1	OPENING GROSS EXPENDITURE	368,970	383,060	387,618	402,401	419,140		
A/R.1.003	Transferred Function - Independent Living Fund (ILF)	-38	-36	-34	-	-	- The ILF, a central government funded scheme supporting care needs, closed in 2015. Since then the local authority has been responsible for meeting eligible social care needs for former ILF clients. The government has told us that their grant will be based on a 5% reduction in the number of users accessing the service each year.	Adults
A/R.1.004	Improved Better Care Fund (BCF)	1,743	-12,401	-	-	-	- The Improved Better Care Fund is a grant from Central Government for adult social care, to ensure that the health and social care market is not destabilised by pressures on Adult Social Care. The spending plan includes schemes around preventing falls, increasing independence, investment in suitable housing for vulnerable people and enhanced intermediate tier, Reablement and homecare for people leaving hospital. The Better Care Fund includes an element of funding intended to protect Adult Social Care services, as the revenue support grant has decreased and demand continues to increase.	Adults
A/R.1.007	Removal of temporary project worker funding	-45	-	-	-	-	- Removal of one-year funding for post	Adults
A/R.1.013	Change in Public Health grant MOU funded expenditure	10	-	-	-	-	- Child and Adolescent Mental Health trainer service move to Public Health Directorate and Kick Ash service moved into P&C from P&E.	C&YP

2	INFLATION							
A/R.2.001	Centrally funded inflation - Staff pay and employment costs	1,011	865	865	866	866	Forecast pressure from inflation relating to employment costs. On average, 0.6% inflation has been budgeted for, to include inflation on pay of 1%, employer's National Insurance and employer's pension contributions in line with previous years national pay offers. The Local Government Pay offer for 2018-19 includes a minimum 2% increase however, to reflect the effect this has on the Council as a whole this increased pressure is being held centrally ref. C/R.4.010.	Adults, C&YP
A/R.2.002	Centrally funded inflation - Care Providers	895	881	881	881	881	Forecast pressure from inflation relating to care providers. An average of 0.7% uplift would be affordable across Care spending.	Adults, C&YP
A/R.2.003	Centrally funded inflation - Looked After Children (LAC) placements	536	566	570	571	571	Inflation is currently forecast at 2.2%.	Adults, C&YP
A/R.2.004	Centrally funded inflation - Transport	576	384	384	384	384	Forecast pressure for inflation relating to transport. This is estimated at 3%.	Adults, C&YP
A/R.2.005	Centrally funded inflation - Miscellaneous other budgets	149	153	154	154	154	Forecast pressure from inflation relating to miscellaneous other budgets, on average this is calculated at 1.2% increase.	Adults, C&YP

3	DEMOGRAPHY AND DEMAND							
A/R.3.002	Funding for additional Physical Disabilities demand	407	456	470	484	500	Additional funding to ensure we meet the rising level of needs amongst people with physical disabilities. Based on modelling the expected increased number of service users and the increase complexity of existing service users needs we are increasing funding by £430k (3.7%) to ensure we can provide the care that is needed.	Adults
A/R.3.003	Additional funding for Autism and Adult Support demand	87	89	91	92	95	Additional funding to ensure we meet the rising level of needs amongst people with autism and other vulnerable people. It is expected that 17 people will enter this service in 19/20 and so, based on a the anticipated average cost, we are investing an additional £87k to ensure we give them the help they need.	Adults

