1. Background

- 1.1 Risk Management is the process by which the Council understands and proactively considers the principal uncertainties and overall risks facing the organisation. Through effective risk management, we aim to optimise success by minimising threats. The objective is to ensure that risks that might impact upon the Council achieving its plans are identified and managed on a timely basis and in a proportionate manner. The Accounts and Audit (England) Regulations 2015 require the authority to have a sound system of internal control which includes effective arrangements for the management of risk.
- 1.2 Under the Council's constitution, the Strategy and Resources Committee is responsible for the development and oversight of the Council's risk management and strategy. The Audit and Accounts Committee also has important functions in relation to risk, including considering the effectiveness of the risk management arrangements and associated control environment, and to seek assurances that appropriate action is being taken in response to risk.
- 1.3 The Annual Risk Management Report summarises the risk management activity undertaken during 2022 - 2023 at Cambridgeshire County Council, and supports the committees in discharging their respective responsibilities around risk management and control.

2. Annual Risk Management Report

- 2.1 This covering report is provided to the Annual Risk Management Report attached at Appendix 1 and the Corporate Risk Register (CRR) attached at Annex A.
- 2.2 Please note that the Corporate Risk Register is up-to-date, with the exception of Risk 2, "the risk of failure of the Council's arrangements to safeguard children and young people". Following the updates to the Children, Education & Families Directorate Risk Register which were presented to the Children and Young People Committee on 27th June, this corporate risk is currently being updated and will be subject to a deep-dive review by Corporate Leadership Team (CLT) which will take place on 5th July.
- 2.3 As such, Annex A presents the risk as at March 2023 when it was previously reviewed and presented to Committee. The Chief Executive will provide Strategy and Resources Committee a verbal update on the indicative outcomes of the deep-dive risk review.
- 2.4 An updated Risk Management Policy is attached at Annex B, reflecting the Council's current framework for managing risk.
- 2.5 It is considered best practice to prepare a plan that outlines activity to continuously improve risk management. This plan is outlined in the Risk Strategy document attached at Annex C.

3. Alignment with ambitions

- 3.1 Net zero carbon emissions for Cambridgeshire by 2045, and our communities and natural environment are supported to adapt and thrive as the climate changes
- 3.2 Travel across the county is safer and more environmentally sustainable
- 3.3 Health inequalities are reduced
- 3.4 People enjoy healthy, safe, and independent lives through timely support that is most suited to their needs
- 3.5 Helping people out of poverty and income inequality
- 3.6 Places and communities prosper because they have a resilient and inclusive economy, access to good quality public services and social justice is prioritised
- 3.7 Children and young people have opportunities to thrive

Good risk management - including the identification of risks and triggers as well development of mitigating actions - should inform decision making and areas for improvement; lead to better overall management of the Council's business, and protect the Council's assets, workforce, finances and services.

4. Significant Implications

4.1 Resource Implications

All of the risks listed in the corporate risk register could potentially lead to significant financial implications if realised. There are direct impacts on our resources in relation to the partnership/contractual risks and the risk about sufficiency of budget.
