

## **COMMUNITIES AND PARTNERSHIP COMMITTEE: MINUTES**

**Date:** Thursday, 17th January 2019

**Time:** 10:00am – 11:00am

**Present:** Councillors: S Criswell (Chairman), K Cuffley (Vice-Chairman), D Connor (substitute for Cllr Nieto), A Costello, L Every, J French, C Richards and T Sanderson.

### **134. APOLOGIES FOR ABSENCE AND DECLARATIONS OF INTEREST**

Apologies received from Councillor Nieto (substituted by Councillor Connor) and Councillor Dupre. Last minute apologies were also submitted by Councillor Manning.

No declarations of interest were made.

### **135. MINUTES – 20TH DECEMBER 2018 AND ACTION LOG**

The minutes of the meeting held on 20th December 2018 were agreed as a correct record and signed by the Chairman.

An update to the Minutes Action Log was read out by the Service Director: Community and Safety.

While discussing Minute 92, Cllr Richards informed Members that she would raise the issues mentioned in the Action Log at the next Cambridgeshire School Improvement Board meeting. Cllr Every informed the Committee that she would also raise the issues at the next Children and Young People Committee meeting.

The Chairman informed the Committee that the list of Members on the cross party working group to develop shared services between Cambridgeshire County Council and Peterborough City Council, as mentioned in Minute 104 of the Action Log, had been amended to include extra substitutes. Democratic Services were asked to update the published list. **Action required**

### **136. PETITIONS AND PUBLIC QUESTIONS**

No petitions or public questions were received.

### **137. INNOVATE AND CULTIVATE FUND RECOMMENDED APPLICATIONS**

Following the Innovate and Cultivate Fund (ICF) Recommendation Panel meeting on 7th January, the Committee received a report containing three applications to the Cultivate Fund recommended for funding by the panel, as well as an update on already funded ICF projects. Further to the Cultivate Fund recommendations, the Committee was informed that 6 applications to the Innovate Fund had been invited to proceed to the

second application stage and following a further selection process, would be submitted to the Committee for a final decision on 7th March 2019. It was noted that the Recommendation Panel would be making their selections on 1st March, after reports were published for the Committee meeting and so the Chairman agreed to allow the item to appear on the agenda as a late item.

While discussing the report, Members:

- Clarified that IDVA (page 29 of the agenda) stood for Independent Domestic Violence Advisor, and that the Bobby Scheme provided target hardening support for high risk victims of domestic abuse.
- Queried why projects that had already received Cultivate funding were being recommended to receive further funding. Members were informed that there was no limit to the number of times that projects could apply for funding and that as long it could be proved that the result would continue to reduce costs and workloads to the Council service provision, the same reasoning for funding would apply. Many projects expanded as they developed and had the potential to reach new communities or new people and such expansion should be supported. It was noted, however, that applications for further funding would need to be for a different purpose, or be targeted at a different cohort or a different location to the previous successful application.
- Established that the Recommendation Panel's meetings and decision-making process were private, without the publishing of minutes, while the Communities and Partnership Committee served as the public part of the process. It was noted that the Recommendation Panel consisted of ten voting members, including five cross party Members from the Committee alongside four officers from across the Council and a CCF Trustee.
- Confirmed that they would continue to receive information on the unsuccessful applications in a confidential manner, in order to provide ongoing support to the projects.
- Agreed that officer clearance for future reports of this type would not be necessary given that the content was always repeated except for the information on the actual applications being recommended for funding.

It was resolved to:

Agree to fund the following three applications through the Cultivate Fund:

- (i) Cambridge City Council – Safer Communities Team: Mobile outreach support and information service
- (ii) Histon & Impington Community (HICOM): Histon & Impington Worry Tree Café
- (iii) Cambridgeshire Police Shrievally Trust: Vulnerable Families Continued

## 138. FINANCE AND PERFORMANCE REPORT – NOVEMBER 2018

The Committee received the Finance and Performance Report for People and Communities, with emphasis on the budgets for which the Committee held responsibility. It was noted that the overall position for People and Communities had changed significantly, with the forecasted overspend increasing from £2.6m to £4.3m, although it was emphasised that none of this overspend was attributable to the Communities and Partnership Committee.