**Table 3: Revenue - Overview**

Budget Period: 2019-20 to 2023-24

		Detailed Plans		Outline Plans				
Ref	Title	2019-20 £000	2020-21 £000	2021-22 £000	2022-23 £000	2023-24 £000	Description	Committee
A/R.3.004	Additional funding for Learning Disability Partnership (LDP) demand	1,627	1,584	1,543	1,505	1,469	Additional funding to ensure we meet the rising level of needs amongst people with learning disabilities - We need to invest an additional £899k in 2019/20 to provide care for a projected 60 new service users (primarily young people) who outnumber the number of people leaving services. We also need to invest £728k in the increasing needs of existing service users and the higher complexity we are seeing in adults over age 25. The total additional resource we are allocating is therefore £1,627k to ensure we provide the right care for people with learning disabilities.	Adults
A/R.3.005	Funding for Adult Mental Health Demand	38	39	30	35	35	Additional funding for a net increase of 2 full time effect packages for 2019/20 and further increases of 2 full time effect packages for each subsequent year.	Adults
A/R.3.006	Additional funding for Older People demand	2,446	2,761	2,696	3,730	3,707	Additional funding to ensure we meet the increased demand for care amongst older people, providing care at home as well as residential and nursing placements. Population growth in Cambridgeshire and the fact that people are living longer results in steeply increasing numbers of older people requiring care. We estimate that numbers will increase by around 2.7% each year and the current pattern of activity and expenditure is modelled forward to estimate the additional budget requirement for each age group and type of care. Account is then taken of increasing complexity of cases coming through the service. This work has supported the case for additional funding of £2,446k in 2019/20 to ensure we can continue to provide the care for people who need it.	Adults
A/R.3.007	Funding for Older People Mental Health Demand	260	282	305	381	368	Additional funding to ensure we meet the increased demand for care amongst older people with mental health needs, providing care at home as well as residential and nursing placements. The current pattern of activity and expenditure is modelled forward using population forecasts to estimate the additional budget requirement for each age group and type of care. Some account is then taken of increasing complexity of cases coming through the service. This work has supported the case for additional funding of £260k in 2019/20 to ensure we can continue to provide the care for people who need it.	Adults
A/R.3.008	Home to school transport mainstream	179	203	235	259	266	Additional funding required to provide home to schools transport for pupils attending mainstream schools. This additional funding is required due to the anticipated 2% increase in pupils attending Cambridgeshire schools in 2019/20.	C&YP
A/R.3.009	Home to school transport LAC	49	52	54	54	59	Additional funding required to provide home to schools transport for Looked After Children. This additional funding is required due to an anticipated 3.1% increase in the school-aged LAC population in 2019/20.	C&YP
A/R.3.010	Funding for Home to School Special Transport demand	348	362	362	392	407	Additional funding required to provide transport to education provision for children and young people with special educational needs. The additional funding is needed as there are increasing numbers of children with SEN and increasing complexity of need which requires individual or bespoke transport solutions. The cost of transport is also affected by the increasing number of places at Special Schools.	C&YP
A/R.3.011	Funding for rising Looked After Children (LAC) Numbers and need	2,400	2,531	2,645	2,765	2,890	Additional budget required to provide care for children who become looked after. As with many local authorities we have experienced a steady rise in the number of Looked after Children in recent years. Looking ahead, the number of Looked after Children is predicted to increase by around 4% each year and this equates to around 30 more children to care for. The additional investment will ensure we can fully deliver our responsibilities as corporate parents and fund suitable foster, residential or other supported accommodation placements for all children becoming looked after.	C&YP

A/R.3.016	Funding for additional Special Guardianship Orders/Adoption demand costs	421	425	517	628	765	Additional funding required to cover the cost of providing care for looked after children with adoptive parents or with extended family and other suitable guardians. As numbers of children increase we need to invest in adoptive and guardianship placements which provide stable, loving and permanent care for children who come into the care system.	C&YP
A/R.3.017	Funding for additional demand for Community Equipment	64	63	63	60	60	Over the last five years our social work strategy has been successful in supporting a higher proportion of older people and people with disabilities to live at home (rather than requiring residential care). Additional funding is required to maintain the proportion of services users supported to live independently through the provision of community equipment and home adaptations in the context of an increasing population. 4	PRESSURES							
A/R.4.002	Adults & Safeguarding - Fair Cost of Care and Placement Costs	-	1,000	2,000	1,000		- The Care Act says Councils need to make sure the price paid for Adult Social Care reflects the actual costs of providing that care. A strategic investment in the residential sector is envisaged from 2020 onwards. The timing and extent of this will be kept under close review as several factors develop including the impact of the national living wage, local market conditions and the overall availability of resources.	Adults
A/R.4.009	Impact of National Living Wage (NLW) on Contracts	2,561	3,367	3,185	2,324		- As a result of the introduction of the National Living Wage it is expected that the cost of contracts held by CCC with independent and voluntary sector care providers will increase. Our analysis suggests the changes from April 2019 will lead to price increases between 1% and 3.5%, dependent on the cost of providing different types of care.	Adults, C&YP
A/R.4.018	Impact of National Living Wage (NLW) on CCC employee costs	-	151	151	-		- The cost impact of the introduction of the NLW on directly employed CCC staff is minimal, due to a low number of staff being paid below the proposed NLW rates. Traded services whose staff are paid below the NLW will be expected to recover any additional cost through their pricing structure.	Adults, C&YP
A/R.4.022	Dedicated Schools Grant Contribution to Combined Budgets	1,579	-	-	-		- Based on historic levels of spend an element of the Dedicated Schools Grant (DSG) spend is retained centrally and contributes to the overall funding for the LA. Schools Forum is required to approve the spend on an annual basis and following national changes the expectation is that these historic commitments/arrangements will unwind over time. The DfE expect local authorities to reflect this in their annual returns, will monitor historic spend year-on-year and challenge LA's where spend is not reducing. The most recent schools funding consultation document refers to the ability of the LA to recycle money for historic commitments into schools, high needs or early years. This pressure reflects the current anticipated reduction in the contribution to combined budgets. but is subject to change following discussion with Schools Forum.	C&YP
A/R.4.024	Pressures from 18/19 in Adult Social Care	2,000	-	-	-		- Pressures brought forward from 2018/19 due to additional demand on Adults & Safeguarding budgets, particularly Learning Disability Services. These were caused by higher than expected demand on services, and were partially offset in-year on a one-off basis, but need to be permanently addressed to enable Adult Social Care to go through a major transformation programme that will mitigate demand increases over the medium term.	Adults

