Cambridgeshire County Council has produced a companion document *Guidance for applicants and their agents on the Local Validation List* (revised June 2015) which sets out the circumstances in which you will need to submit information under the headings set out in this local list. Not all the items listed will apply in every case and you are strongly advised to find out from the case officer what is required before submitting your application. A failure to consider all of the necessary points will mean that the application will be invalid until the necessary information has been received. An invalid application cannot be registered.

It is intended that this local list will be used as a checklist by applicants, agents and planning officers at the pre-application stage to record what items from the local list will be needed to accompany an application. There are three categories: those where a full report is necessary; those where the item has some relevance but could be addressed within the planning statement; and those that are not relevant at all.
