#### 1. Background

1.1 One of the core functions of the Pension Fund Committee is to ensure the effective and efficient governance and administration of the scheme. This report demonstrates a number of key areas of administration performance for consideration by the Pension Fund Committee.

#### 2. Variances against the forecast of investments and administration expenses

2.1 The tables in **Appendix 1** provide an update of the Fund account, investment and administration income and expenditure against the cash flow projection outlined in the Annual Business Plan as agreed by the Pension Fund Committee in March 2019.

#### 3. Key Performance Indicators – LGSS Pensions

- 3.1 The Pension Fund Committee has previously agreed a set of key performance indicators (KPIs) to assess the performance of LGSS Pensions.
- 3.2 For the period 1<sup>st</sup> November 2019 to 31<sup>st</sup> January 2020 the Fund has met 13 out of 18 monthly targets. 2 of the 5 targets missed related to payment of retirement benefits from active status. The team responsible encountered vacancy, sickness and training issues, however, over the period in question volumes of payment of retirement benefits from *deferred* status, not currently reported as a KPI, were also very high, totalling 161 (compared to 135 retirements from active status). The aforementioned team issues have now been resolved, but as retirements from deferred status represent an ever-increasing area of responsibility as the Fund matures, a new KPI for this area of work will be introduced in 2020-21. Full KPI detail can be found in **Appendix 2**.

#### 4. Receipt of Employee and Employer Contributions

- 4.1 Employers in the Fund have a statutory obligation to arrange for the correct deduction of employee and employer contributions and to ensure payment reaches the Pension Fund by the 19th of the month following the month of deduction. Providing an associated monthly statement/schedule in a format acceptable to the Administering Authority.
- 4.2 The table in **Appendix 3** shows the percentage of employers in the Cambridgeshire Pension Fund who paid their employee and employer contributions and/or submitted their schedules on time or late for the period 1<sup>st</sup> January 2018 to 31<sup>st</sup> December 2019.
- 4.3 Details of late paying employers for October, November and December 2019 can be found in the **private and confidential appendix (appendix 4)** of the report.

#### 5. Breaches of the Law

5.1 There are many and various laws relating to the Local Government Pension Scheme, with various individuals, including the Pension Fund Board, having a statutory duty to report material breaches of the law to the Regulator. The Cambridgeshire Pension Fund maintains a record of both material breaches that are reported to the Pensions Regulator as well breaches that are deemed not to be of material significance and so are not reported to the Pensions Regulator.

| Type of Breach        | Detail of Breach  | Course of action   |
|-----------------------|---|--|
| Material Breaches     | None  | None   |
| Non Material Breaches | Three Stage 2 Internal Dispute<br>Resolution Procedure responses<br>were not issued within the 2 month<br>statutory deadline. The<br>responsibility of stage 2 appeals<br>rests with the Cambridgeshire<br>County Council Monitoring Officer. | Processes have been put in<br>place to ensure reminders are<br>sent at appropriate intervals.<br>The Monitoring Officer should<br>issue an extension letter where<br>justifiable to avoid future<br>breaches of this nature. |
|                       | One stage 1 Internal Dispute<br>Resolution Procedure response<br>was not issued within the 2 month<br>statutory deadline by the employer.   | The employer has been<br>contacted and reminded of<br>their statutory obligations.   |
|                       | Six refund of pension contribution<br>payments were claimed by and<br>paid to members outside of the<br>statutory 5 year period.  | No further action at this stage,<br>it is likely that the legislation<br>surrounding this will be<br>amended to remove the 5 year<br>requirement.  |
|                       | Three members were paid a refund<br>of contributions when a pension<br>benefit should have been awarded.  | Members are being contacted to rectify the issue.  |

5.2 For the period 1<sup>st</sup> November 2019 to 31<sup>st</sup> January 2020, the following breaches occurred:

| There were 803 deferred benefit<br>entitlement letters issued outside<br>of the statutory 2 month period in<br>respect of 2018/19. | Internal procedures have been<br>amended to ensure that the<br>issuing of the entitlement letter<br>is undertaken as part of the<br>process. In addition there will<br>be a report run on a monthly<br>basis to ensure these cases<br>are being addressed. |
|--|--|
| One non-payment of annual allowance tax charge to HMRC.  | Internal processes have been<br>reviewed to avoid a<br>reoccurrence.   |

#### 6. Internal Dispute Resolution Procedure

- 6.1 Members, prospective members and beneficiaries may not always agree with pension decisions that are made, or may be unhappy that decisions have not been made, by either an administering authority or a scheme employer. The Internal Dispute Resolution Procedure (IDRP) is the route by which they may raise their concerns and challenge such decisions.
- 6.2 In the period November 2019 to January 2020 the following activity occurred:
  - One administering authority stage 1 appeal was adjudicated on concerning entitlement to a refund of pension contributions on leaving the scheme before the 2 year vesting point and was not upheld.
  - One administering authority stage 2 appeal was adjudicated on concerning a dispute over the recovery of an overpaid pension and was not upheld, having been partially upheld at stage 1.
  - One administering authority stage 1 appeal was received regarding a transfer out that was paid to an overseas pension scheme.

#### 7. Data Improvement Plan 2019/20 – progress update

#### 7.1 Resolution of unprocessed leaver records

**Purpose of activity:** To process all the unprocessed leaver benefits in accordance with the member's entitlement under the LGPS regulations.

**Original timescale for action:** 01/01/2019 – 31/12/2020

**Revised timescale for completion:** 01/01/2019 – 31/03/2021

Update: This update only refers to the ring-fenced backlog unprocessed leavers.

From the baseline position 2,484 (43%) backlog unprocessed leaver cases have now been completed.

| Category             | Total |
|----------------------|-------|
| Baseline (July 2018) | 5,823 |
| January 2020         | 3,339 |

**Future milestones:** Ongoing progress of this activity has been added to the 2020-21 Business Plan.

#### 7.2 Contracted-out liabilities rectification

**Purpose of activity:** To correct any variances to pensions in payment as a result of any changes notified to the contracted-out earnings included within the pension.

**Timescale for action:** Amendments to pensions were scheduled to be made in March 2020.

**Update:** The delay in HMRC issuing the final data file has impacted the completion of this activity. At the time of writing it is unknown as to when the final data file will be received from HMRC to begin the rectification to pensions in payment.

**Future milestones:** Awaiting further information from HMRC but this activity is now not expected to begin until 2020-21.

#### 7.3 Member tracing and mortality screening

**Purpose of activity:** To ensure all membership records where a liability is held has a current home address or is marked as gone away where attempts to trace the member have been unsuccessful (excluding active members as the employer is required to update the Fund with changes of address).

**Timescale for action:** The contract with Accurate Data Services commenced in June 2019. Address tracing was initially expected to complete by 30 November 2019 and mortality screening will be conducted monthly for the duration of the 2 year contract.

**Update:** A verification process is also currently in progress to ensure those members for whom a new address has been identified but without complete confidence are at the new address supplied. This process involves members being contacted at the new address for them and invited to follow a secure robust process to confirm their identity and address. This process will conclude in March 2020.
