

**Economy, Transport and Environment (ETE) - Finance and Performance Report – August 2016 for Economy and Environment Committee**

**1. SUMMARY**

**1.1 Finance**

| Previous Status | Category               | Target                          | Current Status | Section Ref. |
|-----------------|------------------------|---------------------------------|----------------|--------------|
| <b>Green</b>    | Income and Expenditure | Balanced year end position      | <b>Green</b>   | 2            |
| <b>Green</b>    | Capital Programme      | Remain within overall resources | <b>Green</b>   | 3            |

**1.2 Performance Indicators – Predicted status at year-end: (see section 4)**

| Monthly Indicators                | Red | Amber | Green | Total |
|-----------------------------------|-----|-------|-------|-------|
| Current status this month         | 2   | 3     | 9     | 14    |
| Current status last month         | 2   | 2     | 10    | 14    |
| Year-end prediction (for 2016/17) | 1   | 8     | 5     | 14    |

**2. INCOME AND EXPENDITURE**

**2.1 Overall Position**

| -232   | Strategy & Development                       | 13,023                                      | -1,127                      | -20                      | -345  | -3   |
| 0  | External Grants                              | -9,699                                      | 155                         | -6                       | 0   | 0  |
|  |  |   |                             |                          |   |  |
| <b>+7</b>  | <b>Total</b>                                 | <b>61,967</b>                               | <b>-2,631</b>               | <b>-10</b>               | <b>-93</b>  | <b>0</b>   |

The service level budgetary control report for August 2016 can be found in [appendix 1](#).

Further analysis of the results can be found in [appendix 2](#).

## **2.2 Significant Issues**

There are no new significant issues to report.

## **2.3 Additional Income and Grant Budgeted this Period (De minimis reporting limit = £30,000)**

There were no items above the de minimis reporting limit recorded in August 2016.

A full list of additional grant income can be found in [appendix 3](#).

## **2.4 Virements and Transfers to / from Reserves (including Operational Savings Reserve) (De minimis reporting limit = £30,000)**

There are no virements recorded in August 2016

A full list of virements made in the year to date can be found in [appendix 4](#).

## **3. BALANCE SHEET**

### **3.1 Reserves**

A schedule of the Service's reserves can be found in [appendix 5](#).

### **3.2 Capital Expenditure and Funding**

#### Expenditure

#### **Delivering the Transport Strategy Aims**

A number of schemes that were originally budgeted within the 'Cambridgeshire Sustainable Transport Improvements' and 'Operating the Network' lines are now being charged to the 'Delivering the Transport Strategy Aims' line as the schemes are Highway schemes and of a similar nature.

#### **Connecting Cambridgeshire**

This scheme is likely to be extended within the existing funding. The rollout contract with BT includes a "claw-back" provision which requires BT to reinvest any surplus profits into further broadband rollout if take-up exceeds the original forecast.

Although the current Superfast coverage exceeds that in many surrounding counties and is amongst the highest nationally, the heavy reliance on and high take up of Superfast broadband services amongst businesses and residents in Cambridgeshire means there is significant pressure to provide service for the "final 5%", (approximately 18,000 premises) which are not covered in current rollout plans. Whilst it is unrealistic to target 100% of premises with Superfast broadband, it is possible to significantly reduce the "final 5%" with a third rollout phase.

## Funding

All schemes are funded as presented in the 2016/17 Business Plan.

A detailed explanation of the position can be found in [appendix 6](#).

## 4. **PERFORMANCE**

### 4.1 **Introduction**

This report provides performance information for the suite of key Economy & Environment (E&E) indicators for 2016/17. At this stage in the year, we are still reporting pre-2016/17 information for some indicators.

New information for red, amber and green indicators is shown in Sections 4.2 to 4.4 below, with contextual indicators reported in Section 4.5. Further information is contained in Appendix 7.

### 4.2 **Red Indicators (new information)**

This section covers indicators where 2016/17 targets are not expected to be achieved.

#### **a) Economy & Environment**

No new information this month.

#### **b) ETE Operational Indicators**

No new information this month.

### 4.3 **Amber indicators (new information)**

This section covers indicators where there is some uncertainty at this stage as to whether or not year-end targets will be achieved.

#### **a) Economy & Environment**

##### **Adult Learning & Skills**

- The number of people starting as apprentices – academic year-to-date (to April 2016)

Provisional figures for the number of people starting as apprentices up to the end of April 2016 is 3,280, compared with 3,140 for the same period in 2015 - an increase of 4.5%.

##### **Economic Development**

- The percentage of 16-64 year-old Cambridgeshire residents in employment: 12-month rolling average (to March 2016)

The latest figures for Cambridgeshire have recently been published by the Office for National Statistics (ONS).

