1.0 BACKGROUND AND SIGNIFICANT ISSUES

- 1.3 In particular, in reviewing the financial position of Adults Services, members may wish to focus on these sections:
- Section 1 – providing a summary table for the services that are the responsibility of Adults Committee, and setting out the significant financial issues (replicated below)
 - Section 5 – the key activity data for Adults Services provides information around client numbers and unit costs, which are principle drivers of the financial position
 - Appendices 1 & 2 – these set out the detailed financial projection by service, and provide more detailed commentary for services projecting a significant variance from budget.

- 1.4 Across all of People and Communities, the forecast at the end of January is an overspend of £4.2m (1.6%).
- 1.5 The summary position for Adults Services is below, with the previous forecast column being the last FMR that was presented to Committee (November's). This information is also contained in section 1 of the main FMR, with detailed information by service in appendix 1.

Forecast Variance Outturn (Previous)	Directorate	Budget 2019/20	Actual January 2020	Forecast Outturn Variance

1,852	Total	149,241	125,444	2,651

- 1.6 The significant financial issues for Adults Committee are replicated below from section 1.4.1 of the main report:
- 1.6.1 Similar to councils nationally, cost pressures are faced by adult social care. At the end of January, Adults services are forecast to overspend by £2,651k, around 1.6% of budget. This is £33k less than reported in December. Within that, budgets relating to care provision are forecasting a £7.4m overspend, mitigated by around £5m of additional funding.
- 1.6.2 There remains a risk of volatility in care cost projections due to the large volume of care being purchased each month, the continuing focus on reduced delayed discharges from the NHS, ongoing negotiations with providers around the rates paid for care, and the continuing implementation of Mosaic (the new social care recording and payments system).
- 1.6.3 **Older People's and Physical Disability Services** are forecasting an overspend of £6.6m, unchanged from December. The cause of the overspend is predominantly the higher than expected costs of residential and nursing care compared to when budgets were set, in part due to the ongoing focus on discharging people from hospital as quickly as is appropriate. Costs are higher both because of more expensive unit costs and more people receiving care than was expected when budgets were set. A detailed explanation of the pressures due to prior-year activity was provided to Adults Committee and GPC in the first reports of the financial year, and much of the further in-year pressure is due to the trends in price increases continuing. Trends suggesting an increase in demand over the Winter period were reported in December and continue to be factored into projections, reflecting similar experiences in the NHS and in other councils.
- 1.6.4 **The Learning Disability Partnership** is forecast to overspend by £762k, unchanged from December, with the NHS paying a further £227k as part of the pooled budget. This is a relatively static cohort of service users whose needs have been increasing year-on-year in line with experiences nationally. Based on changes over the first half of the year, we expect these increases to exceed the level built into budgets. In particular, the cost of young people transitioning into adults is high, linked to rising cost of services for children with complex needs. Savings delivery within the LDP is on track to overachieve, which provides some mitigation.

- 1.6.5 **Strategic Management – Adults** contains grant and financing mitigations that are partially offsetting care pressures. Government has continued to recognise pressures on the social care system through the Adult Social Care Precept and a number of ringfenced grants. As well as using these grants to make investments into social care to bolster the social care market, reduce demand on health and social care services and mitigate delayed transfers of care, we are able to hold a portion as a contingency against in-year care pressures.
- 1.6.6 **Adults Commissioning** is projected to overspend by £434k, mainly as a result of increased demand on some centrally commissioned preventative and lower-level services, particularly the investment into a large amount of block domiciliary care capacity. In addition, delayed delivery of savings around Housing Related Support is contributing to the overspend.

2.0 SAVINGS TRACKER

- 2.1 The savings tracker is a council-wide process to monitor the delivery of savings agreed in the business plan each year. It is completed quarterly and included in the next FMR. The tracker for People and Communities at the end of Quarter 3 is summarised in section 3 of the main report and appears in full in appendix 4.
- 2.2 The summary position for savings lines relating to Adults Committee is:

Committee	Number of Savings	Total Original Savings £000	Total Forecast Savings £000	Total Variance £000
Adults	9	-6,782	-6,624	158
Adults & CYP	1	-583	-282	301

3.0 ADULTS COMMITTEE – BUDGET LINES