A/R.4.026	Looked After Children Placements	2,700	-	-	-	-	- A permanent pressure of £2.7m is anticipated for Looked After Children Placements. This is due to: - Savings targets established for Children's Services through the Children's Change Programme of 2017 which were predicated on reductions in demand that have not been achieved - A history of over-optimism in our work with families facing significant challenges, before action was taken and children removed. This has resulted in a larger than expected group of children of primary school age in the LAC population. - The need to ensure that children and young people are not moved from placements where they are settled		C&YP
A/R.4.027	Supervised contact (numbers of children)	235	-35	-	-	-	- Higher than anticipated numbers of children in care have resulted in continuing overspends in directly related budgets, including those associated with supervised contact.		C&YP
A/R.4.028	Independent reviewing officers (numbers of children)	85	-	-85	-	-	- Numbers of children in care remain at around 100 higher than they should be if our performance was in line with the average of our statistical neighbours which has implications for IRO capacity. Independent Reviewing Officers review children's care plans, and have an important role to play in ensuring that these plans are progressed. These higher than anticipated numbers in care have resulted in continuing overspends in the IRO budget.		C&YP
A/R.4.029	New duties - leaving care	390	-	-	-	-	- Pressure resulting from new duties imposed by government including the provision of additional personal advisers.		C&YP
A/R.4.030	Children's services reduced grant income expectation	295	-	-	-	-	- Pressure resulting from the loss of expected grant from the DFE of £295k.		C&YP
A/R.4.031	Education Directorate Pressure	148	-	-	-	-	- The savings plan for the Education directorate has been redesigned following the appointment of a joint Director across Cambridgeshire and Peterborough. Some pre-existing savings are being removed, to be replaced by a new programme delivering greater savings overall.		C&YP
A/R.4.032	Home to School Transport - Special	750	-	-	-	-	- A greater than anticipated increase in the number of pupils with Education, Health and Care Plans (EHCPs) requiring transport to school, especially in the post-19 cohort, has resulted in an ongoing pressure of £750k on the Home to School - Special budget. A/R.6.120	Re-investment in support to family carers reflecting improved uptake	-	100	100	-	-	- This is the reversal, over several years, of a temporary reduction in the Carers budget while work was undertaken to increase activity in this area	Adults
A/R.6.126	Learning Disabilities - Converting Residential Provision to Supported Living	-250	-	-	-	-	- This is an opportunity to de-register a number of residential homes for people with learning disabilities and change the service model to supported living. The people in these services will benefit from a more progressive model of care that promotes greater independence.	Adults
A/R.6.127	Care in Cambridgeshire for People with Learning Disabilities	-250	-	-	-	-	- Work to enable people with learning disabilities who have been placed 'out of county' to move closer to their family by identifying an alternative placement which is closer to home. To be approached on a case by case basis and will involve close work with the family and the person we support. Will also involve ensuring out of county placements are cost effective and are appropriately funded by the NHS.	Adults
A/R.6.128	Better Care Fund - Investing to support social care and ease pressures in the health and care system	-300	7,500	-	-	-	- The Improved Better Care Fund is a grant from Central Government for adult social care, to ensure that the health and social care market is not destabilised by pressures on Adult Social Care. A proportion of the funding will be taken as a saving in order to offset increased cost in social care as a result of demand rising and legislative pressures. The IBCF also provides targeted investment in social care services that will promote better outcomes for patients and social care services. The funding has not been confirmed beyond 2019/20, and so at this stage this remains a temporary saving.	Adults
A/R.6.132	Mental Health Social Work PRISM Integration Project	-200	-	-	-	-	- The introduction of social workers and social care support staffing into the community / primary care health services (PRISM) will deliver improved mental health outcomes for Cambridgeshire residents and reduce demand for services through a focus on prevention, early intervention and strengths-based approach.	Adults
A/R.6.133	Impact of investment in Occupational Therapists	-220	-	-	-	-	- OT involvement in reablement goal-setting and review will improve outcomes at the end of the pathway through achieving greater service user independence at the end of reablement.	Adults
A/R.6.143	Review of Support Functions in Adults	-150	-	-	-	-	- A review of support functions to ensure that capacity is aligned appropriately to the needs of the services supported.	Adults
A/R.6.176	Adults Positive Challenge Programme	-3,800	-3,800	-	-	-	- Through the Adults Positive Challenge Programme, the County Council has set out to design a new service model for Adult Social Care which will continue to improve outcomes whilst also being economically sustainable in the face of the huge pressure on the sector. This work will focus on promoting independence and changing the conversation with staff and service-users to enable people to stay independent for longer, and has already had success in 2018/19 through a fast-forward element of the programme.	Adults
A/R.6.177	Savings through contract reviews	-412	-	-	-	-	- Several contracts have been retendered throughout 17/18 and 18/19 and have delivered efficiencies, which can now be taken as savings. The largest of these was a retender of domiciliary care block car rounds in late 2017/18.	Adults
A/R.6.209	<b>C&amp;P</b> Sharing with other Councils	-500	-	-	-	-	- We are continuing to explore further opportunities to share activities and costs and learn from one another's best practice with other local authorities.	C&P
A/R.6.211	Safer Communities Partnership	-30	-	-	-	-	- A review of the required management and support functions within the team will be undertaken depending on the outcome of funding bids, and could deliver a saving of £30,000 during 2019/20.	C&P
A/R.6.212	Strengthening Communities Service	-30	-	-	-	-	- The deletion of a recently vacant Community Protection Project Officer post. The community led no cold calling zones project, which was coordinated by the previous post holder, has now successfully concluded	C&P

