1.0 BACKGROUND

- 1.1 A Finance & Performance Report for the Public Health Directorate (PH) is produced monthly and the most recent available report is presented to the Committee when it meets.
- 1.2 The report is presented to provide the Committee with the opportunity to comment on the financial and performance position of the services for which the Committee has responsibility.

2.0 MAIN ISSUES IN THE NOVEMBER 2018 FINANCE & PERFORMANCE REPORT

- 2.1 The November 2018 Finance and Performance report is attached at Annex A.
- 2.2 The forecast outturn for the Public Health Directorate is currently an underspend of £459k, which is the same as the previously reported position to the end of October.

Any underspend within the Public Health directorate up to the level of corporate funding allocated on top of the public health grant funding (£391k) will be attributed to corporate reserves at year end.

A balanced budget was set for the Public Health Directorate for 2018/19, incorporating savings as a result of the reduction in Public Health grant. Savings are tracked on a monthly basis, with any significant issues reported to the Health Committee, alongside any other projected under or overspends.

Further detail on the outturn position can be found in Annex A.

- 2.3 The Public Health Service Performance Management Framework for October 2018 is contained within the report. Of the thirty one Health Committee performance indicators, six are red, two are amber, twenty are green and three have no status.
- 2.4 Unspent Public Health Grant Funding is transferred to a ring-fenced Public Health grant reserve at the end of each financial year. Spend from carried forward public health grant is subject to grant conditions. The current reserves balances, and forecast balances as at the end of the 2018/19 financial year, can be found in Annex A, Appendix 5 – Reserve Schedule. It is proposed that a working group is formed from Health Committee members to review the planned expenditure and suggest options for future expenditure.
