1.0 BACKGROUND

- 1.1 A Finance & Performance Report for the Children, Families and Adults Directorates (CFA) is produced monthly and the most recent available report is presented to the Committee when it meets.
- 1.2 The report is presented to provide the Committee with the opportunity to comment on the financial and performance position of the services for which the Committee has responsibility.
- 1.3 This report is for the whole of the CFA Service, and as such, not all of the budgets contained within it are the responsibility of this Committee. Members are requested to restrict their attention to the budget lines for which this Committee is responsible, which are detailed in Appendix 2.
- 1.4 **Financial context**
The Council planned to save £38,294k in 2016/17, and is on course to achieve close to this with a Council-wide overspend forecast of £1.8m at the end of November.

As previously discussed at CYP Committee the major savings agenda continues with £99.2m of savings required across the Council between 2017 and 2022.

2.0 MAIN ISSUES IN THE NOVEMBER 2016 CFA FINANCE & PERFORMANCE REPORT

- 2.1 The November 2016 Finance and Performance report is attached at Appendix 1. At the end of November, CFA forecast an overspend of £1,969k. This is a slight improvement from the previous month when the forecast overspend was £2,012k.
- 2.2 **Revenue**

The main changes to the revenue forecast variances within CYP Committees areas of responsibility since the previous report are as follows:

- In Children's Social Care, the overspend on the Adoption Allowances budget has increased by £100k. The forecast review of Special Guardianship Orders (SGO) is taking longer to implement than planned and as a result full year savings will not be achieved.
- In Children's Social Care, the legal proceedings budget is reporting an increased overspend of £300k, up £100k since October 2016. The number of care proceedings continues to increase, in line with national trend, resulting in significant additional costs.
- In Children's Social Care, the Looked After Children's reported forecast overspend has increased by £500k, to £3,500k due to increased numbers of Looked After Children (LAC) with complex needs who require purchased placements until the end of the year.
- In Strategy and Commissioning, the Special Educational Needs (SEN) Placements budget is now reporting a forecast overspend of £700k. This budget is funded from the High Needs Block (HNB) element of the Dedicated Schools Grant (DSG) and as such will be met from DSG carry-forward to be applied in-year.

- In Strategy and Commissioning, Strategic Management a forecast overspend of £202k has been reported due to Business Support savings not being fully achieved.
- In Enhanced and Preventative a number of additional smaller underspends totaling £111k are now being reported resulting in a revised forecast underspend of £216k for the service.

2.3 The table below identifies the key areas of over and underspends within CYP alongside potential mitigating actions (non-DSG services only):

Children's Social Care (CSC)	<p>Excluding Looked After Children the current forecast overspend on CSC totals £2,292k and is a result of:</p> <ul style="list-style-type: none"> • Staffing above establishment to meet increasing demand and statutory responsibilities. • Additional costs of agency staff required to meet demand. • Increasing legal costs reflecting the rising number of care proceedings. <p>The mitigations in place to address this include:</p> <ul style="list-style-type: none"> • Review of use of agency staff. • The implementation of the Children's Change Programme (CCP) will address the structural staffing issues and is also expected to reduce exposure to legal costs.
Looked After Children (LAC)	<p>The forecast overspend on LAC is currently £3,500k due to:</p> <ul style="list-style-type: none"> • Underlying pressure carried forward from 2015/16 • The continuing rise of children in care and those requiring high cost placements. <p>The mitigations in place to address this include:</p> <ul style="list-style-type: none"> • A weekly Section 20 panel to review children on the edge of care, specifically looking to prevent escalation by providing timely and effective interventions.
Home to School Transport – Special	<p>The forecast underspend on Home to School Transport Special is currently £180k due to:</p> <ul style="list-style-type: none"> • Savings on the retendering of contracts under the Council's Dynamic Purchasing System • Fewer mid-year route additions than originally budgeted.
Schools Partnership Service	<p>There is a £196k underspend forecast in the Schools Partnership Service due to:</p> <ul style="list-style-type: none"> • a review of Education Support for Looked After Children (ESLAC) funding which has meant it has been possible to substitute grant funding in-year to create an underspend against the base budget.
Home to School Transport - Mainstream	<p>The forecast underspend on Home to School Transport Mainstream is currently £225k due to:</p> <ul style="list-style-type: none"> • Policy changes to Post-16 support implemented from September 2016. • Savings on the retendering of contracts under the Council's Dynamic Purchasing System • Changes to contracts to more closely match the actual number of pupils requiring seats.

2.4 Capital

The Capital Programme Board previously recommended that services include a variation budget to account for likely slippage in the capital programme. As forecast underspends start to be reported, these are offset against the variation budget, resulting in a balanced outturn up until the point where slippage exceeds the budget set aside. The allocation for CFA's budget adjustments has been calculated as per the table below, show against the slippage forecast to date:

2016/17					
Service	Capital Programme Variations Budget £000	Forecast Variance - Outturn (Nov) £000	Capital Programme Variations Budget Used £000	Capital Programme Variations Budget Used %	Revised Forecast Variance - Outturn (Nov) £000
CFA	-10,282	-4,448	5,834	56.7%	-
Total Spending	-10,282	-4,448	5,834	56.7%	-

2.5 Performance

Of the twenty-one CFA service performance indicators seven are shown as green, six as amber and eight are red.

Of the Children and Young People Performance Indicators, four are green, four are amber and five are red. The five red performance indicators are:

1. Number of children with a Child Protection Plan per 10,000 population under 18
2. The number of looked after children per 10,000 children;
3. The proportion of pupils attending Cambridgeshire Secondary Schools judged good or outstanding by Ofsted;
4. The FSM/Non-FSM attainment gap % achieving level 4+ in reading, writing and maths at Key Stage 2.
5. The FSM/Non-FSM attainment gap % achieving 5+ A*-C including English and maths at GCSE.

2.6 CFA Portfolio
