

Directorate: Adults, Health and Commissioning

Subject: Finance Monitoring Report – October 2024 (period 7)

## Contents

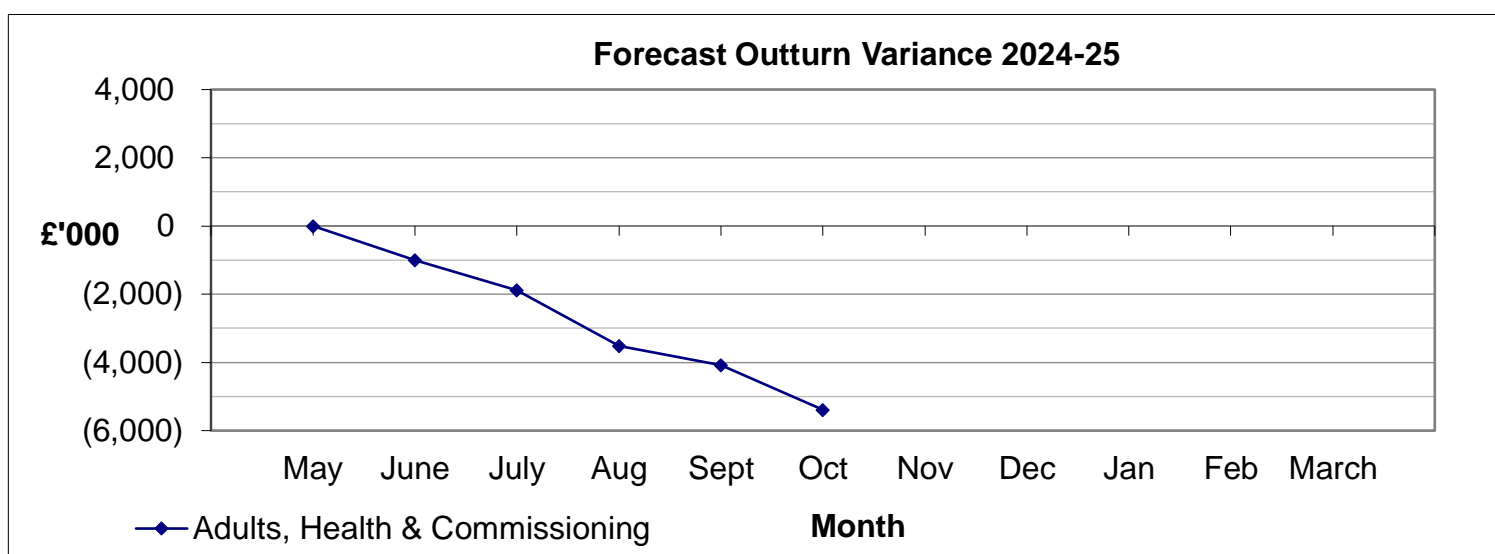

Section	Item	Description
1	Revenue Executive Summary	High level summary of information and narrative on key issues in revenue financial position
2	Capital Executive Summary	Summary of the position of the Capital programme within Adults, Health and Commissioning
3	Savings Tracker Summary	Summary of the latest position on delivery of savings
4	Technical Note	Explanation of technical items that are included in some reports
5	Key Activity Data	Performance information linking to financial position of main demand-led services
Appx 1	Service Level Financial Information	Detailed financial tables for Adults, Health and Commissioning main budget headings
Appx 2	Service Commentaries	Detailed notes on revenue financial position of services that have a significant variance against budget
Appx 3	Capital Appendix	This contains more detailed information about the capital programme, including funding sources and variances from planned spend.
Appx 4	Savings Tracker	Each quarter, the Council's savings tracker is produced to give an update of the position of savings agreed in the Business Plan.
Appx 5	Technical Appendix	Each quarter, this will contain technical financial information showing: Grant income received Budget virements Earmarked & Capital reserves

# 1. Revenue Executive Summary

## 1.1 Overall Position

At the end of October 2024, Adults, Health and Commissioning is projecting a forecast underspend of £5,388k. This includes the position for the Public Health service. There are a range of factors that will impact the forecast position as the year progresses which are set out in this report, but movements in the early months of the year are reflected in these forecasts. Close attention will be paid to changes in demand, costs and income as the 2024-25 financial year progresses, and forecasts will be updated accordingly.

