

Overview of Mind of My Own

Mind of My Own is a web based application which can be accessed via a smartphone, tablet, laptop or desktop computer. The program helps children and young people express themselves and communicate with professionals in their lives making sure they are heard. Both One App and Express are effective direct work tools which can be used by a range of professionals from social workers and teachers to support workers.

The **MOMO One App** is a great way for young people to share their thoughts and send them to those who need to hear from them. The app has a number of options called statements which the young person can choose to use, for example preparing for a meeting, share good news or sort a problem. This version of the app provides prompts in terms of what the young person might want to share, for example: preparing for a meeting there are a number of questions, like who do you want to be there, sit next to or talk about, but there is also room for the young person to expand and provide more of a narrative of their views. The app is available to young people to have their own account or they can access it via their workers account when they have a one to one session. The app is able to assist in guiding or structuring a conversation with a young person. The young person can choose who they want to send their statement to.

The **MOMO Express App** is aimed at younger children or those with additional needs and uses expressive pictures, minimal text and affirming sounds. It has some accessibility features that can be tailored to the needs of the child and it can be used to support education, health or social care planning or review process, including EHC plans. The Express App is designed to be used with a worker.

The Mind of My Own developers have added some additional reporting functions which we have used for the first time for the purposes of this report.

Number of YP accounts – 99			
Number of worker accounts – 367			
	APR 2019	MAY 2019	JUNE 2019
Number of statements per month from YP	4	4	3
Number of statements per month via worker	18	17	10
MOMO Express Statements (younger children) per month (replied to directly)	36	9	16

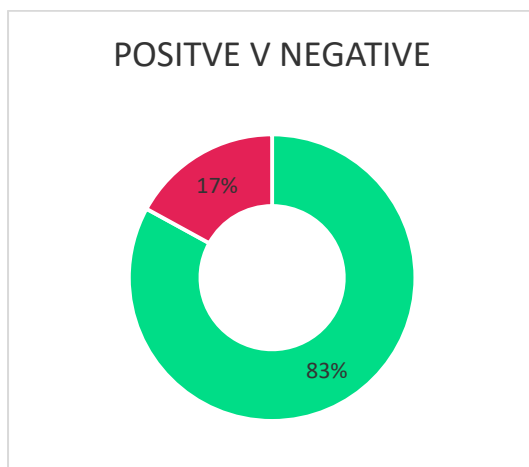

Top 3 subject matters each month MOMO ONE (older children)	55% Foster Care Review 18% Preparation 14% Worker Visit	48% Foster Carer Review 24% Worker Visit 14% Preparation	54% Worker Visit 31% Foster Carer Review 8% Preparation / Pathway
Top 3 subject matters each month MOMO EXPRESS	23% My Education 23% My Life 20% My Day 20% About Me	27% About Me 27% My Life 23% My Education	24% About Me 24% My Life 24% My Education

Mind of My Own Statistics

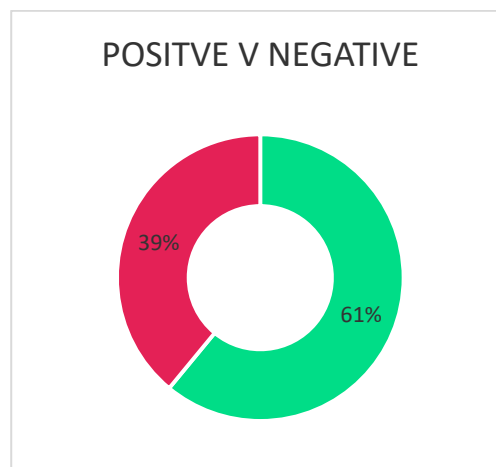

The developers have updated the dashboard which means we can extract information from the statements we receive from children and young people and the following charts are an example of the information we have gathered for the months of April, May and June 2019.

Within the statements received, children and young people are telling us about how positive they feel in general; there was a dip in May as to how positive children were feeling. The graphs on the next page provide a breakdown of their feelings.