The 12-month rolling average decreased slightly from 80.4% in December 2015 to 78.7% in March 2016, which is below the 2016/17 target range of 80.9% to 81.5%. 23.3% of these jobs are part-time.

Due to economic uncertainty the target remains challenging.

**% of 16-64 year-old Cambridgeshire residents in employment:  
12-month rolling average**

- 'Out of work' benefits claimants – narrowing the gap between the most deprived areas (top 10%) and others (at February 2016)

The 2016/17 target of  $\leq 11.5\%$  is for the most deprived areas (top 10%).

Latest figures published by the Department for Work and Pensions show that, in February 2016, 11.5% of people aged 16-64 in the most deprived areas of the County were in receipt of out-of-work benefits, compared with 5.1% of those living elsewhere in Cambridgeshire.

At 6.4 percentage points the gap is the same as last quarter and is narrower than the May 2014 baseline of 7.2 percentage points.

## **b) ETE Operational Indicators**

### **Complaints and representations – response rate**

- Percentage of complaints responded to within 10 days (July 2016)

Seventy-six complaints were received in July. Eighty-nine percent of these were responded to within 10 working days compared with 85% in June.

The majority of complaints for Infrastructure Management & Operations were for Local Infrastructure & Street Management (43).

Community & Cultural Services' performance has improved significantly since June following new procedures put in place.

Fifteen out of the 16 complaints received by Strategy & Development were for Passenger Transport and all were responded to within 10 days.

The year-to-date figure is currently 89%.

#### 4.4 Green Indicators (new information)

The following indicators are currently on-course to achieve year-end targets.

##### a) Economy & Environment

###### Planning applications

- The percentage of County Matter planning applications determined within 13 weeks or within a longer time period if agreed with the applicant - year-to-date (to August 2016)

Seven County Matter planning applications have been received and determined on time since April.

There were 10 other applications excluded from the County Matter figures. These were applications that required minor amendments or Environmental Impact Assessments (a process by which the anticipated effects on the environment of a proposed development is measured). All 10 applications were determined on time.

##### b) ETE Operational Indicators

###### Freedom of Information (FOI) requests

- FOI requests - % responded to within 20 days (July 2016)

Twenty-five Freedom of Information requests were received during July and 24 of these were responded to on-time.

One hundred and three Freedom of Information requests have been received since April and 94% of these have been responded to on-time.

### Staff sickness

- Economy, Transport & Environment staff sickness per full time equivalent (f.t.e.) - 12-month rolling average (to July 2016)

The 12-month rolling average has fallen to 3.46 days per full time equivalent (f.t.e.) which is below (better than) the 6 day target.

During July the total number of absence days within Economy, Transport & Environment was 99.8 days based on 568 staff (f.t.e) working within the Service. The breakdown of absence shows that 54.4 days were short-term sickness and 45.4 days long-term sickness.

4.5 Contextual indicators (new information)

a) Economy & Environment

Passenger Transport

- Guided Busway passenger numbers (July 2016)

The Guided Busway carried around 313,000 passengers in July, and there have now been over 16.4 million passengers since the Busway opened in August 2011. The 12-month rolling total is 3.7 million.

**Guided Busway passengers: 12-month rolling total**

## APPENDIX 2 – Commentary on Forecast Outturn Position

Number of budgets measured at service level that have an adverse/positive variance greater than 2% of annual budget or £100,000 whichever is greater.

| Service   | Current Budget for 2016/17 £'000 | Current Variance |        | Forecast Variance - Outturn |     |
|---|----------------------------------|------------------|--------|-----------------------------|-----|
|   |                                  | £'000            | %      | £'000                       | %   |
| <b>Waste Disposal including PFI</b>   | 34,115                           | -972             | -8     | +37                         | 0   |
| The current variance is partly due to outstanding recycling credit payments due to District councils and payments due to the contractor in respect of costs in 2015/16.   |                                  |                  |        |                             |     |
| <b>Traffic Manager</b>  | -515                             | +152             | -1,294 | +45                         | -9  |
| Section 74 charges are not meeting the expected income target. This is a charge made to anyone who overstays their allotted time when carrying out works on the highway. Companies have not been overstaying their work dates as much as in previous years.   |                                  |                  |        |                             |     |
| <b>Network Management</b>   | 1,050                            | -18              | -4     | +70                         | +7  |
| The forecast overspend is due to costs for grass cutting being greater than expected.   |                                  |                  |        |                             |     |
| <b>Street Lighting</b>  | 9,745                            | -820             | -26    | -31                         | 0   |
| The current variance is due to delays in invoicing for energy charges and also invoicing for the main Street Lighting contract.   |                                  |                  |        |                             |     |
| <b>Asset Management</b>   | 807                              | +115             | +31    | +100                        | +12 |
| The Forecast outturn relates to an overspend on the procurement of the new Highways Contract. This is partly due to the extension of the Competitive Dialogue period & the additional external specialist advice being purchased from Cardiff City Council procurement team to support the process. |                                  |                  |        |                             |     |
| <b>Libraries</b>  | 3,477                            | -227             | -15    | -4                          | 0   |
| The Book fund and IT (due to late delivery of 3 <sup>rd</sup> party invoices) appears under-spent compared to the monthly profile, but will be fully utilised by year end.  |                                  |                  |        |                             |     |
| <b>Registrars</b>   | -550                             | -1               | 0      | +50                         | -9  |
| The increased income target is unlikely to be met as statutory fees have not increased this year.   |                                  |                  |        |                             |     |
| <b>Growth &amp; Economy Other</b>   | 550                              | -437             | -89    | -114                        | -21 |

