

Environment and Green Investment Committee Minutes - Action log (includes outstanding actions from the Environment and Sustainability Committee)

This is the updated action log as at 2nd December 2021 and captures the actions arising from the most recent Environment and Green Investment Committee meetings and updates Members on the progress on compliance in delivering the necessary actions.

Environment and Sustainability Committee minutes of 14th January 2021					
50.	Swaffham Prior Community Heat Project- Investment Case	Sheryl French	A suggestion was made by a Member, to instruct officers to engage in a discussion with the Secretary of State for Business, Energy and Industrial Strategy in order to broaden the Agricultural Grant Schemes to include incentives for landowners of suitable land for future energy projects. By including these landowners in the scheme would reduce the risks to potential future developments	Update to be provided at Committee meeting.	Ongoing
Environment and Sustainability Committee minutes of 11 March 2021					
60	Civic Hub Solar Carports- Investment Decision/ Cambridge EV charge point project	Emily Bolton	Members were notified that installation of electric charge points were underway in Cambridge City. It was requested that officers would update the Committee of the project.	In collaboration with Cambridge City Council, CCC is looking to install 19 7kW with an additional 4 rapid charge points across two areas of the city (Riverside & De Freville). The procurement process is nearing completion. An application to the Office for Zero Emission Vehicles On-street residential charge point	Ongoing

				<p>scheme has been submitted. Subject to grant funding, installation is planned for the summer / early autumn.</p> <p>The Chair/Vice Chair of Highways and Transport were briefed on the project in March and the briefing note will now be circulated to the new C/ VCs of H&T and E+GI.</p> <p><i>Update 01.09.21: A briefing note was sent to Chair & Vice Chair of both committees on 07.06.21.</i></p> <p><i>The Council was successful in its application to the on street residential chargepoint scheme and have been awarded £118K. The procurement has been completed and BP chargemaster have been awarded the contract to supply, instal, operate and maintain all the chargepoints on a 7+3year basis. We are in the process of finalising contracts. These will be delivered via two mechanisms – i) CCC will own the 7kW chargepoints and have a 50/50 profit share with Chargemaster and ii) the rapids will be owned by Chargemaster and the Council will be “hosting” them,</i></p> <p><i>- Installation are targeting completion by the end of the year unless it due to grid connections- there is extensive reinforcement work the UKPN will be carrying out.</i></p>

				<p><i>Letters to local residents will be sent out shortly and will be jointly from ourselves and City Council.</i></p> <p>An update will go to committee on 16th December 2021.</p>	
<p>Environment and Green Investment Committee minutes of 1st July 2021</p>					
7.	Low Carbon Lifecycle Heating Replacements at Maintained Schools	Chris Parkin	<p>It was clarified that the £12.5M Environment Fund figures referred to in paragraph 2.6.4 was incorrect, it should read £13.5M, which was made up of £10M remaining Environment Fund, plus £3.5M Public Sector Decarbonisation Scheme. It was confirmed that there was a pipeline for some of the £10M and an estimate could be provided.</p>	<p>Update 01.07.21: Cllr Dupré has requested a briefing on the pipeline and what would be required to decarbonise all maintained schools by 2030. This is awaiting a forward look of works from Education Capital's school Condition Surveys and will be provided for the Green Investment Advisory Group meeting in December. We expect to provide a briefing on the pipeline for Council Buildings for the same meeting.</p>	Ongoing
<p>Environment and Green Investment Committee minutes of 16th November 2021</p>					
27.	Cambridgeshire Flood Risk Management Strategy	Hilary Ellis	<p>A Member suggested that a section should be added to the Strategy about ongoing responsibilities for management of ditches, as responsibilities were often unclear.</p>	<p>The additional text has been drafted and circulated. The public consultation commenced on 29 November.</p>	Completed