April 2019

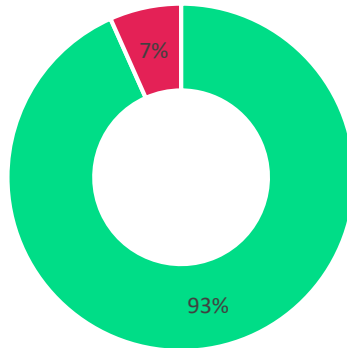

May 2019

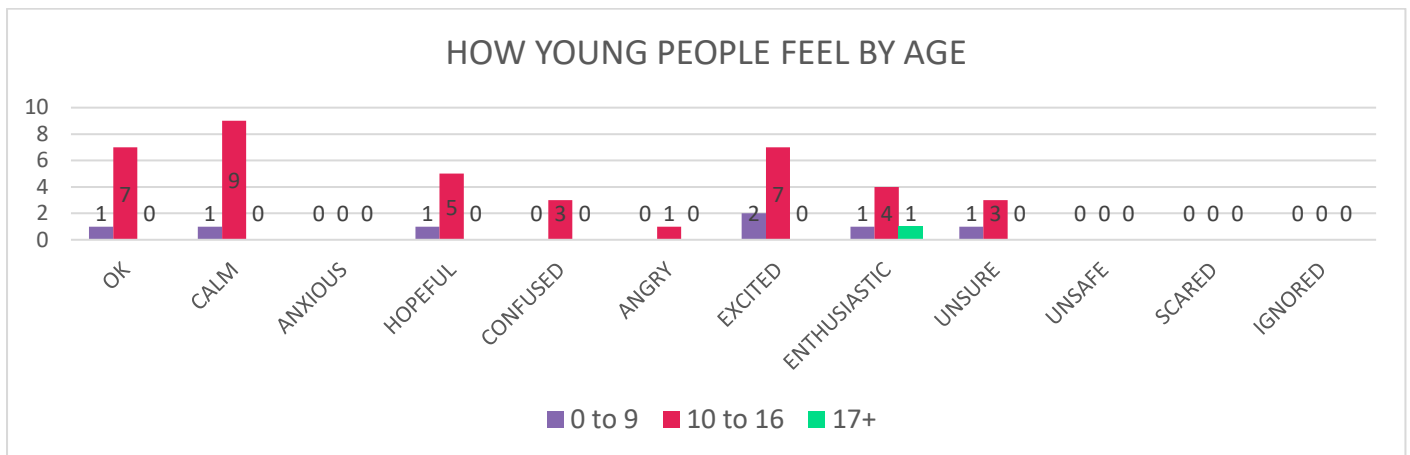

June 2019

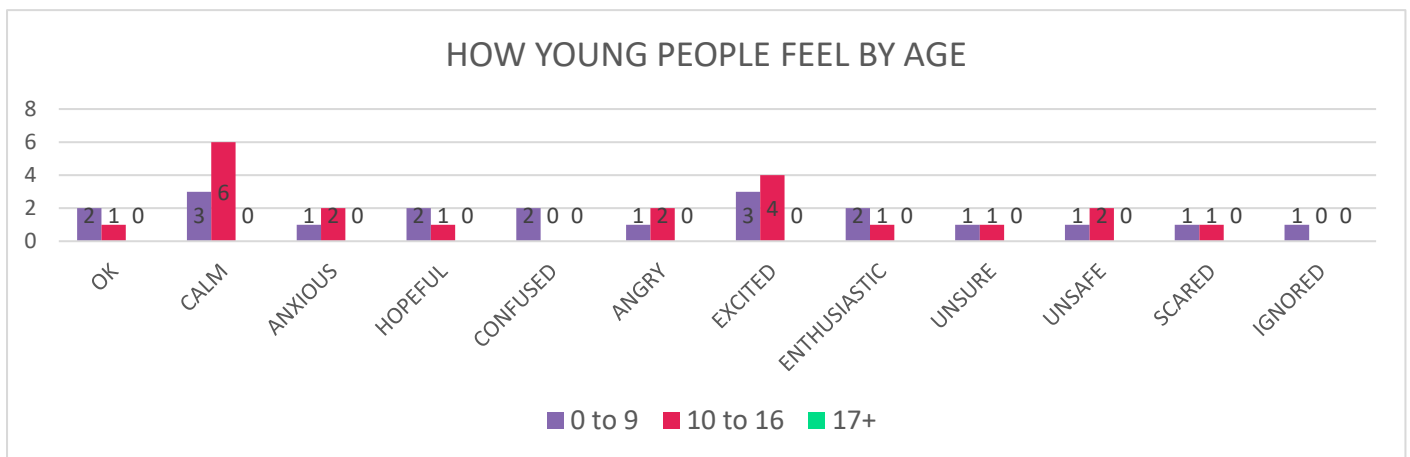