Highways Development Management are currently overachieving their income target for both Section 38 & Section 106 fees and this overachievement has been shown as a forecast. It is hard to predict exactly when these fees are paid and it is likely that the forecast for these fees will increase or decrease as the year progresses.

|                        |     |      |     |     |     |
|------------------------|-----|------|-----|-----|-----|
| <b>Park &amp; Ride</b> | 304 | +133 | +23 | +68 | +22 |
|------------------------|-----|------|-----|-----|-----|

The forecast out-turn is due to less income expected from operator access fees than originally budgeted.

|                            |       |      |     |      |    |
|----------------------------|-------|------|-----|------|----|
| <b>Concessionary Fares</b> | 5,619 | -382 | -20 | -300 | -5 |
|----------------------------|-------|------|-----|------|----|

It is expected the concessionary fares paid to bus operators will be lower than originally forecast based on the last 12 months data. It is hard to judge likely spend in this area as this is affected by seasonal conditions, so the forecast will be reviewed on a regular basis.

|                                    |       |      |     |   |   |
|------------------------------------|-------|------|-----|---|---|
| <b>Adult Learning &amp; Skills</b> | 2,615 | -250 | -30 | 0 | 0 |
|------------------------------------|-------|------|-----|---|---|

Spend is currently behind profile for a number of reasons including staffing vacancies, payments being held back until projects have been completed and holdback on contractor payments until exam results are known.

### APPENDIX 3 – Grant Income Analysis

The table below outlines the additional grant income, which is not built into base budgets.

| Grant                              | Awarding Body                                      | Expected Amount<br>£'000 |
|------------------------------------|--|--------------------------|
| <b>Grants as per Business Plan</b> | Various  | 10,319                   |
| Adult Learning & Skills grants     | Department for<br>Business, Innovation<br>& Skills | -649                     |
|                                    |  |                          |
| Non-material grants (+/- £30k)     |  | -29                      |
| <b>Total Grants 2016/17</b>        |  | <b>9,699</b>             |

The Adult Learning & Skills grant and Learning centre grants have been adjusted to match the expected grant in 2016/17.

#### APPENDIX 4 – Virements and Budget Reconciliation

|   | £'000         | Notes |
|---|---------------|-------|
| <b>Budget as per Business Plan</b>                      | 59,952        |       |
| Allocation of ETE reserves as agreed by GPC August 2016 | 2,015         |       |
|   |               |       |
| Non-material virements (+/- £30k)                       |               |       |
| <b>Current Budget 2016/17</b>                           | <b>61,967</b> |       |

## APPENDIX 5 – Reserve Schedule

| Fund Description                                     | Balance at 31st March 2016<br>£'000 | Movement within Year<br>£'000 | Balance at 31st August 2016<br>£'000 | Forecast Balance at 31st March 2017<br>£'000 | Notes   |
|--|-------------------------------------|-------------------------------|--------------------------------------|--|---|
| <b>General Reserve</b>                               |                                     |                               |                                      |  |   |
| Service carry-forward                                | 3,386                               | (2,015)                       | 1,371                                | 0  | Account used for all of ETE                         |
| <b>Sub total</b>                                     | <b>3,386</b>                        | <b>(2,015)</b>                | <b>1,371</b>                         | <b>0</b>                                     |   |
| <b>Equipment Reserves</b>                            |                                     |                               |                                      |  |   |
| Libraries - Vehicle replacement Fund                 | 218                                 | 0                             | 218                                  | 250  |   |
| <b>Sub total</b>                                     | <b>218</b>                          | <b>0</b>                      | <b>218</b>                           | <b>250</b>                                   |   |
| <b>Other Earmarked Funds</b>                         |                                     |                               |                                      |  |   |