## 1.2 Summary of Revenue position by Directorate

### 1.2.1 Adults, Health and Commissioning

Forecast Outturn Variance (Previous) £000	Service Area	Gross Budget £000	Income Budget £000	Net Budget £000	Actual to date £000	Forecast Outturn Variance £000	Forecast Outturn Variance %
3,113	Executive Director	21,580	-54,503	-32,923	-30,973	978	-3.0%
1,504	Learning Disability and Prevention	155,600	-37,137	118,463	69,592	1,543	1.3%
-10,876	Care and Assessment	145,734	-42,515	103,218	59,130	-10,409	-10.1%
2,177	Commissioning (incl Mental Health)	52,965	-10,706	42,259	23,715	2,501	5.9%
-274	Public Health	41,695	-38,792	2,904	-9,555	-248	-0.6%

<b>274</b>	(Drawdown from) / Contribution to Public Health reserves	-2,903	0	-2,903	-982	248	9%
<b>-4,081</b>	<b>Total</b>	<b>414,671</b>	<b>-183,653</b>	<b>231,018</b>	<b>110,926</b>	<b>-5,388</b>	<b>-2%</b>

### 1.3 Significant Issues

The overall position for Adults, Health and Commissioning budgets to the end of October 2024 is a forecast underspend of £5,388k (equivalent to 2.3% of the annual budget). This includes a forecast underspend for Public Health of £248k (equivalent to 0.6% of the annual budget) which is assumed to be transferred to Public Health reserves at year end.

Net growth in the early months of the year for Older People services was significantly below budget, and whilst growth has now returned to closer to expected levels, a significant forecast underspend remains. This is largely driven by higher numbers of packages ending rather than by lower numbers of new packages starting, and represents a shift from the trends we had been seeing during, and in the period immediately following, the covid pandemic. A deep dive into this area continues to further understand the changes to flows of service users in recent months to inform both the in-year forecast and future demand projections.

The forecast underspend against the budget for Older People services is partially offset by pressures in services for people with learning difficulties and for mental health care costs, some of which relate to Older People. Plus, some of the savings built into the Business Plan for 2024-25 need further work to deliver.

The key factors that will impact the forecast position as the year progresses include:

- demand is difficult to predict and can vary significantly from month to month. This can be reflected both in numbers accessing services, and higher acuity of need of those accessing services;
- the Directorate has a challenging set of savings targets to deliver against in 2024-25. Progress against these targets is reported quarterly and whilst many are on track to deliver, in other areas the work to finalise delivery plans is still underway putting at risk the chances of full delivery of savings in the current financial year;
- recruitment remains challenging and vacant posts can lead to underspends against staffing budgets;
- staffing risks are particularly pertinent for the Public Health team in the short term as the separation from Peterborough City Council takes place; and
- pressures with the provider market continue to be felt, particularly related to increasing fee rates. Inflationary negotiations are ongoing with over 90% of package uplifts agreed to date. Providers are continuing to report cost pressures related to both workforce issues and the current cost of living crisis. The impacts of inflationary pressures are seen both in the uplifts required for existing care packages, and the price at which new packages are sourced; and
- the position of the care market, particularly around specific types of provision and location, is making some placements more difficult to source, particularly at the more complex end of provision.

As a result of these issues, close attention will be paid to changes in demand, costs and income as the 2024-25 financial year progresses, and forecasts will be updated accordingly.

Adults, Health and Commissioning overdue debt (excluding debt with Health partners) stood at £20.9m at the end of October, down from £21.6m at the end of September. In addition, overdue debt with Health partners stood at £10.6m at the end of October down significantly from £27.6m at the end of September following the partial payment of a number of outstanding invoices in relation to the Learning Disability Partnership. Actions continue following a deep dive into some of the factors resulting in the levels of debt, along with additional resources to work on backlogs of financial assessments. Debt over 90 days old was £17.0m at the end of October, down marginally from £17.1m at the end of September. The level of aged debt has a knock-on impact on the bad debt provision and likelihood of write offs which will be monitored as the year progresses.

## 2. Capital Executive Summary

At the end of October 2024, the capital programme for Adults, Health and Commissioning is forecast to underspend by £616k in 2024-25. This is largely due to delay in the Ely Independent Living Service capital scheme. We continue to wait for the NHS to approve the Heads of Terms before considering our next steps and as there has been no progress in the past months, the planned capital expenditure in 2024-25 has been rephased to 2025-26.

Further details of the capital position can be found in Appendix 3.

## 3. Savings Tracker Summary

The savings trackers are produced quarterly to monitor delivery of savings against agreed plans and the second quarterly tracker is included at Appendix 4.

## 4. Technical note

On a quarterly basis, a technical financial appendix is included as Appendix 5. This appendix covers:

- Grants that have been received by the service.
- Budget movements (virements) into or out of the directorate from other directorates, to show why the budget might be different from that agreed by Full Council.
- Service earmarked reserves – funds held for specific purposes that may be drawn down in-year or carried-forward – including use of funds and forecast draw-down.

