Foreword

A message from our children and young people to their Corporate Parents

Dear Corporate Parents

We're all born as children, so we believe we should be treated as equal to others who aren't in care. We're all just children with the simple ambition to live a normal life. We deserve the opportunities to reach our potential and become the independent and successful young adults we know we can be.

The future will look different for all of us, and we'll need support tailored to our individual needs. We want you to be ambitious with us and not limit our potential. Even when we're doing well, you should be aiming for the absolute best for us, not just in education, but in anything that we enjoy, whether that's sports, social activities, other hobbies and in all areas of our lives.

Children in Care

Dear Corporate Parents

We'll need extra support to develop the required skills to live independently and have long term financial stability, but we know that with a clear plan for the future, the right guidance and a shared ambition, this is more than achievable.

Care Leavers

Foreword

A message from Councillor Bryony Goodliffe, Chair of Children and Young People Committee

We commit as corporate parents to support our children in care to ensure that they can have experiences and opportunities while living in caring, safe homes just as other young people do.

We take our responsibility as corporate parents seriously and this does not stop for us once adulthood is reached. We commit to support all those in Cambridgeshire who had experience in care.

To assist them to reach their potential in employment, relationships, leisure. We are ambitious for all our young people and care leavers and want to support them to reach their ambitions and celebrate their accomplishments.

A message from Councillor Anna Bradnam, Chair of Corporate Parenting Sub Committee.

Here in Cambridgeshire our children, young people and families are at the heart of everything we do. We want you to feel safe and secure, to thrive and aim high. We will encourage you to learn the skills you need to move into employment and live a happy and independent life. We will provide the stability, love and care you need to achieve your ambitions. We are proud of you and will celebrate your achievements. We promise to listen to you, to acknowledge how you feel and support you.

This Corporate Parenting Strategy explains our commitments to you, your family and to those who work with you while you develop into independence.

This Strategy is for you, and we will always welcome and listen to any feedback you have about this document or our services. We commit to improving the service so that you and your family and those who care for you have all the support they need. We want our children and young people to feel safe and cared-for, from childhood to adulthood.

Foreword

A message from our Executive Director, Martin Purbrick

One of Cambridgeshire County Councils ambitions is for “children and young people to have opportunities to thrive”.

An important measure of this ambition will be in how well the County Council can support the children, young people and families facing greatest challenges in their childhood, and how well we care for the children and young people we look after and those who have left that care to start their adult lives.

Cambridgeshire is a widely diverse County with beautiful countryside and large towns and cities. It has huge resources through the businesses, services, communities and voluntary organisations across the area. We should be able to provide the very best care and opportunities to the children who have been disadvantaged or experienced trauma early in their lives.

We want to ensure that outcomes for children in our care whether that is in education, in health, in work and in their wellbeing are just as good as their peers. Working to reduce these inequalities is a priority and providing good quality care that is designed to meet the individual needs of each of the children we care for will provide them with a solid platform to learn, grow and be independent.

This strategy will support the children in our care or are care experienced and ensure that as corporate parents, we support them all to achieve the best possible outcomes in life.

Introduction – Our strategy

A warm welcome to the Cambridgeshire Corporate Parenting Strategy 2025-2030

Corporate parenting is about everyone – elected members, council colleagues, and partner agencies – working together to provide the best support and protection for children in care. In Cambridgeshire County Council, the Corporate Parenting Sub-Committee brings everyone with Corporate Parenting responsibilities together, creating a welcoming space for our children, foster carers, and care leavers. Here, they can openly discuss and influence the entire range of services available to children and young people.

This strategy outlines our priorities for supporting our children in care and care leavers and establishes a framework that holds the council and their partners accountable for their promises and pledges. The Corporate Parenting Sub-Committee will diligently monitor our delivery against our strategy. Members will actively listen to young people and aim to ensure their happiness, health, access to quality education, and opportunities for training and employment. Additionally, it aims to ensure they have a home to go to when the time comes to live independently.

Our relational approach involves direct and routine engagement with children, their carers, and social workers, encouraging them to share experiences. This enables us to better understand the challenges they face and adapt services to meet their needs. Young people regularly provide feedback through statutory reviews, the Young Inspectors report, and the Children in Care Council/Voice.

Children’s experiences always form the core of our approach in Cambridgeshire County Council, with the strategy's foundations set in consultation with our children and young people. Our priorities directly respond to The Cambridgeshire Promise, a list of commitments co-developed and endorsed by young people and endorsed by the Corporate Parenting Sub-Committee. We have further improved this by introducing our Pledges to care leavers.