POSITIVE V NEGATIVE

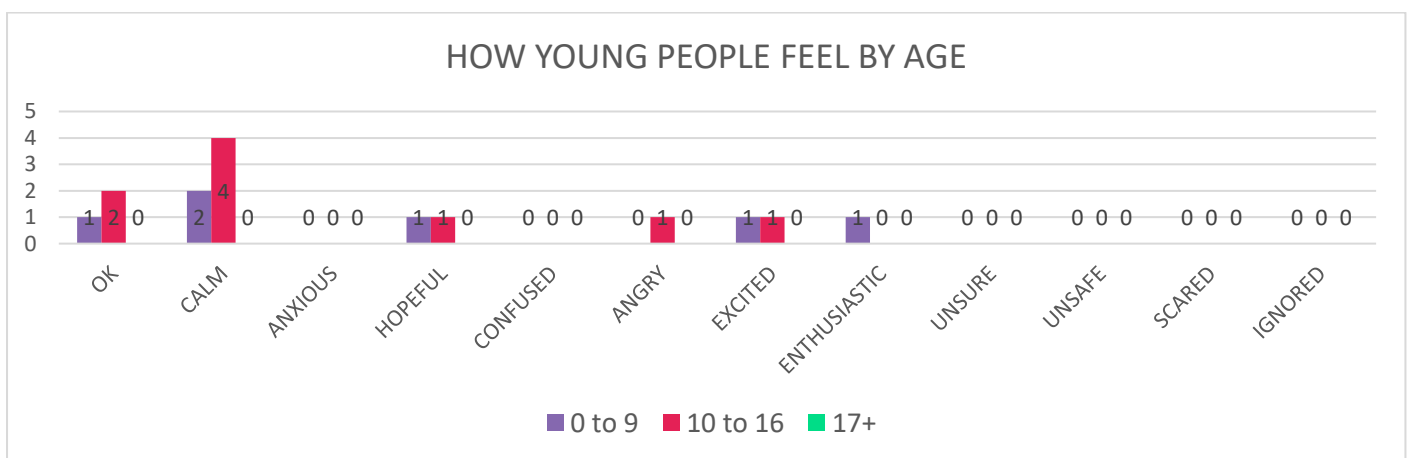

April 2019

May 2019

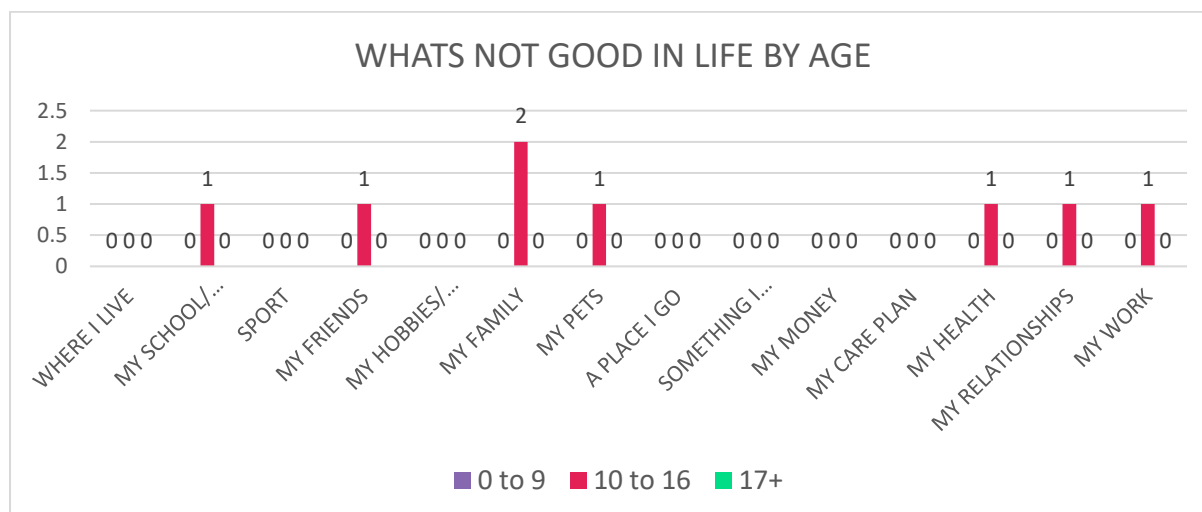

