL STATEMENTS | | | | | |
| Swift - System Password Parameters | The Swift application does not offer password expiry or masking functionality. | Review and enhance password security controls in Swift. | Swift is being replaced in early 2018 with Mosaic. No system updates to Swift are being authorised to enable a stable | Digital Systems Manager | May 2018 |
| [D] | This increases the risk of unauthorised users gaining access to the Swift system. | | migration to Mosaic. | | |
| Swift and Insight - review of user access | reviews over the access rights of users in the Swift or Insight systems. | of user access rights for both systems. Document the review to ensure an audit trail of changes made is retained. | Swift is being decommissioned so there is no plan to introduce this process. | Digital Systems Manager | May 2018 |
| [D] | | | Insight - periodic reviews of users do take place as the Highways service evolves. However these are not documented. A method of recording changes will be investigated. | Digital Systems Manager | December 2017 |
| Capital Commitments [D] | The register on which capital commitments are recorded does not record dates contracts are signed, which are required to prepare an accurate capital commitments disclosure in the accounts. We also identified that incorrect | that it records the date the contract was signed, rather than the date on which works start. | The Council will investigate the possibility of changing the information collected and reported regarding the contracts register so that it includes signed dates. | Procurement and Closedown teams | December 2017 |

| AREA | OBSERVATION AND IMPLICATION | RECOMMENDATION | MANAGEMENT RESPONSE | RESPONSIBLE OFFICER | TIMING |
|---|--|---|---|---------------------------------|------------------|
| FINANCIAL STATEMENTS | | | | | |
| | values were recorded against some contracts. Inaccurate recording on the contract register has resulted in audit adjustments to the financial statements note during the current and prior year audits. | Remind contract managers of the importance of updating the contract register when there are changes to contract values. Undertake sample checks of contract values to supporting contract documentation during the year to confirm that this is happening. | The Council will also communicate with service managers and the procurement team about the importance of ensuring contract information is updated on the register if the final contract information changes. | | |
| Schools payroll - salary bandings greater than £50k and termination benefits | The Council did not receive the information required to complete the salary bandings and termination benefit disclosures from the schools' payroll provider prior to production of the financial statements. | Liaise with the schools payroll provider and agree a formal timetable for the provision of information required to complete remuneration disclosures in the financial statements. | The Council will liaise with EPM, the main schools payroll provider, to agree data requirements and timescales for the provision of information required to complete remuneration disclosures in the financial statements. | Group Accountant (Closedown) | December 2017 |
| Schools payroll - supporting documentation [D] | Schools were unable to provide information to support changes to hours worked and salary bandings. | Remind all schools of the importance of retaining documentation relating to changes in hours and salaries of individuals which they employ. | Retention of Financial Records is included within the Financial Regulations for Schools which maintained schools are directed towards on an annual basis as part of the Corporate Requirements. However the Schools Finance Team will contact all maintained schools by the end of October 2017 to remind them of the requirement to retain documents for audit purposes. | Schools Corporate Accountant | October 2017 |
| Swift/Ledger Reconciliation | The Swift system was not updated in a timely fashion upon care providers converting to the AFM system. For two transactions in our sample we identified | | Swift is the Adult Social Care system which holds the Adult Social Care data. AFM is the interface finance module which looks into Swift and translates | Head of Finance | March 2018 |

| AREA | OBSERVATION AND IMPLICATION | RECOMMENDATION | MANAGEMENT RESPONSE | RESPONSIBLE OFFICER | TIMING |
|------------------|--|----------------|--|------------------------|--------|
| FINANCIAL STATEM | ENTS | | | | |
| [D] | delays of 4 and 5 months. Expenditure relating to provision of care by providers that converted to AFM in the final quarter of 2016/17was not recorded in the 2016/17 ledger, therefore understating 2016/17 expenditure and overstating 2017/18 expenditure. | | regular files across to the payables and receivables system. The difficulties with producing a reconciliation between Swift and the GL are that not all the transactions go via AFM into the GL, there are some that go via iProcurement. AFM produces around 95% of the transactions that go into the GL from Swift but there are still some orders that are raised through iProcurement. That said the large volume conversion work onto AFM in Learning Disability services is now complete, reducing the likelihood of this issue occurring. Also, AFM is an interface rather than a host system and there are reasons why the figures in AFM will not always match the figures in the host system. For example, if a client contribution in Swift is showing as greater than the cost of the care provision, then when it is loaded into AFM, AFM will act intelligently to reduce the bill down to the actual cost of care. So AFM will never be 100% the same as Swift in these cases. Continued attention will be given to transaction checking in services and a detailed accruals process takes place to reduce the frequency of errors arising. GL tie-back functions are part of the | | |

