1.	Dr Seb Falk Incoming Chair of Governors, St Philip's Primary School, Cambridge	<p>Item 7: Review of draft revenue and capital business planning proposals for 2023-28</p> <p>As incoming Chair of Governors of St Philip's Primary School, Cambridge, I would like to speak about the review of funding for the Section 106-funded building project (paragraph 7.1.2). I would like to explain the school's need for this development, its justification in the local demographic context, and the damage its cancellation would do to the lives of the children in our school.</p>
2.	Mark Woods CEO, Meridian Trust	<p>Item 6: Alconbury Weald Secondary School Project</p> <p>Meridian Trust - Sawtry Village College.</p> <p>We have concerns about the potential impact of the recommendations. The paper does not consider the impact on existing schools, either locally or across the county. The lack of consultation risks assumptions being presented to members as facts. Opportunities to work collaboratively to establish potential risks for local schools have been missed. The use of data to support the conclusions is questionable.</p>