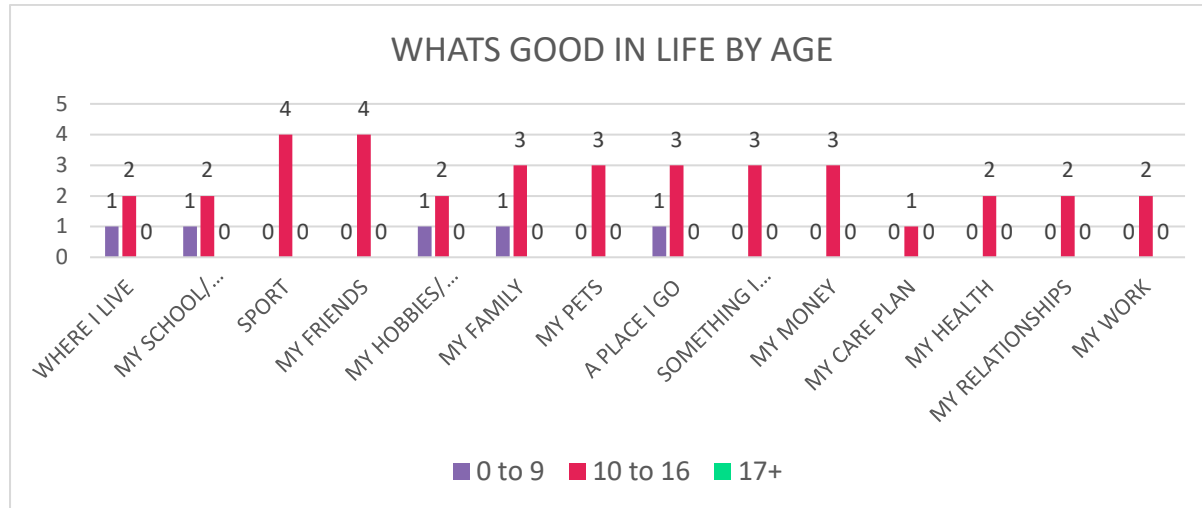

June 2019

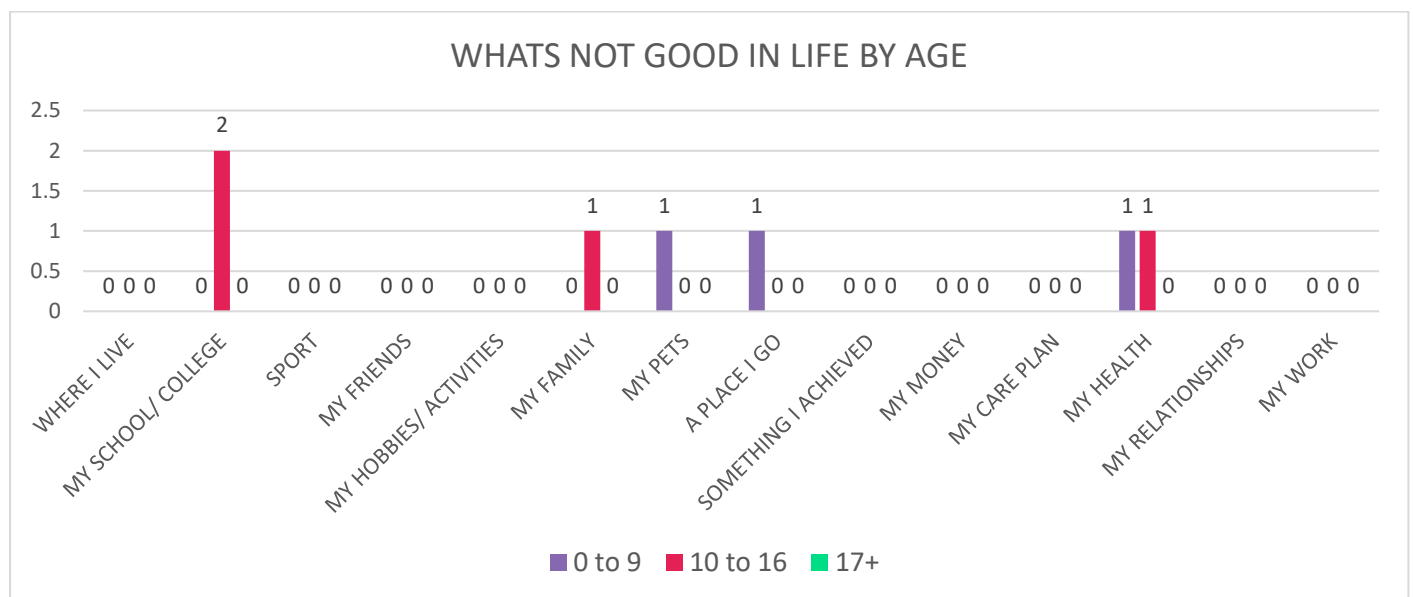

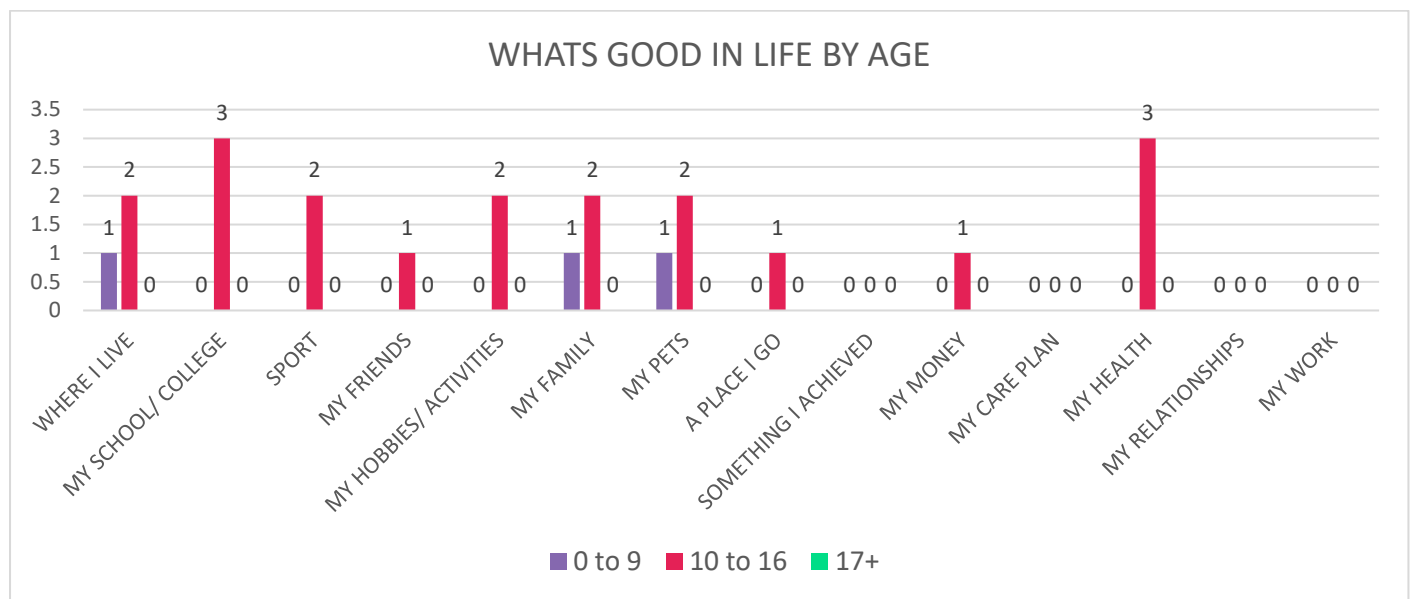

The graphs below highlight what is going well for children and young people according to their age and what isn't so great for them.

