APPENDIX B – ADDENDUM

Textual and Layout alterations to the Integrated Plan

The following table summarises textual and layout amendments made to the thirteen sections of the Integrated Plan.

<u>Notes</u>

- 1. A fully updated version of the documentation with full renumbering of all the pages is available online.
- 2. Where minor edits have taken place to sections, these are detailed in the table below (white). Where more substantial changes have taken place, these sections have been reprinted and the table below indicates where these should be inserted into the Cabinet version (grey).
- 3. Amendments considered by Cabinet on 31 January 2012 are labelled as 'C'. Amendments made under the delegations agreed by Cabinet on 31st January 2012 are labelled as 'D'.
- 4. The approved change of name from 'Environment Services' to 'Economy, Transport and Environment Services' was too late to be included in the documentation for Full Council but will be reflected in the published Plan.

| 2 | 21 | Reworded: "common vision for growth, particularly with the District <i>and City</i> Councils" | D |
| 2 | 21 | Added: "Likewise, partnership working lies at the heart of our plans to invest further in our waste infrastructure and improve waste services for the county, working more effectively and co-investing with District Councils and Peterborough." | D |
| 2 | 21 | Reworded: "The next section page outlines" | D |
| 2 | 23 | Added: "Over the past two decades, funding from central government has not been sufficient to keep pace with the deterioration in the road network. As a result, long term maintenance has been reducing and has been targeted on the main road network, with more expensive reactive repairs elsewhere. Our new approach will focus on long term solutions to bring up to standard roads, bridges and traffic systems of economic importance. However, even with substantial new investment, we will not be able to keep all roads at the standard we | D |
| | | would like. On less well-used roads, we will continue to ensure they are safe, through repairs or advisory speed limits. | |

| | | We will also invest more in pavement and path repairs to reduce the risk of falls, especially where these benefit older people, alongside working with local communities to improve coverage of gritting routes. Over the next five years, we will be replacing all our street lights across the county, introducing a single lighting standard using modern energy- efficient lights that will cut maintenance and electricity costs. | |
|---|----|--|---|
| 2 | 25 | Outcome table updated and converted to portrait. Q, M, and Y explained as Quarterly, Monthly and Yearly. | D |
| 2 | 28 | Reworded: "Localism does mean that services will be different in different places. We want to be flexible to local need and therefore delivering the same services everywhere is not always appropriate. It's impossible to be flexible in how we respond to local needs and provide the same services everywhere. Our role will be to identify what needs to be local and flexible, and what needs to be available for all." | D |
| 2 | 30 | Reworded: "We will trial new local transport franchises, moving away from the blunt instrument of <i>traditional</i> bus subsidies." | D |
| 2 | 31 | Outcome table updated and converted to portrait. Q, M, and Y explained as Quarterly, Monthly and Yearly. Third column labelled as "Investing in <i>Growth</i> ". | D |
| 2 | 33 | Reworded: "The independent sector provides 85% of <i>these</i> services for vulnerable adults." | D |
| 2 | 34 | Explanation of acronym: "A priority is ensuring we have the right educational placements for all children with <i>Special</i> <i>Educational Needs</i> (SEN)" | D |