| AREA | OBSERVATION AND IMPLICATION | RECOMMENDATION | MANAGEMENT RESPONSE | RESPONSIBLE OFFICER | TIMING |
|--|---|--|--|--|--|
| FINANCIAL STATEMENTS | | | | | |
| | | | development for the successor Mosaic system. | | |
| s106 Receipt in Advance - no supporting documentation [D] | A £1m section 106 contribution was received in March 2005 from Cambridge City Council, which relates to the South Cambs Area Transport Plan. No agreement can be found for this and the Council has cited the age of the agreement as the reason. The Council is unable to provide evidence that the agreement exists or support the value of the Capital Grant Receipts in Advance balance. | Retain contracts for audit inspection. Review contracts for which there are balances in Capital Grant Receipts in Advance to determine whether conditions attached to the contracts have been satisfied. | All \$106 agreements are now retained. The Council is looking to implement a new \$106 database, which will allow for easier recording and monitoring of conditions. | Funding and Innovation Programme Manager | By March2018 |
| Prior period adjustments [O] | In the first draft of the accounts, the Council have recognised a prior period adjustment for an amount which is not material. Whilst the Code does not prohibit the correction of immaterial prior period errors, such a correction is unnecessary and reduces the readability of the financial statements for users as well as requiring additional work from the close down team. | Consider proposed prior period adjustments against the requirements of the Code to determine whether or not such an adjustment is necessary. Where the amounts involved are immaterial, the error should be adjusted in the current year. | The 31st March 2017 position is correct so whilst it does not comply with the requirements of the Code to include the Prior Period Adjustment note, the Council's treatment is actually more accurate. This will be taken into consideration as part of the production of the 2017/18 Statement of Accounts. However, it is unlikely that any significant time will be saved for the Closedown team as the workings behind disclosure notes will still need to be carried out, either for reconciliation purposes or in order to ascertain whether the figures are immaterial; it would just be a case of not including certain tables in the Statement of | Group Accountant (Closedown) | By May 2018 for the draft accounts |

| AREA | OBSERVATION AND IMPLICATION | RECOMMENDATION | MANAGEMENT RESPONSE | RESPONSIBLE OFFICER | TIMING |
|---|--|--|---|---------------------------------|--|
| FINANCIAL STATEMENTS | | | | | |
| | | | Accounts document itself. | | |
| Payables transactions [O] | Our review of the value of payables journals posted throughout 2016/17 identified a significant spike in month 12. Part of the reason provided for this spike was a year-end push to receipt orders on the accounts payable ledger, thus recognising the expenditure without a requirement to raise an accrual and simplifying the closedown process. Leaving the drive to match goods received against orders in the accounts payable ledger until the year end may result in less accurate quarterly reporting at directorate level. It may also delay the payment process and put the council at risk of defaulting on its credit terms. | Introduce a periodic process to match all GRNs to open orders on its accounts payable ledger. As a minimum, this should be done quarterly as part of the Council's internal reporting processes. | The Scheme of Financial Management requires the Council's budget holders to ensure that goods/works/services are certified as received at the point of receipt of those goods/works/services. Service Finance will emphasise to budget holders the importance of timely receipting of purchase orders and the need to review open orders reports as part regular budget procedures. Quarterly reporting at directorate level is driven by full-year forecasting rather than an account of goods receipting for the year-to-date, so the Council is of the view that quarterly reporting is not adversely impacted by this issue. | | Ongoing |
| Immaterial disclosures in draft financial statements [0] | The draft financial statements include a number of disclosures relating to immaterial balances which we have highlighted to management. Management have opted to retain some of these disclosures in the final version of the financial statements. Including immaterial disclosures in the financial statements reduces the usefulness of the financial statements to users. Such disclosures may also require unnecessary work on the part of the close down team, which will need to be | Identify and remove immaterial disclosures when preparing the draft financial statements. | This will be taken into consideration as part of the production of the 2017/18 Statement of Accounts. However, it is unlikely that any significant time will be saved for the Closedown team as the workings behind disclosure notes will still need to be carried out, either for reconciliation purposes or in order to ascertain whether the figures are immaterial; it would just be a case of not including certain tables in the Statement of Accounts document itself. | Group Accountant (Closedown) | By May 2018 for the draft accounts |

APPENDIX III: MATERIALITY

MATERIALITY - FINAL AND PLANNING

| | FINAL | PLANNING |
|---------------------------|------------|------------|
| Materiality | 16,500,000 | 16,300,000 |
| Clearly trivial threshold | 330,000 | 326,000 |

Planning materiality of £16,300,000 was based on 1.75% of prior year gross expenditure per the audited 2015/16 financial statements.

We revised our materiality following receipt of the draft 2016/17 financial statements, which disclosed gross expenditure higher than the prior year value used to calculate our planning materiality.

APPENDIX IV: INDEPENDENCE

We confirm that the firm complies with the Financial Reporting Council's Ethical Standards for Auditors and, in our professional judgement, is independent and objective within the meaning of those Standards.

In our professional judgement the policies and safeguards in place ensure that we are independent within the meaning of all regulatory and professional requirements and that the objectivity of the audit engagement lead and audit staff is not impaired. These policies include engagement lead and manager rotation, for which rotation is required after 5 years and 10 years respectively.

| INDEPENDENCE - ENGAGEMENT TEAM ROTATION | |
|---|--------------------------|
| Senior team members | Number of years involved |
| Lisa Clampin - Audit engagement lead | 2 |
| Barry Pryke - Audit manager | 2 |

We are not aware of any financial, business, employment or personal relationships between the audit team, BDO and the Council.