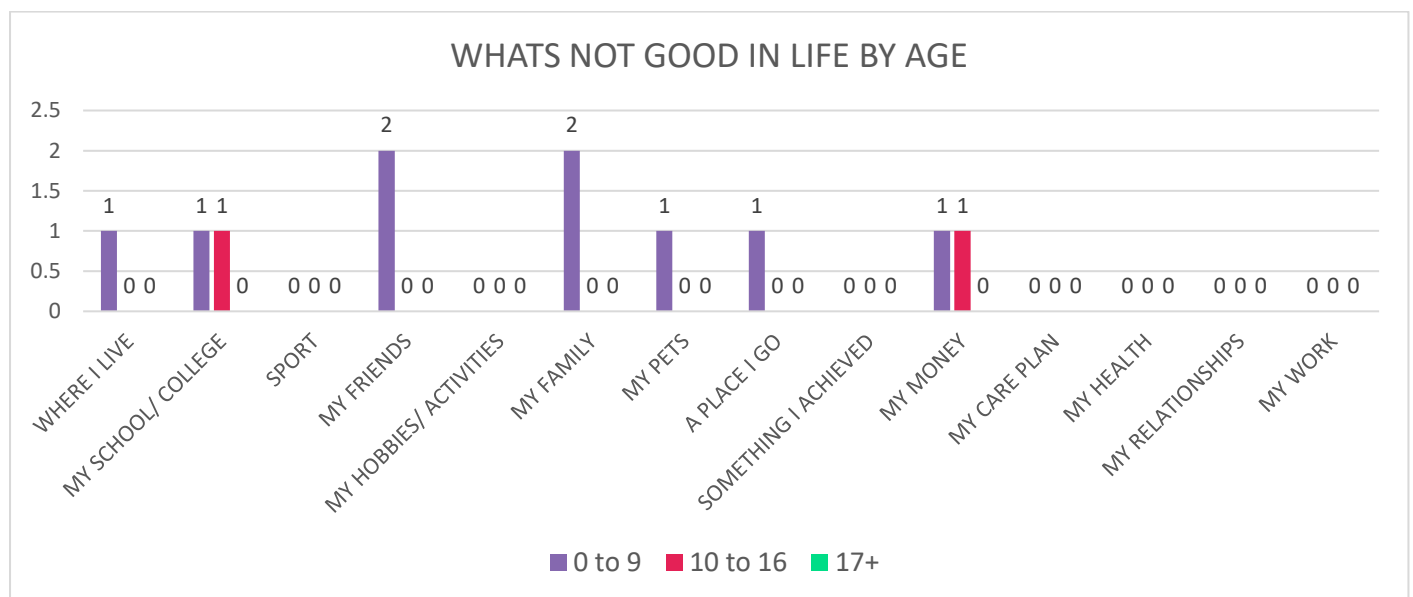

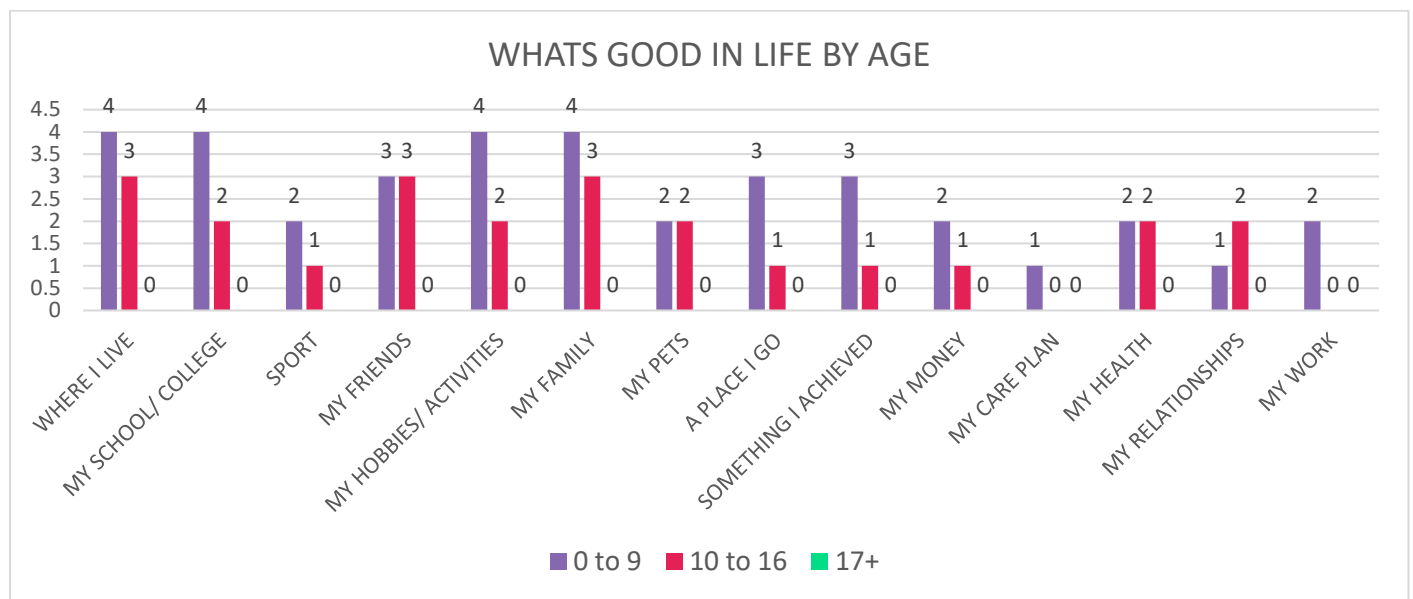

