1.	BACKGROUND
1.1	Cambridgeshire County Council (CCC), Peterborough City Council (PCC) and Cambridgeshire and Peterborough Clinical Commissioning Group (C&P CCG) are jointly commissioning a Mental Health Recovery and Community Inclusion Service for Adults with mental health needs that would benefit from a range of interventions in a community setting. The service will enable people to develop the skills and resources needed to gain independence, build resilience and enhance coping skills
1.2	A procurement process was undertaken between March and July 2018 and 7 bids were received and evaluated in response to the tender opportunity.
	An award recommendation was made to Adults Committee on the 19 th of July 2018, which was approved and a subsequent Intention to Award notice was issued to the successful provider.
2.	MAIN ISSUES
Ζ.	MAIN 1550E5
2.1	Following the intention to award notice further feedback was requested by an unsuccessful bidder within the process. This was supplied by LGSS Procurement. Further correspondence followed with the bidder noting their intention to challenge the Contract Award decision.
2.2	A formal legal challenge to the outcome of the Contract Award was received on the 31 st of July 2018. The standstill period between the Intention to Award Notice and Contract Award was extended in order for the challenge to be considered in more detail.
2.3	LGSS Law, LGSS Procurement and Cambridgeshire County Council Officers in consultation with its commissioning partners (the Cambridgeshire and Peterborough CCG and Peterborough City Council) considered the content of the challenge and concluded that it would be in the best interests of the Council to abandon the tender process. The legal challenge was withdrawn and disposed of giving the Council the opportunity to re-run the procurement exercise.
2.4	A formal notice of the abandonment of the tender was issued to all parties who had expressed an interest via Pro-Contract on 22 nd August 2018.
2.5	All commissioning authorities (Cambridgeshire County Council, Peterborough City Council and Cambridgeshire and Peterborough CCG) are satisfied that the service specification to be procured will still fulfil the needs of Cambridgeshire residents, will meet long term demand and provide effective preventative services for people with mental health needs. In light of this, the recommendation is that the tender process is re-run with a different evaluation format to reduce, as far as possible, any further challenge.
2.6	It is recommended that the tender process is re-issued to the market in November 2018 with an anticipated contract start date of 1 st July 2019.