[XX] October 2017

Dear Sirs

Financial statements of Cambridgeshire County Council for the year ended 31 March 2016

We confirm that the following representations given to you in connection with your audit of the Council's financial statements (the 'financial statements') for the year ended 31 March 2017 are made to the best of our knowledge and belief, and after having made appropriate enquiries of other officers and members of the Council.

The Chief Finance Officer has fulfilled his responsibilities for the preparation and presentation of the financial statements as set out in the Accounts and Audit Regulations 2015 and Statement of responsibilities of auditors and of audited bodies: local government issued by Public Sector Audit Appointments (PSAA), and in particular that the financial statements give a true and fair view of the financial position of the Council as of 31 March 2017 and of its income and expenditure and cash flows for the year then ended in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code) and for making accurate representations to you.

We have fulfilled our responsibilities on behalf of the Council, as set out in the Accounts and Audit Regulations 2015, to make arrangements for the proper administration of the Council's financial affairs, to conduct a review at least once in a year of the effectiveness of the system of internal control and approve the Annual Governance Statement, to approve the Statement of Accounts (which include the financial statements), and for making accurate representations to you.

We have provided you with unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence. In addition, all the accounting records have been made available to you for the purpose of your audit and all the transactions undertaken by the Council have been properly reflected and recorded in the accounting records. All other records and related information, including minutes of all management and other meetings have been made available to you.

In relation to those laws and regulations which provide the legal framework within which the Council's business is conducted and which are central to our ability to conduct our business, we have disclosed to you all instances of possible non-compliance of which we are aware and all actual or contingent consequences arising from such instances of non-compliance.

There have been no events since the balance sheet date which either require changes to be made to the figures included in the financial statements or to be disclosed by way of a note. Should any material events of this type occur, we will advise you accordingly.

We are responsible for adopting sound accounting policies, designing, implementing and maintaining internal control, to, among other things, help assure the preparation of the financial statements in conformity with international financial reporting standards and preventing and detecting fraud and error.

We have considered the risk that the financial statements may be materially misstated due to fraud and have identified no significant risks.

To the best of our knowledge we are not aware of any fraud or suspected fraud involving councillors, management or employees. Additionally, we are not aware of any fraud or suspected fraud involving any other party that could materially affect the financial statements.

To the best of our knowledge we are not aware of any allegations of fraud or suspected fraud affecting the financial statements that have been communicated by councillors, employees, former employees, analysts, regulators or any other party.

We attach a schedule showing accounting adjustments that you have proposed, which we acknowledge that you request we correct, together with the reasons why we have not recorded these proposed adjustments in the financial statements. In our opinion, the effects of not recording such identified financial statement misstatements are, both individually and in the aggregate, immaterial to the financial statements.

We have disclosed to you the identity of all related parties and all the related party relationships and transactions of which we are aware. We have appropriately accounted for and disclosed such relationships and transactions in accordance with the applicable financial reporting framework.

We have no plans or intentions that may materially affect the carrying value and where relevant, the fair value measurement, or classification of assets or liabilities reflected in the financial statements.

We confirm the following significant assumptions made in relation to accounting estimates (including fair value measurements) used in the preparation of the financial statements:

a) Pension fund assumptions

We confirm that the actuarial assumptions underlying the valuation of the Local Government Pension Scheme (LGPS) liabilities, as applied by the scheme actuary, are reasonable and consistent with our knowledge of the business. These assumptions include:

Rate of inflation (RPI): 3.4%
Rate of inflation (CPI): 2.4%
Rate of increase in salaries: 2.7%
Rate of increase in pensions: 2.4%
Rate of discounting scheme liabilities: 2.6%
LGPS commutation take up option: 50%

We also confirm that the actuary has applied up-to-date mortality tables for life expectancy of scheme members in calculating scheme liabilities.

b) Valuation of land and buildings

We are satisfied that the useful economic lives of land and buildings, and their constituent components, used in the valuation of land and buildings, and the calculation of the depreciation charge for the year, are reasonable.

We confirm that the valuations applied to land and buildings revalued in the year, as provided by the valuer and accounted for in the financial statements, are reasonable and consistent with our knowledge of the business and current market prices.

We have disclosed all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements and these have been disclosed in accordance with the requirements of accounting standards.

We confirm that the above representations are made on the basis of enquiries of councillors, management and staff with relevant knowledge and experience (and, where appropriate, of inspection of supporting documentation) sufficient to satisfy ourselves that we can properly make each of the above representations to you.

We confirm that the financial statements are free of material misstatements, including omissions.

We acknowledge our legal responsibilities regarding disclosure of information to you as auditors and confirm that so far as we are aware, there is no relevant audit information needed by you in connection with preparing your audit report of which you are unaware. Each director and member has taken all the steps that they ought to have taken as a director or member in order to make themselves aware of any relevant audit information and to establish that you are aware of that information.

Yours faithfully

Chris Malyon

Deputy Chief Executive and Chief Finance Officer

xx October 2017

Councillor Terry Rogers

Vice - Chairman of the Audit and Accounts Committee

Signed on behalf of the Audit and Accounts Committee

xx October 2017