The second quarterly appendix is included within this Finance Monitoring Report.

## 5. Key Activity Data

5.1 Key activity data to the end of October 2024 for Learning Disability Partnership is shown below:

Learning Disability Partnership	BUDGET			ACTUAL (October 2024)				Forecast Outturn

## Appendix 2 – Service Commentaries on Forecast Outturn Position

Narrative is given below where there is a forecast variance greater than 2% of net budget or £100,000 whichever is greater for a service area, or where there is significant risk in delivery to budget for the year.

Note	Commentary vs previous month	Service Area / Budget Line	Net Budget £000	Forecast Outturn Variance £000	Forecast Outturn Variance %	Commentary
1	Updated	Executive Director - Adults, Health & Commissioning	-36,294	684	2%	<p>The Executive Director policy line holds a range of budgets applicable across the Directorate. This includes the following budgets with forecast variances:</p> <ul style="list-style-type: none"> <li>i) the savings target for review of in house provision for which the review work is underway but no firm plans are yet in place to deliver savings or additional income creating a £1m pressure in year;</li> <li>ii) the Council's share of Learning Disability funding held outside of the pooled budget shared with Health. This includes a budget for an additional £2.6m of funding from the NHS as a contribution to LD costs. The work to confirm revised contributions to LD costs is progressing but no changes in funding arrangements will now take place until 25-26;</li> <li>iii) the vacancy factor budget for the Adults, Health and Commissioning Directorate is forecast to over recover by £400k based on vacancies in the first half of the year;</li> <li>iv) priorities around the use of external grant funding have been revisited to reflect latest spend estimates which has released £1,031k of grant monies to contribute to care pressures; and</li> <li>v) £1m of the contingency budget held back awaiting the outcome of inflation awards has now been released; and</li> <li>vi) the staff pay awards have now largely been finalised releasing an underspend of £340k across Adults, Health and Commissioning.</li> </ul>

Note	Commentary vs previous month	Service Area / Budget Line	Net Budget £000	Forecast Outturn Variance £000	Forecast Outturn Variance %	Commentary
2	Updated	Performance & Strategic Development	2,758	300	11%	Current progress on the digital innovation savings strategy suggests that the saving linked to this project will be delayed and will under-deliver in 24-25. Work is ongoing to understand the size of the savings opportunity and some mitigation in year may be possible. This will be reflected as it is identified.
3	Updated	Autism and Adult Support	4,105	-627	-15%	The 24-25 budget for the Autism and Adult Support Service included additional demand funding in recognition of the fact the service has been clearing its substantial waiting list. However, the assessments and reviews completed so far indicate that fewer people on the waiting list will require placements than was originally anticipated. Therefore, the projections for new demand in 24-25 have been revised down by £328k. Additionally, a number of placements have ended since the budget was set in February 2024, delivering a saving of ~£220k. The forecast also assumes a £63k increase in repayments of unused direct payments.
4	Updated	Learning Disabilities	101,429	2,134	2%	Learning Disability service is currently forecasting an overspend of £2.1m. The budget is pooled between the council and the NHS, with shares of 77% and 23% respectively. The service is currently going through the process of dissolving the pooled budget which could cause short term financial pressures. There is significant risk around the savings targets attached to the budget of £2.9m all of which have active workstreams and this is adding an estimated £500k to cost pressures at the current time. Cost pressures are also being shown through increase in complexity of need of current people receiving care over and above that expected, while demand for new people coming into service has also started to increase following a reduction during last year and the beginning part of this year. Pressures within the provider market continue to be seen through some requests for higher than budgeted uplifts, negotiations are being managed with these providers on an individual basis.
5	Updated	Older People's and Physical Disabilities	93,795	-10,490	-11%	Older People's and Physical Disabilities services are forecasting an £10.49m underspend. Demand increased significantly during 2023-24, and this was reflected in the budget set for 2024-25.

