1. Background

- 1.1 The appendix attached provides the financial position for the whole of Place & Economy Services, and as such, not all of the budgets contained within it are the responsibility of this Committee. To aid Member reading of the report, budget lines that relate to the Highways and Transport Committee are unshaded and those that relate to the Environment and Sustainability Committee are shaded in Appendix 1. Members are requested to restrict their questions to the lines for which this Committee is responsible.

2. Main Issues

- 2.1 Revenue: The report attached as Appendix A is the Place & Economy Finance Monitoring Report for 2020/21 as at the end of November 2020. Place and Economy as a whole is forecasting a bottom-line revenue overspend of £2.8m, which is a reduction of £0.5m since last month. This reduction is mainly due to the loss of parking enforcement income being less than originally assumed (reduction of £228K) and forecast waste tonnage has reduced (£123K).
- 2.2 £4.6m of the forecast pressure is attributable to the impacts of Covid-19. The majority of these pressures are for the loss of income which is used to fund existing services. These pressures and the assumptions on the recovery profile of income are being closely monitored and regularly reviewed. The next Finance Monitoring Report will reflect the government's contribution to the loss of income due to the impact Covid, and so the forecast overspend will reduce.
- 2.3 Capital: There are no issues to report.

3. Alignment with corporate priorities