In Cambridgeshire we care for our diverse group of children as corporate parents. We are committed to supporting each one of them in reaching their full potential, in line with their individual aspirations and goals. Every effort is made to ensure they have opportunities and encouragement they need to succeed. We are proud to have such a diverse group of children in our care and actively encourage everyone to feel confident and proud of who they are. Regardless of circumstances or characteristics, all our children and young people will receive the support they need to make every success of their lives.

At Cambridgeshire County Council, we understand that each child and young person has a unique history and vision for the future. This strategy seeks to ensure that their vision becomes a reality. Every child must be supported to reach their full potential, with no one left behind.

We will take bold and innovative steps to ensure that carers who are privileged to parent our children have the right training, support, knowledge, and skills that our children need and deserve to reach their full potential and beyond.

The Corporate Parenting Principles

In 2017 the Children and Social Work Act introduced a set of Corporate Parenting Principles for our children in care and care leavers up to the age of 25 that underpin everything we do and are referenced below.

Act in the best interests and promote the physical and mental health and well-being, of our children and young people.

Encourage our children and young people to express their views, wishes and feelings.

Consider the views, wishes and feelings of our children and young people.

Help our children and young people gain access to, and make the best use of, services provided by the local authority and its relevant partners.

Promote high aspirations, and seek to secure the best outcomes, for our children and young people.

Be safe, have stability in their home lives, relationships and education or work.

Prepare our children and young people for adulthood and independent living.

Our approach

Cambridgeshire County Council's overarching approach will include:

- **Prevention and Early Intervention** – we strive to prioritise prevention and early intervention to support children and families, giving them every opportunity to stay together. If care becomes necessary, we will explore options for children to live within the wider family and friends' networks whenever possible.
- **Children and young people's voices** – the voices of children and young people will support to shape our service design, delivery, and evaluation, including democratic decision-making processes.
- **Family first** – wherever safe and possible, children and young people should live with their families. We will ensure that only those who genuinely need to be in care are placed in our care.
- **Corporate Parenting shared responsibility** – we will always strive to ensure good outcomes for children in care and care leavers is a responsibility shared by the entire Cambridgeshire County Council and its partners.

- **Permanence and belonging** – we will aim to secure permanence and a sense of belonging for children, supporting, and strengthening the relationships that matter to them and helping them stay connected to those they love throughout their childhood and into adulthood.
- **Support for independence** – we will aim to ensure that children from the age of 14 years are supported to develop their life skills to prepare for adulthood.

Governance structure and accountability

The Corporate Parenting Sub-Committee provides strategic oversight and direction to enhance the wellbeing and outcomes of children under the care of Cambridgeshire County Council, as well as those who were formerly in care. The Sub Committee comprises elected member who are advised by key service leaders, representatives from various service providers including council officers and stakeholders from broader public services.

The primary role of the Governance Structure is to exercise leadership in advocating for the unique needs of children and young people who are currently or were previously looked after by the local authority. This involves collaboration with elected members, council officers, representatives from partner agencies, and direct engagement with children and young people.

The Governance Structure is committed to overseeing the activities of specific services, ensuring a unified, corporate approach across various council departments and agencies. The aim is to optimise resources and support for looked-after children, facilitating their access to a broad spectrum of services and maximising their potential for successful outcomes.

To achieve this, all our work must be...

We are committed to understanding the impact of trauma and building consistent and trusted relationships with children, young people, and families.
- **Strengths orientated**
We identify the strengths of children, young people and families and build on them to create positive change.
- **Outcome focused**
We do whatever it takes to achieve the best outcome for children, young people, and families.
- **Whole family**
We think about family in the widest sense in all the work we do.
- **Systemic approach**
We work in partnership with both internal and external partners to get the right support for children, young people, and families at the right time.

Care leavers – Protected Characteristics

The Protected Characteristics motion, which was passed in Cambridgeshire in May 2023, ensures that people who are care experienced are protected and considered, across all services provided by that local authority.

This is already required by law for other groups who face potential discrimination because of their age, ethnicity, disability, or gender.

We appreciate the importance of this motion and will exercise our duties to ensure that our care leavers are treated with fairness. Our Corporate Parenting Steering Group will help drive this agenda as a whole council approach.

Taking the strategy forward

The relationship between our priorities, the Corporate Parenting Sub-Committee, partners and local businesses, and the voices of our young people will support successful outcomes for our most vulnerable children and young people.

Each year, the Corporate Parenting Sub-Committee will review various reports and updates to gain insight into the support given to our looked after children and young people.

They will analyse the reports based on the stated priorities, ensuring that Cambridgeshire's services are offering the best possible support for children and young people. Any specific areas requiring additional attention will be highlighted, always keeping the experiences of children and young people at the forefront of this process.