### Revised Budget

The decrease between the original and revised budget is made up as follows:-

- Carry-forward of funding from 2015/16 due to the re-phasing of schemes which reported as underspending at the end of the 2015/16 financial year.
- The phasing of a number of schemes have been reviewed since the published business plan and this has resulted in a reduction in the required budget in 2016/17, most notably the schemes for Ely Crossing and King's Dyke.
- As previously reported, the Capital Programme Board recommended that services include a variation budget to account for likely slippage in the capital programme, as it is sometimes difficult to allocate this to individual schemes in advance. As forecast underspends start to be reported, these are offset with a forecast outturn for the variation budget, leading to a balanced outturn overall up to the point when slippage exceeds this budget. The allocations for these negative budget adjustments have been calculated and shown against the slippage forecast to date.

## 2016/17 Forecast Spend

### Delivering the Transport Strategy Aims

A number of schemes that were originally budgeted within the 'Cambridgeshire Sustainable Transport Improvements' and 'Operating the Network' lines are now being charged to the 'Delivering the Transport Strategy Aims' line as the schemes are Highway schemes and of a similar nature.

### Connecting Cambridgeshire

This scheme is likely to be extended within the existing funding. The rollout contract with BT includes a "claw-back" provision which requires BT to reinvest any surplus profits into further broadband rollout if take-up exceeds the original forecast.

Although the current Superfast coverage exceeds that in many surrounding counties and is amongst the highest nationally, the heavy reliance on and high take up of Superfast broadband services amongst businesses and residents in Cambridgeshire means there is significant pressure to provide service for the "final 5%", (approximately 18,000 premises) which are not covered in current rollout plans.

Whilst it is unrealistic to target 100% of premises with Superfast broadband, it is possible to significantly reduce the "final 5%" with a third rollout phase.

### King's Dyke

Planning permission has been granted and the tender package prepared. Agreeing arrangements for access to private land for ground investigation surveys is delaying the completion of the works information. Given the amount of earthworks within the scheme, this is critical information for contractors to inform the tendered price, eliminate risk and provide greater cost certainty. Officers are working with the legal team and the land owner to agree access arrangements and it is anticipated that the ground investigation surveys and analysis will be completed in November. This has impacted on the programme and the key stages along with earliest expected dates for delivery are shown below:

| Stage  | Target Date                |
|--|----------------------------|
| Planning application submitted   | December 2015              |
| Application determined   | March 2016                 |
| Procurement and contract document preparation (Other than G.I)         | September 2016             |
| Publish Orders/objection period  | October-November 2016      |
| Agree Ground investigation access, complete survey and analysis report | November 2016              |
| Tender issued  | November/ December 2016    |
| Tender return  | February 2017              |
| Works package award approved by E and E Committee                      | 9 <sup>th</sup> March 2017 |
| Detailed design  | July 2017                  |
| Site mobilisation and construction                                     | July 2017                  |
| Scheme open  | March-July 2018            |

Meeting key stages is dependent on land access and acquisition, concluding agreements with Network Rail and agreeing a contractor's programme. Any objection to Compulsory Purchase Orders may add a year into the programme. Similarly Network Rail agreements may add to the programme, but on-going liaison with Network Rail is aiming to mitigate this risk.

Key changes to the programme are reported to the Project Board which meets every 2-3 months.

|                       | Guided Busway passengers per month  | High          | ↑                         | Jul-2016    | 313,291              |                | Contextual     |                     | The Guided Busway carried around 313,000 passengers in July, and there have now been over 16.4 million passengers since the Busway opened in August 2011. The 12-month rolling total is 3.7 million.   |
| Yearly                | Operating Model Outcome: The Cambridgeshire economy prospers to the benefit of all Cambridgeshire residents |               |                           |             |                      |                |                |                     |  |
|                       | Local bus passenger journeys originating in the authority area  | High          | ↓                         | 2015/16     | Approx. 18.5 million | 19 million     | R              | R                   | <p>There were approximately 18.5 million bus passenger journeys originating in Cambridgeshire in 2015/16, representing a decrease of 400,000 compared with 2014/15.</p> <p>The drop in performance is part of a national trend which the Department of Transport (DfT) have reported as a 2.1% decline in England, outside of London, for 2015/16. There is a chance of growth in the future through the City Deal, but equally these could be offset by cuts through budget reduction. These two changes are unlikely to take effect until 2017/18 so it is unlikely that the 2016/17 target of 19 million bus passenger journeys will be achieved.</p> |