April 2019

May 2019

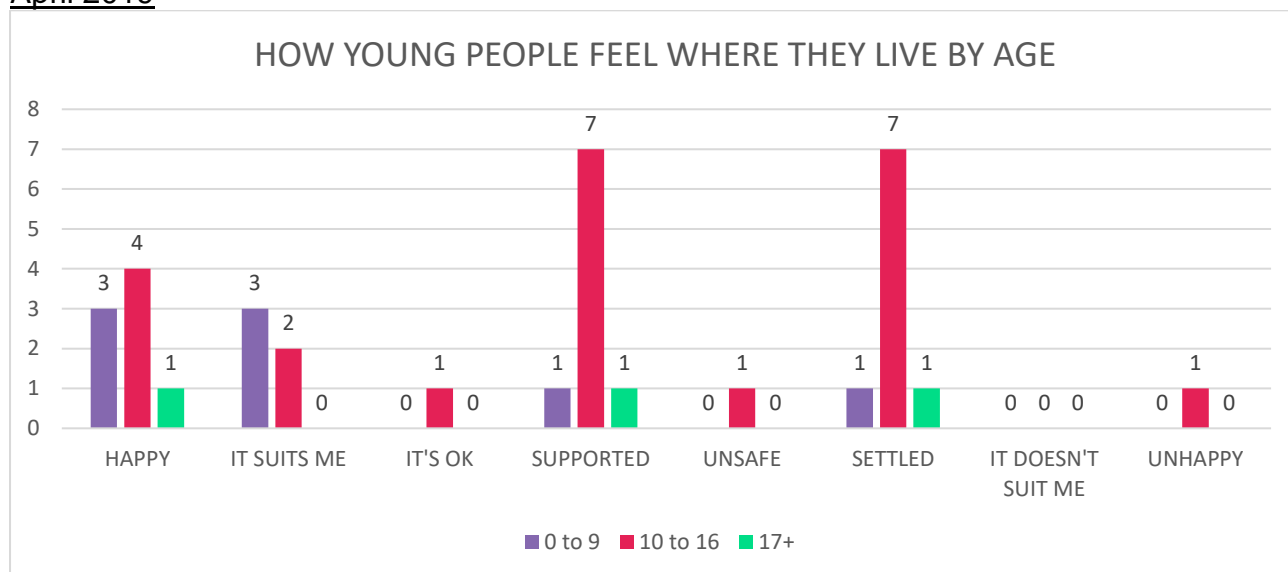

June 2019

