## 1.0 BACKGROUND

- 1.1 The revised Finance Monitoring Report will be at all scheduled substantive Committee meetings (but not reserve dates) to provide the Committee with the opportunity to comment on the financial position of the services for which the Committee has responsibility.
- 1.2 This report is for the whole of the People and Communities (P&C) Service, and as such, not all of the budgets contained within it are the responsibility of this Committee. Members are requested to restrict their attention to the budget lines for which this Committee is responsible, which are detailed in Appendix A, whilst the table below provides a summary of the budget totals relating to the Children and Young People (CYP) Committee:

Forecast Variance Outturn (Previous)	Directorate	Budget 2019/20	Actual October 2019	Forecast Outturn Variance
£000		£000	£000	£000
650	Children's Commissioning	25,858	13,288	650
0	Communities & Safety - Youth Offending Service	2,163	965	0
0	Communities & Safety - Central Integrated Youth Support Services	1,399	599	0

<b>8,700</b>	<b>Total Expenditure</b>	<b>184,433</b>	<b>103,710</b>	<b>10,400</b>
-7,000	Grant Funding (including Dedicated Schools Grant etc.)	-77,448	-49,504	-8,500
<b>1,700</b>	<b>Total</b>	<b>106,986</b>	<b>54,206</b>	<b>1,900</b>

**Please note:** Strategic Management – Commissioning covers all of P&C and is therefore not included in the table above.

## 1.3 Financial Context

As previously discussed at CYP Committee the major savings agenda continues with £99.2m of savings required across the Council between 2017 and 2022.

Although significant savings have been made across the directorate the service continues to face demand pressures.

Despite a decrease in the numbers of children in care they still remain above budgeted levels. Significant work is underway to reduce high cost placements, however the placement market is saturated, with independent fostering agency (IFA) providers having limited vacancies which results in children going into higher cost residential placements. However, there has been a net increase in, in-house fostering placements which is contributing towards planned savings.

The continuing increase in the number of pupils with special educational needs and disabilities (SEND) and the overall complexity of need has resulted in significant pressures on both the

High Needs Block element of the Dedicated Schools Grant (DSG) and core Local Authority budget. Work is ongoing with key stakeholders, including Schools Forum, to reduce costs and deliver a recovery plan for the current deficit.

As previously reported, in 2018/19 we saw a total DSG overspend across SEND services of £8.7m which, combined with underspends on other DSG budgets, led to a deficit of £7.2m carried forward into 2019/20. Given the ongoing increase in numbers of pupils with education, health and care plans (EHCPs) the latest forecast is an in-year overspend in the region of £8.5m-£9m. The SEND Recovery Board is developing a number of work streams to mitigate pressures and reduce costs wherever possible. Although this is a ring-fenced grant and as such overspends do not currently affect the Council's bottom line, there is an imperative to reduce the overall cumulative deficit and ensure High Needs spend is sustainable on an ongoing basis.

## 2.0 MAIN ISSUES IN THE OCTOBER 2019 P&C FINANCE MONITORING REPORT

2.1 The October 2019 Finance Monitoring report is attached at Appendix B. Sections which do not apply to CYP Committee have been shaded in grey. At the end of October the P&C forecast overspend has a revised position of £3,466k. This includes additional budget allocations as agreed by the General Purposes Committee (GPC) in July 2019.

### 2.2 Revenue

Within Education, Home to School Transport – Special is forecasting a revised overspend of £500k, an increase of £200k from last month. We are continuing to see significant increases in pupils with Education Health Care Plans (EHCPs) and those attending special schools, leading to a corresponding increase in transport costs.

The revised forecast on DSG funded High Needs Block has increase to £8.5m, previously £7m. As noted above this is a ring-fenced grant and as such overspends do not currently affect the Council's bottom line.

As a result of these changes the core funded budgets relating to Children's and Education services have a revised forecast overspend of £1.9m.