Note	Commentary vs previous month	Service Area / Budget Line	Net Budget £000	Forecast Outturn Variance £000	Forecast Outturn Variance %	Commentary
						<p>However, net activity levels are significantly lower than expected for the year to date, especially for care homes and domiciliary care. This is the main component of the reported underspend position. The budget assumes in-year savings delivery of £2.3m. Current progress suggests we will underachieve against this savings target by £850k. There remains uncertainty regarding income from clients contributing to the cost of their care, which increased considerably over the past year. This appears to be continuing in the current year and we are forecasting an underspend of £2.6m. However, uncertainties remain regarding the potential impact of increasing levels of adult social care debt.</p>
6	Existing	Service Director - Commissioning	726	177	24%	<p>Timescales for the delivery of savings linked to the all age locality strategy have been updated in line with current progress. We are forecasting a £177k under-delivery against the savings target in 24-25. Further development of plans is required, based on an independent review being undertaken. Progress will be monitored closely and the forecast updated accordingly.</p>
7	New	Housing Related Support	6,229	-106	-2%	<p>Housing Related Support Services are forecasting an underspend of £106k. £40k of underspend is due to the ending of an historic funding arrangement in relation to HRS at Huntingdonshire travellers' site, as this support is now being delivered by other means. The remainder of the underspend is due to 24-25 contract increases being successfully negotiated below the level that was anticipated when the budget was set, and income from partners increasing in line with contract increases.</p>
8	New	Integrated Community Equipment Service	2,238	-240	-11%	<p>The Integrated Community Equipment Service is forecasting an underspend of £240k. This is largely due to an over-accrual for spend in March 2024, which was lower than estimated.</p>
9	Updated	Mental Health	23,667	2,727	12%	<p>Mental Health services are forecasting an overspend of £2.727m for October. This is being driven by an increasing number of high-cost, complex community-based cases within Adult Mental Health. This includes a significant number of transition cases coming through from Children's. Demand pressures on Older People Mental Health bed-based care have reduced this month, but a residual overspend from higher numbers of placements in the first</p>

Note	Commentary vs previous month	Service Area / Budget Line	Net Budget £000	Forecast Outturn Variance £000	Forecast Outturn Variance %	Commentary
						<p>half of the year remains. There is an additional pressure of £192k following closure of a supported living unit where clients were not able to be supported in similar provision due to complexity of need. The budget assumed £0.5m in-year savings delivery; an expected under-achievement of £386k is reflected in the forecast. There is a forecast overspend of £654k against income from clients contributing to the cost of their care, reflecting the expected impact of increasing levels of adult social care debt.</p>
10	Updated	Public Health Service	-24,129	-248	1%	<p>The reported underspend for the public health service is due to in year vacancies following the recruitment pause during the restructure consultation and further staffing changes as a result of the separation of public health from a shared service. Internal processes have been followed and recruitment for essential roles is underway. The newly appointed Director of Public Health, who takes up post in January 2025, will be reviewing the requirements and structure within the Public Health service.</p> <p>In addition, £96k of the 2024/25 grant uplift is committed in 2025/26 but remains unallocated for 2024/25 on a one off basis.</p>

## Appendix 3 – Capital Position

### 3.1 Capital Expenditure

Original 2024-25 Budget as per Business Plan £000	Committee	Scheme Category	Total Scheme Revised Budget £000	Total Scheme Forecast Variance £000	Revised Budget for 2024-25 £000	Actual Spend (Oct) £000	Forecast Outturn Variance (Oct) £000
10,384	A&H	Independent Living Service: East Cambridgeshire	22,200	-473	500	-	-500
5,070	A&H	Disabled Facilities Grant	55,300	-	5,530	5,060	-
400	A&H	Integrated Community Equipment Service	3,600	-	400	-	-31

<b>14,481</b>		<b>TOTAL</b>	<b>82,040</b>	<b>-473</b>	<b>6,540</b>	<b>5,060</b>	<b>-616</b>

The schemes with significant variances (>£250k) either due to changes in phasing or changes in overall scheme costs can be found below:

Ref	Directorate / Committee	Commentary vs previous month	Scheme	Scheme Budget £m	Budget for 2024-25 £m	Forecast Outturn Variance £m	Cause	Commentary
1	Adults & Health	New	Independent Living Service: East Cambridgeshire	22,200	500	-500	Rephasing	<p>We continue to wait for the NHS to approve the Heads of Terms before considering our next steps in the Ely Independent Living Service project. As there has been no progress in the past months, the planned capital expenditure in 2024-25 will be rephased to 2025-26.</p> <p>Additionally, updated estimates for the construction costs have reduced the total scheme budget by £473k.</p>

### 3.2 Capital Variations Budget

Variation budgets are set annually and reflect an estimate of the average variation experienced across all capital schemes, and reduce the overall borrowing required to finance our capital programme. There are typically delays in some form across the capital programme due to unforeseen events, but we cannot project this for each individual scheme. We therefore budget centrally for some level of delay. Any known delays are budgeted for and reported at scheme level. If forecast underspends are reported, these are offset with a forecast outturn for the variation budget, leading to a balanced outturn overall up to the point when rephasing exceeds this budget.

### 3.3 Capital Funding

<b>Original 2024-25 Funding Allocation as per Business Plan  £000</b>	<b>Source of Funding</b>	<b>Revised Funding for 2024-25  £000</b>	<b>Forecast Spend (Oct)  £000</b>	<b>Forecast Variance (Oct)  £000</b>