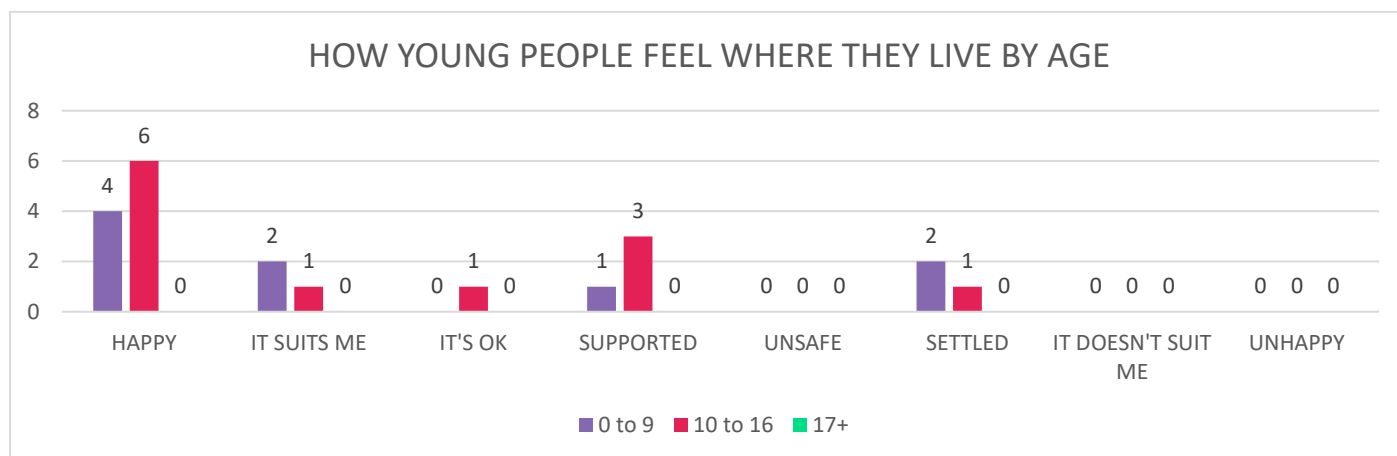

How do you feel about where you live?