The table below identifies the key areas of over and underspends within CYP alongside potential mitigating actions:

<p><b>Children in Care Placements</b></p> <p>Forecast year-end variance: <b>+£650k</b></p>	<p>The key reasons for the overspend in this area is:</p> <ul style="list-style-type: none"> <li>Recent activity in relation to gang related crime has resulted in additional costs and high cost secure placements being required [at an average weekly cost of £7000.00 per child].</li> <li>16 unaccompanied asylum seekers became Looked After in the last two months.</li> <li>An increase in the number of Children in Care in external placements [+20%] against a projected reduction. In real terms, as at 31 Aug 2019 we have a +6 number of children in external placements compared to 31 March 2019.</li> <li>The foster placement capacity both in house and externally is overwhelmed by demand both locally and nationally. The real danger going forward is that the absence of appropriate fostering provision by default, leads to children and young people's care plans needing to change to residential services provision.</li> </ul>
--	--

	<p>Mitigating actions include:</p> <ul style="list-style-type: none"> <li>• Monthly Placement Mix and Care Numbers meeting chaired by the Service Director and attended by senior managers. This meeting focuses on activity aimed at reducing the numbers in care, length of care episodes and reduction in the need for externally commissioned provision.</li> <li>• Reconstitution of panels to ensure greater scrutiny and supportive challenge.</li> <li>• Introduction of twice weekly conference calls per Group Manager on placement activity followed by an Escalation Call each Thursday chaired by the Head of Service for Commissioning, and attended by each of the CSC Heads of Service as appropriate, Fostering Leads and Access to Resources.</li> <li>• Authorisation processes in place for any escalation in resource requests.</li> <li>• Assistant Director authorisation for any residential placement request.</li> </ul>
<p><b>Children in Care</b></p> <p>Forecast year-end variance: <b>+£350k</b></p>	<p>The key reasons for the overspend in this area are:</p> <ul style="list-style-type: none"> <li>• The unaccompanied asylum seeking children (UASC) budget is forecasting a pressure of £200k. This is mainly in the over 18 budget due to the increased number of children turning 18 and acquiring care leaver status.</li> <li>• The costs associated with supporting both these groups of young people are not fully covered by the grants from the Home Office and DfE respectively.</li> <li>• The Supervised Contact budget is forecasting a pressure of £150k. The over spend is due to the use of additional relief staff and external agencies required to cover the current Supervised Contact Cases.</li> </ul> <p>Mitigating actions include:</p> <ul style="list-style-type: none"> <li>• Continuing review of UASC placements resulting in young people being moved as appropriate to provisions that are more financially viable in expectation of a status decision.</li> <li>• Reviewing young people who are appeal rights exhausted. These reviews are likely to see a drop in accommodation spending as CCC discharge their duty to these young people in line with our statutory responsibilities under the immigration act.</li> <li>• Review of all staying put costs for young people in external placements to ensure that financial packages of support are needs led and compliant with CCC policy.</li> <li>• Review of Supervised Contact demand criteria across the cohort of Young People the service supports to include the review all of the cases that have completed proceedings to consider whether contact needs to continue to be supervised, if it does, does it need to be this service.</li> </ul>
<p><b>Legal Proceedings</b></p> <p>Forecast year-end variance: <b>+£400k</b></p>	<p>The key reason for the overspend in this area is:</p> <ul style="list-style-type: none"> <li>• Numbers of care proceedings per month increased by 72% for the period Feb to Apr 19 compared to the preceding 10 months.</li> </ul> <p>Mitigating actions include:</p> <ul style="list-style-type: none"> <li>• Work is ongoing to manage care proceedings and CP Plans and better track the cases through the system to avoid additional costs due to delay.</li> </ul>