The removal of all capacity within the Youth Offending Service to spot purchase time limited support programmes, tailored to meet individual needs, which may be over and above the core offer. The removal of a part time vacant case holding post, and part time vacant Senior YOS Officer post.	C&YP
A/R.6.214	Youth Support Services	-40	-	-	-	-	- Removal of a staff training budget for Youth Staff (£10k), a reduction in staff capacity and the Community Reach Fund (£30k)	C&YP
A/R.6.252	Total Transport - Home to School Transport (Special)	-110	-	-	-	-	- Saving to be made through re-tendering contracts, route reviews, looking across client groups and managing demand for children requiring transport provision	C&YP
A/R.6.253	Looked After Children (LAC) - Maintaining existing external residential placement numbers	-500	-	-	-	-	- Demographic growth estimates are used to build baseline budgets for demand led areas of provision. Increased numbers of children in care locally and nationally have resulted in a shortage of foster placements that has resulted in a growing number of young people being placed in much higher cost residential placements. This business case describes how we will seek to maintain numbers at current levels, hence requiring a reduced contribution to the placement budget from demography funding.	C&YP
A/R.6.254	Looked After Children (LAC) - Fee negotiation	-200	-	-	-	-	- Negotiation of placements fees with providers.	C&YP

A/R.6.258	Children's home changes (underutilised)	-350	-	-	-	-	- Anticipated savings resulting from the closure of the Victoria Road children's home that is currently underutilised. The budget associated with the residential element of the children's home is £600K per annum. The placement costs of the young people living in the provision until mid-June is in the region of £230K per annum, resulting in a full year saving of around £350K per annum.	C&YP
