Environment and Sustainability Committee minutes of 14th January 2021

50.	Swaffham Prior Community Heat Project- Investment Case	Sheryl French	It was confirmed that the insurances and guarantees were currently under development and once completed would be circulated	Update at July 2021 E&GI Committee: the project was progressing well and that two key contracts have been signed and further contracts would be signed shortly. Update 01.09.21: The JCT design and build contracts for the Energy Centre and Heat Network are signed as are the grant agreements, novation agreements for the Swaffham Prior Community Heat Network Ltd. The O+M contracts are ready for signature, two collateral warranties are in place and a further is being negotiated. These contracts are available for Councillors to view but will not be generally circulated as there are a lot of files, appendices.	Ongoing
		Sheryl French	A suggestion was made by a Member, to instruct officers to engage in a discussion with the Secretary of State for Business, Energy and Industrial Strategy in order to broaden the Agricultural Grant Schemes to include incentives for landowners of suitable land for future energy projects. By including these landowners in the scheme would	To be started.	Ongoing

			reduce the risks to potential future developments		
Environment and Sustainability Committee minutes of 11 March 2021					
59	Schools Low Carbon Heating Investment Case	Chris Parkin	Members requested that similar projects would be presented in a single presentation format to aid decision making	This action is ongoing and will be checked each time a new investment decision is brought to committee Update 01.09.21: This has now been standardised into decision papers.	Complete
60	Civic Hub Solar Carports-Investment Decision. The reference should change to Cambridge EV charge point project	Emily Bolton	Members were notified that installation of electric charge points were underway in Cambridge City. It was requested that officers would update the Committee of the project.	In collaboration with Cambridge City Council, CCC is looking to install 19 7kW with an additional 4 rapid charge points across two areas of the city (Riverside & De Freville). The procurement process is nearing completion. An application to the Office for Zero Emission Vehicles On-street residential charge point scheme has been submitted. Subject to grant funding, installation is planned for the summer / early autumn. The Chair / Vice Chair of Highways and Transport were briefed on the project in March and the briefing note will now be circulated to the new Chairs / Vice Chairs of H&T and E+GI. Update:	Ongoing

				<p>Update 01.09.21: A briefing note was sent to Chair & Vice Chair of both committees on 07.06.21.</p> <p>The Council was successful in its application to the on street residential chargepoint scheme and have been awarded £118,000.</p> <p>The procurement has been completed and BP chargemaster have been awarded the contract to supply, instal, operate and maintain all the chargepoints on a 7+3year basis. We are in the process of finalising contracts. These will be delivered via two mechanisms – i) CCC will own the 7kW chargepoints and have a 50/50 profit share with Chargemaster and ii) the rapids will be owned by Chargemaster and the Council will be “hosting” them,</p> <p>- Installation are targeting completion by the end of the year unless it due to grid connections- there is extensive reinforcement work the UKPN will be carrying out.</p> <p>Letters to local residents will be sent out shortly and will be jointly from ourselves and City Council.</p>

Environment and Green Investment Committee minutes of 1st July 2021

8.	Climate Change and Environment Strategy and the Environment Fund	Andy Preston	There was a question on the environmental credentials of the new Alconbury Weald site, specifically the building specification, transport, etc. It was noted that there had been an excellent presentation to Member recently on this issue, and it was agreed to share this information.	Update required	Ongoing
7.	Low Carbon Lifecycle Heating Replacements at Maintained Schools	Chris Parkin	It was clarified that the £12.5M Environment Fund figures referred to in paragraph 2.6.4 was incorrect, it should read £13.5M, which was made up of £10M remaining Environment Fund, plus £3.5M Public Sector Decarbonisation Scheme. It was confirmed that there was a pipeline for some of the £10M and an estimate could be provided.	Update 01.07.21: Cllr Dupré has requested a briefing on the pipeline and what would be required to decarbonise all maintained schools by 2030. This will be provided for the next Green Investment Advisory Group meeting (week commencing 4 th October, date TBC). We expect to provide a briefing on the pipeline for Council Buildings for the same meeting.	Ongoing