<p><b>High Needs DSG Funding</b></p> <p>Forecast year-end variance: <b>+£8,500k</b></p> <p><b>DSG Funded</b></p>	<p>The key reason for the overspends in this area are:</p> <ul style="list-style-type: none"> <li>• <b>Funding to Special Schools and Units - £3.5m</b> - As the number of children and young people with an EHCP increase, along with the complexity of need, we see additional demand for places at Special Schools and High Needs Units. The extent of this is such that a significant number of spot places have been agreed and the majority of our Special Schools are now full.</li> <li>• <b>High Needs Top Up Funding - £2.5m</b> -As well as the overall increases in EHCP numbers creating a pressure on the Top-Up budget, the number of young people with EHCPs in Post-16 Further Education is continuing to increase significantly as a result of the provisions laid out in the 2014 Children and Families Act. This element of provision is causing the majority of the forecast overspend on the High Needs Top-Up budget.</li> <li>• <b>Out of School Tuition - £2.0m</b> - There has been a continuing increase in the number of children with an Education Health and Care Plan (EHCP) who are awaiting a permanent school placement.</li> <li>• <b>SEN Placements - £0.5m</b> - A pressure of £500k is now being forecast on SEN Placements due to an increase in the number of Cambridgeshire pupils being educated out of county.</li> </ul> <p>Mitigating actions include:</p> <ul style="list-style-type: none"> <li>• A SEND Project Recovery team has been set-up to oversee and drive the delivery of the SEND recovery plan to address the current pressure on the High Needs Block.</li> </ul>
<p><b>Home to School Transport - Special</b></p> <p>Forecast year-end variance: <b>+£500k</b></p>	<p>The key reasons for the overspend in this area are:</p> <ul style="list-style-type: none"> <li>• Continuing increases in pupils with Education Health Care Plans (EHCPs) and those attending special schools, leading to a corresponding increase in transport costs. Between April 2018 and March 2019 there was an 11% increase in both pupils with EHCPs and pupils attending special schools, which is a higher level of growth than in previous years.</li> <li>• Increase in complexity of need resulting in assessments being made by the child/young person's Statutory Assessment Case Work Officer that they require individual transport, and, in many cases, a passenger assistant to accompany them.</li> </ul> <p>Mitigating actions include:</p> <ul style="list-style-type: none"> <li>• An ongoing review of processes in the Social Education Transport and SEND teams with a view to reducing costs</li> <li>• An earlier than usual tender process for routes starting in September to try and ensure that best value for money is achieved</li> <li>• Implementation of an Independent Travel Training programme to allow more students to travel to school and college independently.</li> </ul>

## 2.4 Capital

- 2.4.1 The Capital Programme Board recommended that services include a variation budgets to account for likely slippage in the capital programme, as it is sometimes difficult to allocate this to individual schemes in advance. The allocation for P&C's negative budget has been

calculated as below, updated for the transfer of Cultural and Community Services. Slippage and underspends expected in 2019/20 are currently resulting in £5.93m of the capital variations budget being utilised.

2019/20					
Service	Capital Programme Variations Budget £000	Forecast Outturn Variance (Oct 2019) £000	Capital Programme Variations Budget Used £000	Capital Programme Variations Budget Used %	Revised Outturn Variance (Oct 2019) £000
P&C	-13,399	-5,933	5,933	44.2%	0
<b>Total Spending</b>	-13,399	-5,933	5,933	44.2%	0

- 2.4.2 **Abington Wood SEN Scheme:** £335k is requested in 2019/20 for the Abington Woods SEND scheme. This project is to purchase existing school buildings on the Abington Woods site, and repurpose them for use as a school for children with SEND needs. The acquisition will release places at the Granta Special School for additional younger children and safeguard the attendance locally of young people who might otherwise need provision with independent providers. Members are requested to recommend to GPC that an increase in budget of this amount is agreed, to be funded through prudential borrowing.

### 3.0 2019-20 SAVINGS TRACKER

- 3.1 As previously reported the “tracker” report – a tool for summarising delivery of savings – will be made available for Members three times per year. The latest savings tracker for 2019-20 contains savings of £10.8m within P&C, of which approximately £3.4m relate to budgets for which this Committee is responsible.