A correction was made to the table in Section 1.3 of the report, with the clarification that the Committee did not receive Dedicated Schools Grant funding and that therefore the table was incorrect to state this. It was confirmed that the figures were correct and that the only error was the mention of Dedicated Schools Grant.

While discussing the report, Members:

- Considered the Home to School costs that contributed to the overspend, as laid out in Section 2.2 of the report, having been informed that the service had been asked to investigate alternative options to the high cost taxi system currently being used. It was noted that a rigorous procurement process was taken to ensure best value for money with regards the taxi service, but that many drivers were reluctant to drive to areas that required travelling on the A14 due to the problems related to the roadworks, while constant new routes and stops also added to the complexity of the process. Members were informed that the cost of transport had not originally been factored into decisions of placements and that it was now being considered from the beginning of the process, as a more expensive placement close to home could still prove less expensive overall than a cheaper placement that required more extensive transport provision.
- Acknowledged the vulnerability of those using the taxi services and the importance of ensuring that they were able to continue attending the same schools, despite the high costs. It was noted that when the taxi service failed to arrive, children were unable to attend school and that this was a serious problem for them as there was no alternative provision.
- Expressed concern over the diminished level of dialogue and communication between the Council and the Ely & Soham Association for Community Transport (ESACT) and the Fenland Association for Community Transport (FACT). It was noted that some issues had arisen as a result of the investigation into the community transport commissioning service and the Service Director undertook to investigate the problem and attempt to restore its effectiveness and communication. **Action required**

It was resolved unanimously to:

Review and comment on the report.

## 139. COMMUNITY CHAMPIONS ORAL UPDATE

The Committee noted brief oral updates provided by the following Councillors:

- Councillor Costello, who drew attention to the launching of 'Essentials by Sue' in Ramsey on 28th January. A written update was also provided and is included as **Appendix 1** to these minutes.
- Councillor French, who drew attention to a general reluctance of local councils to become involved in timebanking projects until after the elections.
- Councillor Richards, who drew attention to the productivity of the Community Champion meetings, work being done to tackle homelessness, projects aimed at countering and preventing hate crime, and issues surrounding asylum seekers in Cambridge. A written update was also provided and is included as **Appendix 2** to these minutes.
- Councillor Every, who drew attention to her invitation to sit on the Combined Authority Skills Strategy Stakeholders' Group, as well as work being done on the youth strategy being developed in East Cams and the need to find funds for projects outside of the Innovate and Cultivate Fund framework. A written update was also provided and is included as **Appendix 3** to these minutes.

Following the Community Champions' updates, a discussion was held over the issue of homelessness across Cambridgeshire, during which Members:

- Expressed concern over the number of people sleeping on the street, noting that while numbers seem to have decreased in Cambridge and Peterborough, there were indications that they remained high in other areas such as Wisbech. It was noted that there was a difference between people who were homeless and those sleeping on the street.
- Discussed how Think Communities was tackling the issue through a place based approach, noting that it was important to treat each case separately and understand the issues on an individual basis. Some cases were more complex than others but it was acknowledged that this was not an excuse for failing to provide the necessary assistance. It was noted that the fact that some hostels had vacant beds was evidence that simply providing a bed was not enough in many cases.
- Praised the work of the outreach team operating in Cambridge City, as well as hostels and other projects. Members expressed concern over the strict rules applied in some hostels, some of which banned people from returning. It was also noted that some venues were only open during the night and provided no services or facilities during the day.
- Noted that when the Council began charging for the lengthy use of computers in libraries, access was reduced to homeless people and they could now only make time-limited use of the facilities. One Member noted that Huntingdon Town

Council loaned its councillors' tablets to the local library when they were not in use in order to provide free facilities for homeless and vulnerable people. It was suggested that finding funding to allow the library charge to be removed was something that could be considered by the Poverty Working Group. **Action required**

**140. AGENDA PLAN**

After noting that the reserve date for a meeting on February 14th had been cancelled, it was resolved unanimously to:

Note and agree the Agenda Plan.

**141. TRAINING AND WORKSHOP PLAN**

It was resolved unanimously to:

Note and agree the Workshop and Training Plan.
