# 1. Creating a greener, fairer and more caring Cambridgeshire

- 1.1 The Cambridgeshire Corporate Parenting Strategy aligns towards:
- Ambition 7, Children and young people have opportunities to thrive.
  - Ambition 4: People enjoy healthy, safe and independent lives through timely support that is most suited to their needs
- 1.2 The strategy seeks to provide a plan of how the The Cambridgeshire Corporate Parenting Strategy outlines the council's vision for delivering on five key priorities, which have been co-produced in collaboration with children and young people, elected members, and key stakeholders.

## 2. Background

- 2.1 The Cambridgeshire Corporate Parenting Strategy was published in 2021 which was a 3-year strategy, and it has been recognised as needing substantial revisions to ensure it fully captures the promises made to our children along with the newly created pledges for Care Leavers and clearly outlines the key priorities for improving their outcomes. It is important that the strategy also reflects the Care Leaver protected characteristic adopted by Cambridgeshire County Council, ensuring it is inclusive and forward-looking.
- 2.2 Since December 2023, significant progress has been made to engage children and young people in care, along with care leavers, ensuring their voices were central to the strategy's development. The Young People's Corporate Parenting Meeting, a pre-meeting to the corporate parenting sub-committee, has been revamped to encourage greater participation, which has positively impacted the strategy's progress.
- 2.3 Additionally, considerable collaboration has taken place with key stakeholders to ensure the strategy reflects their perspectives to aid the delivery of the objectives outlined in the strategy. To support the strategy's implementation, the service proposes the creation of a Corporate Parenting Steering Group. This group will aim to regularly meet to drive the agreed priorities and actions, focusing on five key objectives that aim to enhance the care and support for the children and young people under Cambridgeshire County Council's care, aligned with their voices and needs.

## 3. Main Issues

- 3.1 The Cambridgeshire Corporate Parenting Strategy 2025-2030 outlines five key priorities to support children in care and care leavers. These priorities are:
- Children in our care who have experienced our services that we provide have an active role in care planning and contribute to the development of shaping future services.
  - Children and young people are placed in stable homes built with love where they feel a sense of safety and belonging.
  - We will aim to ensure all aspects of health and wellbeing of children in our care are prioritised. We will aim to help our children and young people maintain positive mental health and ensure they receive timely support when needed.

- Children and young people are supported to succeed in education, employment and training in line with their aspirations.
  - Children and young people who have experienced our care are supported to get ready for the world of work and become active members of society. We will ensure that young people are ready to be independent.
- 3.2 These priorities are designed to create a comprehensive support system for children in care and care leavers, ensuring their well-being and success in life.
