## **1.0 BACKGROUND**

- 1.1 This cover report is presented to provide the Committee with the background information and context in which to comment on recent updates provided by the Sustainability & Transformation Partnership (STP).
- 1.2 Representatives from the STP will be in attendance to provide information on the STP workforce planning programme and the “Fit for the Future” monthly information data report sent to Health Committee members.

## **2.0 HEALTH COMMITTEE PRIORITIES FOR OVERVIEW AND SCRUTINY OF CAMBRIDGESHIRE & PETERBOROUGH STP**

- 2.1 The Health Committee received an update report from the STP in September 2017. As part of the Committee's Health Overview function, it was agreed to hold a workshop for committee members to provide an overview of the STP delivery units progress around workforce planning. This workshop has been held on 6 November 2017 with the following representatives in attendance:

- Catherine Boaden Head of System Strategy & Leadership – STP Delivery Unit
- David Wherrett, Director of Workforce - Cambridge University Hospitals NHS Foundation Trust
- Stephen Legood, Director of People and Business Development, Cambridgeshire and Peterborough NHS Foundation Trust
- Elaine Bailey, Associate Director, People Services, Cambridgeshire and Peterborough NHS Foundation Trust

Due to the timing of the workshop and the publication date for Health Committee papers, further details of the key areas of interest identified at the workshop will be highlighted at the Health Committee meeting.

- 2.2 A Request from the committee to receive “Fit for the Future” monthly routine data packs to include information on the STPs performance and risk assessments was made in September. The first pack was circulated to Health Committee members on 2 November 2017. The information provided in this pack will be available at the Health Committee meeting for members to discuss further, with representatives from the STP Delivery Unit.
- 2.3 A Priority Setting training session for the Health Committee was held on 21 July 2017, the committee agreed the following priority areas for scrutiny of the STP.
- Work programme, risk register and project list
  - Workforce planning
  - Communications and engagement
  - Primary Care developments

In addition to the above priority areas, following the receipt of the monthly routine data packs, the Health Committee are asked to consider which STP project(s) should be identified for more in-depth scrutiny.
