

Local Practice Groups across Cambridgeshire, East Cambridgeshire and Fenland invite you to the launch of the Barnardo's Domestic Violence Risk Identification Matrix (DVRIM)

The DVRIM includes a system of threshold scales, identifying risk factors and potential vulnerabilities, which enables professionals to; analyse the risks to children from domestic violence and safeguard children who experience domestic violence. This is a multi-agency risk assessment tool for:

- Assisting practitioners to identify the risks to children from Domestic Violence
- Supporting decisions as to whether a case presents as a need of a 'safeguarding response' or family support

The DVRIM training at the Local Practice Groups will be facilitated by; the Barnardo's DVRIM Champions and are representatives of Barnardo's, health, social care, localities, workforce development, police and education

Date	Venue	Time
15 July 2014	Histon Football Club	9.30 – 12.30
