

Assets & Procurement (A&P) Committee feedback on Business and Financial Plan 2024-29

Meeting held 16 January 2024

There were no recommendations arising from the Asset and Procurement Committee debate of the Business and Financial Plan item.

However, one point of clarity was sought around those items identified in the paper and other papers relating to 'confidential scheme' and how these would be shared with local members. It was noted that the reason for phrasing some schemes as confidential was due to ongoing bids for work being, or due to be, submitted, and not wishing to highlight the assumed budget. Members will receive more information as part of the 30 January Strategy, Resources and Performance Committee to help identify schemes for local members.

No other comments were passed for clarity or for raising to the Strategy, Resources and Performance Committee.
